# EXTRA SESSION TALK

Precedent Seems to be Against Calling One.

MR. HARRISON WRITING HIS MESSAGE

He Attributes the Republican Defea Entirely to the Tariff Investigating Abteged Frauds in Land Entries -- Ex Senator Platt on the Late Unpleasantness-Ohio Sull in Denbt.

Washington, Nov. 12. - Precedent seems to be against the likelihood of an extra session of the next Congress imme giately after March 4.

When President Arthur became Presi dent in 1881 it was held that he must and would call Congress together at once to

take action upon certain issues which were impending, and which were agi tating the country, principally the prohad been said when Gen. Garfield became

There were international questions, i was beld, which demanded immediate action. Neither Garfield nor Arthur had the least idea of calling an extra session. When Mr. Cleveland became President in 1885 the Democratic and Independent press throughout the country demanded and anticipated an extra session for the revision of the tariff. The circumstances were the same as at present, Mr. Cleve-land in private conversations laughed at the suggestion of an extra session of Con-

Every one will recall how when Genera Harrison became President it was de-manded that he call Congress together for tariff revision. Everybody assemed to expectan extra session till the Presi-dent said he would not even consider the subject of an extra session. He said the country would fare very well till Congress met in regular session. Besides, he had observed during his political life that extra sessions of Congress and State Legislatures were always followed by de-

feats of the party in power.

It is now pointed out by prominent Democrats in Washington that besides being opposed to extra sessions of Con-gress in times like these, President Cleve-land will have too much to do making

changes in offices.
It is learned that some of the leading tariff reformers are favoring an average reduction of about 20 per cent, from the bickinter schedule. They expect a bill to be passed by the new Congress and unde operative two years afterward.

Wilmisorton, Del., Nov. 12.—Ex-Secretary of State Thomas F. Bayard was asked this morning whether he had urged the calling of a special session of Congress to revise the tariff, as was stated in

Vashington despatch, lie replied: "While I agree that McKinleyion can not too soon be thoroughly reformed and ended, yet, as a matter of fact, I never aven heard of a special session of Congress to be called for that purpose;"

FRAUDS IN LAND ENTRIES.

Proceedings | Ordered Against Several Government Surveyors.

Washington, Nov. 12.—Cases of al leged frauds in land entries which were investigated during the administration of Land Commissioner Sparks, and the discovery of which caused a suspen sion of surveying work over public lands in California, New Mexico, Wyoming, Washington, Idano, Oregon and Arizona, at last are to be brought to trial in the

courts.

Proceedings have been ordered in the courts of San Francisco against J. H. Hall for perjucy in regard to the survey of public lands. This case is to be followed up by the trial of J. R. Glover, J. A. Benson and G. H. Perrus, expert surveyors, who, it is charged, in 1890, formed a syndicate in San Francisco for the survey of lands and fraudulently tried to ntrol all special deposit contracts on

the Pacific slope.
Certain banks, it is alleged, supplied the money requisite for deposits, the agents of the syndicate perfecting the award of contracts at the several offices of the Surveyor General and the contracting deputy executing a power of attorney to the banks for any and all moneys pay-

able under each contract.

The principal location for operation was in Central and Southern California, but extended into other States and Terr

WRITING HIS MESSAGE,

Mr. Harrison Attributes the Defeat Entirely to the Tariff.

Washington, Nov. 11.—President Harrison is now engaged in writing his annual message to Congress. It is understood that it will be brief, and since there is no legislation to be expected at the

next session of Congress (certainly no Republican legislation) the message will be devoted chiefly to a review of the work of the Administration and the recom-mendation that some steps be taken in a non-partisan way to secure fair elections. It is uncertain what he will say on the subject of the tariff, beyond reasserting that the country has been prosperous under the Republican tariff law. Mr. Harrison attributes his defeat entirely to the tariff, and sees in the result a popular verdict against the McKinley bill, but be does not yield his judgment to this ver-dict. He thinks it was rendered before the evidence was all in, and that time

will vindicate the Republican policy. thinks that more experience will give the public more wisdom on this question, especially since the Democrats are liable to be in a position to give the country a trial of their policy.

Mr. Claveland a Lively Corpse

New York, Nov. 12.—A despatch was received in this city last evening from Chicago saying that there was a rimor in that city to the effect that Grover Cleve-land had dropped dead at his residence, No 12 West Sist street. When a re-porter reached the house and stated his errand, Mr. Cleveland laughed and said he thought he was a pretty lively corpse.

The Vote in California.

San Francisco, Nov. 12.—Later returns give Harrison 105,284; Cleveland 107, 711; Weaver 20,589. This includes 1,736 out of a total of 3,199 precincts in the State. The same returns indicate the election of 69 Democrats, 57 Republicans, 2 non-partisans, and 1 Popullat in the Legislature.

PLATT ON THE ELECTION.

The Ex-Senator Gives His Views of the Republican Defout.

NEW YORK, Nov. 12 - Ex-Senator Thomas C. Platt, in an interview last night regarding the outcome of the elec-

"In looking over the defeat it has been suggested to my mind that President Harrison was beaten in this State by shout the same majority which over whelmed J. Sloat Fassett, the Republican candidate for Governor, last fail, All newspaper readers will recall that Mr. Fassett made his campaign issue the fight against Tammany.
"In this he was supported by some of

the Republican leaders in the State. Others objected to that line of policy, and Governor Hill, who took the stump against my young friend Fassett, made every attempt to divert the issue into national channels. "It is sad to relate that some of my old

Republican friends believed that Mr. Fassett should have accepted the gage of battle thrown down by Gov. Hill. Mr. Fassett and his friends, though, stuck to the one issue. "In that campaign the Republican vote in New York city was larger than it has been in the Presidential fight. It

was a ringing issue, and the Republicans were cheered on by it.

'This year the McKinley law was the issue, and what has been the result? The Republican vote in New York and Kings, and in all the counties except those in the southern tier, fell down miserably. Ido not wish to go further in this matter just at this time, except to add that, in my opinion, had the old fight against Tammany been continued, we would have had better results in the State. Yet, speaking of the McKinley law, I venture the prediction that if the Democratic party attempts to tinker the tariff, there will be another political revolution four

years from now. Mr. Platt went over the countles of the southern tier, which, he said, plainly showed that all Republicans in the south-ern tier were loyal no matter what the issue was. On the other hand, among the counties which show a loss, is Her-kimer, ex-Senator Miller's home, which

kimer, ex-Senator Miller's home, which has a loss of 402. In Kings, where Secretary Tracy has been active for four years, the Republican loss is 16,445. Strange to say, the loss in New York city Mr. Platt attributed to Dr. Depow.

Mr. Platt said that he felt very sorry indeed for the party, and, of course, he was chagrined over the defeat and the retirement of President Harrison to private life.

OHIO VERY CLOSE.

Both Sides Say That Only Official Figurer Can Determine the Result.

CENCINNATE, Nov. 12.-The "Com mercial Gazette" (Rep.) says; "Ohio remains this morning in the list of doubtful States, though it must be confessed that so far as the Presidential electors are concerned she has a decided democratic leaning. Nothing less than the official

vote can determine the result."

The "Enquirer" (Dem.) says: "While the Democratic unmagers believe that the State has cast her your for Cleveland and Stevenson they still advise all to await the official count.

the official count.

"The figures are very closs, and the plurality will be but a few hundred either way. Both sides are enrostly watching, and both show a praiseworthy determination to ascertain the will of the people, as expressed Tuesday, and to announce it at the earliest possible moment. There must be a square deal."

The "Post" (Ind.) says: "Both parties claim the State, but a revision of the figures fayors the Democratis more than the Republicans on the State ticket.

Says Sulzer Will be Speaker.

ELMIRA, N. Y., Nov. 12. - Speaker Robert P. Bush of the last Assembly was asked his opinion as to who would pre-side in the Assembly this winter. Dr. Bush said Assemblyman Sulzer would probably be elected Speaker. Either Go Flower, Lieut. Gov. Sheehan or Bourke Cockran, he said, can be elected to the United States Senate. Charles Bush, if elected to the Assembly, would have un-doubtedly been chosen speaker, but, "like this Bush, he was defeated."

McNaughton Proposed for Senator. ROGRESTER, N. Y., Nov. 12.—Friends of Hon. Donald McNaughton in this city are proposing him for United States Senator in place of Frank Hiscock. His great popularity with the people and strong individual as well as executive capacity are considered to have been in-strumental in a large measure in reducing the large Republican vote usually poiled in this county.

Montreal Business Men Elated.

MONTHEAL, Nov. 12.—The members of the Stock Exchange and business men generally are elated over the result of the Presidential election in the States. They say that they believe it will materially benefit both the United States and Can-ada in all lines of trade, as they consider a reform of the tariff necessary to both countries.

Morris' Majority 1,072.

New Haven, Nov. 12.—All except six of the 177 towns in this State have forwarded their returns to the Secretary of State. The total vote for Governor is 164,662, of which Morris, Dem., received 82,897, or a majority of 1,072 over all.

YALE'S GLORY AT STAKE

Her Great Contest With Pennsylvania To-day.

THE NEW HAVEN MEN CONFIDENT

They Think Their Team Will Have at Easy Time With the Conquerors of Princeton's Eleven - Fears That the Yale Mon Are Overtrained.

NEW YORK, Nov. 12. - The foot ball game to be decided at Manhattan Field this afternoon is fraught with the greatest interest, and thousands await the result with impatience. Yale and University of Pennsylvania are the opposing elevent and the battle they put up will be second only to the big Thanksgiving day con-

Yale's honor and Yale's glory are at stake. She must not even allow the Quaker lads to score, and if intelligent, strong, courageous foot ball can prevent them they will not,

Ordinarily the meeting of these teams would not attract more than passing notice. Pennsylvania's handsome victory over Princeton recently has changed the aspect of affairs, however, and gives the meeting of to-day an interest and an importance which it could not not otherwise

have possessed. Should Pennsylvania even score to-day, this triumph, with her defeat of Princeton, would give her eleven a foremost position among the leading football teams

"Pennsylvania will not get withing Vale's 25 yard line." Such was the state ment made by an enthusiastic Yale man this morning, in speaking of the game.

THISTLERS FOR THE YEAR TEAM.

On the face, the statement appears to On the face, the statement appears to savor of windlines. It seems premature to make any such prediction as that, and only the game thad can tall the story. At any rate, Yale men are sitting back in their chairs, Dobting complement, and largh as they rend the papers and learn what Pennsylvania is going to do with the poor Yale team.

The members of the Yale eleven are saying nothing, but they are doing some pretty strong thinking. Capt. McCormick has been working his men as football men have never worked before. The conches have been driving scientific foot-

coaches have been driving scientific foot-ball into each man.

Walter Camp has the supervision of the coaches and team, and this year he is looked upon more than ever as an oracle

on football matters.

Some graduates are afraid that the team is overtrained. It cannot be questioned that the men have been working

show, the fair to be open on the same conditions that art galleries are throws open on Sunday. Among other things, the resolutions declare:

"It is our judgment that the Exposition should be open on Sunday under such rules and regulations as will prohibit the use of mechinery, unnecessary manual fabor, and all merchandizing, and at the same time give opportunity for the study of the highest standard of artistic and mechanical science; that the art gallery, the horticultural building, and all other buildings in which exhibits and all other buildings in which exhibit of mechanical art are exhibited should be thrown open to the public on each and every day during the time of the Expo-sition; also that each employe should be given one day of each week for rest, study or recreation. "We believe that the study on Sunday

of such exhibits of science and art and of the skill and genius of the artisan, will not only be of inestimable educathe visitors will be lifted above these creative agencies, to the great creator of

The resolutions favor the holding of religious services on the grounds each

Sunday afternoon.

It is probable that a statement of the Board's action, together with the resolutions adopted, will be sent to each member of Congress. Whether any further attempt will be made to influence the members to amend the law has no been decided, but it is likely that long petitions will be sent to Washington soor after the session of Congress begins.
