Magnificent Trains Run Over the Pennsylvania System.

One of the most important and successful features in connection with the dedicatory exercises of the World's Fair grounds, and one which fully illustrates the wonderful progress which our country has made within the last half century, was the movement made by the Pennsylvania Railroad Company of the cabinet officers, the supreme court justices, and the diplomatic corps from Washington to this city and back. It required three special trains to perform this function, and Vice President Frank Thomson, to whom the credit of the achievement is due, made requisition on the Pullman Palace Car Company for the finest equipment which these famous car builders could produce. The result was a triple section train such as has never glided over the rails in any country. A crew of twenty-five persons, including stewards, cooks, waiters, porters, maids, electricians and machinists, in addition to the usual quota of trainmen, was required to insure proper service. The outfit resembled in a somewhat lessened degree the personal equipment of an ocean greyhound, of which the trains were a duplicate on land.

These trains were provided and tendered for the use of the distinguished guests of Chicago by Vice President Thomson. They were run from Washington to Chicago as sections of the regular "Chicago Limited," of which they were duplicates, and they conformed to the regular schedule of that train. With the thorough organization of the Pennsylvania Railroad Company and its splendid system they came through the entire distance on the special schedule time, arranged for them, without accident or delay of any kind, and this in the face of an extraordinarily increased passenger traffic. The great line is in such excellent physical condition, so well protected by the safeguards of modern invention, and so perfectly managed by a corps of men who have been educated and trained under the eyes of its high officials, that a movement of this kind, extraordinary as it may appear to the public, was effected without interfering in any manner with the routine of every day traffic.

It is safe to say that while no other country in the world would be able to move the entire organization of its government a distance of one thousand miles, so there is no other railroad company which could grapple with such a problem and solve it with the ease, to the persons in interest and the credit to itself that has distinguished this achievement of the Pennsylvania Railroad. It reflects the utmost credit on Vice President Thomson, who planned and his associates, who executed the brilliant feat of railroad transportation, and holds out a bright promise of equally successful work when the resources of this line will be drawn upon next year to the hosts who will visit the world's greatest fair.—Chicago Herald.

- To send an alarm open the box, pull down the hook once and let go. When an alarm is sent in the fire bell will sound the number of the box and repeat the alarm four times.
- HOW TO LOCATE ALARMS.
- If the alarm is sounded from box 15 the fire bell will strike one, then pause and strike five which will indicate that the fire is in the vicinity of No. 15 box. Every alarm is repeated four times.

The Place to Go.

Shenandoah people visiting the county seat (surnamed Pottsville) all call in the Academy Restaurant. Either J. F. Cooney, the proprietor, greets you with a smile, or his genial brother, M. A. Cooney, welcomes you. It is the resort for all gentlemen from north of the mountain.

A single trial of Dr. Henry Baxter's Mandrake Bitters will convince any one troubled with constiveness, torpid liver or any kindred disease of their curative properties. They only cost 25 cents per bottle.

"Joe" To-night.

This evening J. L. Tempest's great sensational drama, "Joe," will be produced at the Palace Theatre, Girardville, by Jennie Tempest and the Honest Robe Stock Company. The play is not new in this section, but it has been greatly improved and is much stronger and better than upon any previous production. This production will be made with 8,000 feet of new scenery depicting many beautiful and thrilling scenes, among them the ship burning on the Delaware, Hudson river by moonlight and a great storm scene. Mr. Tempest's company has been strengthened to meet all the improvements of the play and the production will be a magnificent one. Special music will be rendered by the Becker Bros.' superb orchestra.

A Common Sense Remedy.

In the matter of remedies what you want is something that will do its work while you continue to do yours—a remedy that will give you no inconvenience nor interfere with your business. Such a remedy is Alcock's Porous Plasters. These plasters are not an experiment; they have been in use for over thirty years, and their value has been attested by the highest medical authorities, as well as by testimonials from those who have used them. They require no change of diet and are not affected by wet or cold. Their action does not interfere with labor or business; you can toil and yet be cured while hard at work. They are so pure that the youngest, the oldest, the most delicate person of either sex can use them with great benefit. Beware of imitations, and do not be deceived by misrepresentations. Ask for Alcock's, and let no solicitation or explanation induce you to accept a substitute.

In Olden Times

People overlooked the importance of permanent beneficial effects and were satisfied with transient action, but now that it is generally known that Syrup of Figs will permanently cure habitual constipation, well-informed people will not buy other laxatives, which act for a time, but finally injure the system.

AGAIN AT HIS WORK.

President Harrison Attacks With Vigor the Masses of Accumulated Business.

WASHINGTON, Nov. 1.—The President was at his desk at the White House again at his usual hour in the morning and attacked with vigor the immense mass of business that had accumulated during his enforced absence.

His only caller was Attorney-General Miller. The result of the Attorney-General's interview was that the President granted pardons to Amanda Jones, convicted of making a false voucher in a pension case and sentenced April 7, to three months' imprisonment in Buchanan County Jail (Mo.) and to pay a fine of \$300; and to Walker Deavers, convicted of perjury in a pension case and sentenced April 11, 1892, to thirteen months hard labor in Sioux Falls penitentiary, North Dakota.

The last named convict is over eighty years of age.
