SPECULATION REGARDING THE NEXT UNITED STATES SENATE.

Farmers' Atlinuce Repe to Hold the Halnors of Power-Federal Officers and What They Are to Do at the Polls-Democrats and Republicans Manifesting the Greatest Coulidence Both in Regard to the General Result and the Outcome In Doubtful States.

NEW YORK, Nov. 7.-The Legislatures of twenty-two States, whose members will be chosen to morrow, will have the selection of successors to fourteen Repub lican and eight Democratic United States Senators, whose terms expire on March 3, 1893.

The Republican Senators whose terms expire then are: Felton, Cal.; Hawley, Conn; Dawes, Mass.; Stockbridge, Mich.; Davis, Minn.; Sanders, Mont.; Paddock, Neb.; Stewart, Nev.; Hiscock, N. V.; Casey, N. D.; Quay, Pa.; Allen, Wash.; Sawyer, Wis.; Warren, Wyo.

The Democrats are: Gray, Del.; Pasco Fla.; Turple, Ind.; Cockrell, Mo.; Blod-gert, N. J.; Bate, Tenn.; Faulkner, W. a.; Mills, Texas.

Of the Republican Senators whose terms expire, Hawley, Stockbridge, Paddock, Stewart, Hiscock, Allen, and Sawyer represent States which are claimed by both

Of the Democratic Senators, Gray, Turple and Faulkner are from States similarly situated,
The expectations of the Farmer's Alli-

ance, if they are well founded, place the seats of several other Senators in Jeopardy and the complexion of the next Senate may undergo a considerable change as a result of to-morrow's election. The Republicans look to retaining the Senate, whatever the presidential result may be. The Democrate are planning to largues their representation in the upper House; and the Farmers' Alliance are scheming to secure the balance of power.
The Democrats claim that they will

elect legislatures which will return Demo-crats in place of all Democratic Senators whose terms expire and also in in place of the Republican incumbent in New York, Connecticut, Michigan and Wisconsin, and the Farmers Alliance expect to capture Senstorships in Nevads, Ne-

braska and Washington.
This would mean a loss to the Republicans of seven United States Senators, and would make the upper House stand. Democrats, 45; Republicans, 40; Farmers' Alliance, 5.
This would practically give the Farm-

ers' Alliance the balance of power in the Senate, as they could, by voting with the Democrats, give them a working majority, or, by working with the Republicans, give them a majority of one. The Republican leaders, however, do

not concede the loss of any of the seven Schniorships. They admit that these States will be close, so far as the legislative vote is concerned, but claim that their chance of winning in these States is better than that of the Democrats. They are confident of the result in Con-necticut, Nebraska, Michigan and Wisconsin, and they are reaching out in other States after the Demogratic Senator-

ships.

This is particularly true of Delaware and West Virginia. In the former State Senator Higgins is confident of the election of a Republican colleague in

place of Senator Gray. In West Virginia Stephen B. Elkins has made a personal canvass, upon which he predicts the election of a Republican Legislature, as well as of the Harrison electors. This would result in a Repub-lican stepping into the shoes of Senstor The Republicans are also alldent of gaining a Senatorship in Indiana.

The Republicans admit that the Farmers' Alliance will gain the Nevada Senatorship, but say they are chasing rain-bows when they claim Nebraska, Wash-ington, Wyoming and Montana.

Taken slingether, there will be some lively figuring on the status of the three parties in the Senate when the votes are counted.

IN CONNECTICUT.

Both Sides Equally Confident of Carrying the State.

New Haven, Conn., Nov. 7 .- Both sides are confident of capturing Connecticut's six electoral votes, and both sides admit that the result will be close, Chairman Henry E. Bentou, of the Republican State Committee, after a careful review of the situation, predicts the election of the Harrison electors, and of the Republican State ticket. He also looks for a gain of two Republican Congress-

Gov. Bulkeley looks on the election of his party ticket as a windication of his retaining the Governorship, and is confident of carrying both the State and the Legislature. He is said to be a candidate for the United States Senate in case the Republicans win.

Chairman Davis, of the Democratic State Committee, declines to go into figures, but declares that Cleveland and Stevenson will sweep the State by a ma-jority that will astonish the people. He predicts the election of Democratic

Congressmen in the First, Second, and Fourth districts, and says that Luzon B. Morris will be the next Governor.

Doubt as to North Dakota.

BIRMARCH, N. D., Nov. 7.—The fusion of Democrats and Populists in this State and the first trial of the Australian ballon system makes it impossible to predict what the result will be to merrow. Republicans expect to keep the State in the Republican column by about 1,000 votes, and to elect one Congressman, conceding the other Congressman to the Populists. The Democrats claim that they will elect the Weaver electors and a majority of the State Legislature, but give no figures to buck their claim.

Little Activity in Maine.

PORTLAND, Me. Nov. 7.—The campaign in Maine having been practically settled by the September election has been quite dull since that time. The State votes to-morrow for presidential electors only, "The Republican plurality in September of 12,412 may fairly be expected to be reached in November," said a well-known ESTIMATES OF LEADERS.

Harrity on General Result and Backett or Empire State,

NEW York, Nov. 7 .- The work at both the National headquarters is practically done. Of course both headquarters will remain open mutil after the full returns have been received.

At both the headquarters most of the employes were paid their salaries Satur-day and their services were dispensed with. Some of these employes will return to their homes to vote, and others will remain in the city until after elec

Of the National Committeemen, it is said that none of them will go home to wote, as they live in States, as a rule, where the result is not at all doubtful.

At National Domocratic Headquarters is said that all the committeemen from a distance have "paired" with some Re-publican voter, and with the exception of mater German none of them will return

Senator Gorman will go home, but will return to this city on Tuesday as soon as he has voted,
William F. Harrity, chairman of the

Democratic national committee, says of morth, the condition of the closing campaign: The "Our confidence in the election of Cleveland and Stevenson increases hourly, Democratic success is absolutely certain. All doubt has been ramoved by full and conclusively satisfactory advices from all the Southern States in which our opponents have made pre-tenses of contest, as well as from New

York, Indiana, Connecticut, New Jersey, Michigan, and Wissensin.

"Information from the Western and far Western States justifies the hope of an impending revolution that will add a number of electoral votes to those admitted to be sure for Cleveland as well as several others to Harrison in the States heretofore Hapublican. There are also hopeful indications in New England.

"We owe much to the admirable man agement of the Democratic State organ izations, especially to those in the close and doubtful States. Their work has been efficient, and the result of it now is apparent in the confidence with which we feel that to-morrow will wituess the election of Cieveland and Stevenson."

The Republicans at State headquarters have gone carefully over this State by counties, and have figured the result down so fine that Chairman Hackett preuiets a plurality of 18,800 for Harrison On the other hand, a tabulated state ment of the estimated result in the 60 counties prepared by Democratic statis-ticians gives Cleveland a plurality of 25, 350. Between these two estimates the

FEARS NO TROUBLE.

Acting Attorney-General Aldrich on the Duties of Federal Officers.

WASHINGTON, Nov. 7 .- In an interview last night Acting Attorney-General Aldrich said, in regard to the circular recently issued by him, that he did not anticipate any trouble or conflict between the Federal and State officers in the enforcement of election laws to-morrow. The United States officers had been cantioned to do anything to provoke a controversy, and he had no doubt that State officers had received similar instructions.

"But what about deputy marshals going within the booths or behind the guard rail?" was asked Mr. Aldrich.

Mr. Aldrich.—They are not expected to do so unless necessary, in order to discharge some duty imposed on them by the statutes of the United States. Where necessary, they have the right to go anywhere about the polls or ballot boxes in discharge of duty. But ordinarily it will only be necessary that they be about outside ready for any emergency that may arise. If they obey instructions, as no doubt they will, their presence will simply be conducive to good order and a

Most of the Students Can Vote.

CORNING DEPOT, N. Y., Nov. 7 .- Justice Bradley of the Supreme Court has rend-ered decisions to the pocceedings by which it was sought to have cut from the registry lists the names of 53 students of Colgate University and 22 students of Cornell University. He decided that the names of the Colgate students shall not be erased as no notice was served upon them, and in the Cornell case he orders that 13 of the 22 names be cut out as it does not appear that the 18 men are residents of Ithaca.

Vassar Girls for Harrison.

POUDIKERPSE, Nov. 7.—Saturday was election day at Vassar College, as no holiday is allowed on November 8. Each floor was constituted one district, and provided with a Republican and Deno-cratic inspector. Everything was carcratic inspector. Everything was car-ried out according to regulation methods as far as possible. The booths, ballot boxes and ballots for electors were se-cured from Foughkeepsie, and were the genuine articles. The result showed 96 majority for Harrison and Reid.

Weaver's Chances Good in Nevnda. Vinornia City, Nov., Nov. 7.—It is pretty generally concoded by the leaders of both the old parties that Nevada will of both the oid parties that Nevada will cast her three electoral votes for Weaver this year. The Australian ballot will be tested for the first time here, and the vote will exceed but little that of 1888, when Harrison had a plurality of 1,912 out a total of 12,605 votes. The Weaver more count upon a plurality of between 2,000 and 4,000 and expect to capture the next legislature.

Byrnez Predicts a Peacetal Election. New York, Nov. 7.—Inspector Byrnes yesterday gave final orders to captains regarding their work on election day. He declined to divulge their nature, but to-day issued as interview for publica-tion in which he predicts a peaceful election. Relative to the United States su-pervisors, marshals, etc., he says they are acting under national authority and, he thinks, to protect the integrity of the ballot box.

San Francisco, Nov. 7 .- News of one of the worst disasters that has happened in the Arctic for years is brought by the steam whaler Beluga. It tells of the loss of the Helen Mar and

The men on the floe besides Mate Ward were Boat Steerer Anton Pargalino, Cook Acy Rershaw, and Sailors Katsura and Perores. Their situation was very bad, as the floe was swept by icy winds and they had no shelter. They holsted a shirt on a fragment of a

They will all recover, but Mate Ward

The saddest feature of the story is that the captain was married last just before he sailed, to a lady in Nautucket. He brought her here and took her as far as

From there she returned to San Franclico, and is now in Oakland.

The vessel was built in 1855 in New Bedford. She is owned by Wright & Boney of San Francisco. All the crew are from this place.

The Mitchell-Corbett and Hell-Fitzsimmons Proposed Encounters.

New York, Nov. 7 .- The following cable in regard to the proposed fistic encounters between Corbett and Mitchell and Hall and Fitzsimmons has been received from a noted sporting man: "London, Nov. 6.

Both Mitchell and Hall mean business."

Pittshung, Nov. 7 .- Sixteen members of the Salvation Army, who were holding a meeting at the corner of Fifth avenue and Liberty street under the leadership of Ensign Heald of Omaha, were arrested yesterday for violating an order of the Department of Public Safety, forbidding the holding of street meetings, which complaints made to the chief, stated were

interfering with foot and vehicle travel.

They are charged with disorderly conduct and they say they will fight the case to the highest court in the land, as tony look upon their arrest as interfering with them in the worship of God accord-ing to the dictates of their own con-science, and they hold themselves to be martyrs to their faith.

They all left deposits for a hearing and

TROUBLE FEARED AT ONEIDA. Hany Said to Have Registered in Two or Blure Districts.

ONEIDA, N. Y., Nov. 7 .- Much trouble anticipated in Madison county election day. It was supposed that the registra-tion throughout the county showed a loss of about 500 as compared with last year's, but now at la given out that there is an increase in the registration of nearly 800

over that or 15:15.

This is considered remarkable as the popniation of the county has decreased over 2,000 during the past four years. Sheriff Remiek has been notified that many have registered in two or more districts in the county which accounts for the re-ported heavy registration and no doubt many arrests will be made on election duy.

FOR MRS. HARRISON.

Wives of Cabinet Officers to Go Into

Washington, Nov. 7 .- The President, accompanied by Mrs. McKen and Mrs. Dimmick and by the venerable Dr. Scott and his son Judge Scott of Washington State, Mrs. Harrison's only brother, who was unable to reach here in time for the funeral of Mrs. Harrison, attended the morning service at the Church of the Covenant yesterday. As they came out at the close of the service they passed Mr. Blaine, who, waiking alone, was taking his daily constitutional.

It has been the expressed wish of the President that Mrs. Harrison's death should be regarded as a private bereavement and be unaccompanied by any public demonstrations. The statement is made, however, that, as the result of a private conference between Mrs. Morton, the wife of the Vice-President, and Mrs. J. W. Foster, the wife of the Secretary of State, it has been agreed that the wives of the Cabinet officers will wear mourning for the next 30 days, and during that time will refuse all invitations to tainments or attendance upon places of

public amusements.

Canadian farmers will suffer largely, as they will have to compete with the cheap American cattle.
