Democrats and Republicans Alika Bejoice Over the Wittedrawal of the County Democracy-Democratic Gerrymander in New Jersey to be Mude on Issue by the Remiblicans Campaign Notes.

New York, Oct. 28 .- The "general apathy" of which the campaign manazers of both parties have been complainng seems to have had an nonsually depressing effect on the bookmakers and others who generally put up their money on the result of a national election.

Until within the last two days practically no bets had been made. The big sporting men like Appleby & Johnson, Dick" Moche, the tures Mahoneys, "Butch" Thompson and "Pat" Sheedy, mys merry all been holding back until the registration of in-day and to-morrow should be in and they would be able to raw comparisons with the figures of revious years.

At the Turi Exchange it was said year

Frank Huntoon of the Hoffman House Frank Hinton of the Homma House Club on Wednesday wanted to bet \$10,-000 to \$15,000 that Harrison would be directed. It is said that "Ed" Stokes of the Hoffman House was likely to take Huntoon. "Billy" Edwards said yesterday, however, that he knew nothing about the bet. At the club rooms it is said that Huntoon is absent, but it was intimated that he was still looking for a taker of his \$10,000.

the general result the quotation is now even money, while on the result in New York State \$100 to \$70 is about the figure. No betting is being done on other States, although Billy Edwards said yesterday that he had heard a Democratic lawyer offer \$1,000 to \$700 that Indian world or its classified and Steven.

A well known Republican politician had promised to take the bet, but, so far as Edwards knew, the money had not

### BOTH SIDES PLEASED.

County Democracy's Withdrawal Tickles Democrats and Kepublicans.

NEW YORK, Oct. 28.-The events of the past few days have wrought a remarkable change in the political couditions of this State, and have upset many calculations, which, a week ago, were considered reliable. The withdrawal of the County Democracy ticket in this city. has complicated matters considerably.

Assembly districts, which, by reason of a third ticket, were likely to elect Republican Assemblymen, are now thought to be surely Democratic, while, on the other hand, it is freely predicted that the withdrawal of the independent vote will lessen Cleveland's majority in this city.

Chairman Hackett at the Republican headquarters, pointed to the statement on the part of one of the County Democracy leaders, that the withdrawar of the ticket would lose Cleveland and Stevenson 15,000 votes in this city, as a proaf that the action of the County Democracy would belo the Republicans.

"They may talk," he added, "about Demoratic unity, and say that the withdrawal was due to a desire to bring about that result, but the truth is that it was caused by Tammany's intolerance of any other Democratic organization in New York."

He declared that the result will be such soreness among the rank and file of the

County Democratic party that they will either vote the Republican ticket or stay away from the polis altogether. At the Democratic National Beadquar-ters this view of the case was fidiculed. It was said that the expressed desire of the National Committee that Tammany's local ticket be not interfered with had much to do with the withdrawal of the County Demogracy from the local field.
The managers at headquarters said that
the withdrawal will precluie any possibility of trading for Republican votes.
At Tammany Hall the general opinion

is that the County Democracy will be heard from very little hereafter

# DISTRICTS SLICED AND CARVED.

New Jersey Republicans Making an Issue

CAMDEN, N. J., Oct. 28.-The Repub licans of New Jersey claim that the Dem ocratic gerrymander will be a boomerang in this campaign, and say that not only has the State been gerrymandered so that the occasional election of a Republican House of Assembly will be a matter of impossibility, but the Congressional districts have been cut and carved to insure the election of six of the eight Congressmen to whom the State is entitled

This fact has stirred up feeling all over the State and will be one of the principal issues. The State League of Republican Clubs, who have assumed the duty of educating the people of the State, have made it one of their principal sun-jects of discussion. They have had prepared two illuminated maps showing the change of the lines both in the Assembly

and Congressional districts. The prottiest piece of carving on the Congressional map is that of the new

The Republicana claim that it is this scheme to prevent the people from selecting their representatives in the State and national halls of legislation that has aroused the independent voters of the State.

Kz-Gov. Hoyt Dying. Withersmanne, Pa., Oct. 28 - Ex-Gov. Royt is dying at his home in this city. "BLAINE IS ALL WRONG."

So Says Paymoster Sullivan, Regarding Beliefing Sea Matters.

Washingross, Oct. 28 .- The recent alleged remarks of Paymaster John Clyds Bullivan of the U. S. S. Mobiesa have been called to the attention of officials of the State, Navy and Interior Depart ments, and it is probable that a court martial will result from them. Paymuster Sullivan, who has been on duty with his ship in Behring Sea suppressing seal posching, is reported to have said in an interview published in Seattle, Wash.:

"We haven't the sindow of a right to declare Behring Sea a closed sea, and we will be knocked out entirely by the International Commission. I have read everything I could get my hands on upon the subject, and am something of a law-yer as well as a sailor, and I believe Blaine's contention is all wrong, and the United States will pay double for the work we have been doing in Bearing Ben.

This remark has been taken up by the British Columbian papers, and has been brought to the attention of the State and Navy Departments. Sullivan also offended the In-

Mr.

terior Department by the following alleged remarks about the government of Alaska: "That country should be a regular "That country should be a regular

In others the goods have been removed from the show windows and replaced with mourning emblems and devices of various kinds, while crope and white rosettes are displayed on many of the private residences along the streets over which the funeral procession is to move to the commery.
