New Yong, Nov. 9 .- The result of the election for President yesterday is that Grover Cleveland is the winner, and the candidates of the Democrats will have at least 229 votes in the Electoral College.

Congress has a large Democratic matority in the Lower Bouse, though not me large as in the present House, and the Demograts have prade some gains in the Saunta.

Some of the features of the election were the very great majorities rolled up by New York and Brooklyn, the cutting down of majorities in the strong Republican counties of the interior, and the great change in the voting generally throughout the Western States.

In the South the Third party cut s sorry figure, their most crushing defeat, perhaps, being in Georgia, where Tom Watson was beaten by 4,000 by his Democratic opponent. Not a Third party Congressman was elected in Georgia. In South Carolina only one district is in doubt, and there the chances favor the Democrat. In Florida, famous for its Ocala platform and agitation, the Third party was in a hopeless minority.

In Arkansas the Third party fusion with the Republicans had no effect on Democratic success. The entire Democratic Congress delegation is elected, as is the case in Virginia, where Weaver received fewer votes than Bidwell. In Tennessee Governor Buchanan, the
