At the conclusion of the supper there was a cake walk, participated in by about a dozen couples. The cake was awarded to Miss Ella Porta and Frank Starr.

SOME SAY SELTZER!
WILL BE OUR NEXT POSTMASTER.
HE HAS POWERFUL BACKING
Non-Residence Will Have but Little Bearing on the Matter. One of Seltzer's Claims for the Office.

HE article in Wednesday's HERALD concerning the Shenandoah postmastership is considered short of the true facts by many prominent and influential Democratic politicians here. Contrary to the statement of your "Town Tattler" that "there will be no Kindism" in the matter this time, I know several gentlemen who appear to be pretty well posted and who say that while Kindt will not figure in it this year the tactics and result will be similar to those when he was appointed.

The next post master of Shenandoah will not be an Irishman, or a man of Irish descent. He will be a German, a well known one and one whose paternal ancestor has a mortgage on the Democratic party and who ran as an independent for a county office and was elected over a regular Democratic competitor; a German whose friends and relatives are legion and backed by the wall paper syndicate including such solid, shrewd and influential Democrats as "Billy" Matz, Alex. Faust, Major Levi Huber, the Wolls, Rahms, Schalecks and Seltzers.

The selection of a post master for Shenandoah is to be a game of "turn about" as in the Cleveland-Harrison election. The man to be appointed does not live in Shenandoah, but does not live so far away that he cannot move here on short notice.

It is John C. Seltzer, ex-postmaster of Shenandoah.

Put a pin here and keep the bit for future reference. If this prediction is not verified you will find in your correspondent a very much surprised man. Seltzer's claim is that he had no chance to serve his full time, owing to the appointment of Postmaster Boyer by President Harrison, and that he ought to receive a re-appointment in return for the loss and inconvenience he claims to have sustained by the interruption of his term.

I am also reliably informed that in case a formidable and dangerous opposition is raised to Seltzer's re-appointment on the ground of his present non residence the parties having the appointing power will be made content on that point by the substitution of one of Mr. Seltzer's friends in Shenandoah who will shoulder the honor and occasionally lend a hand to Mr. Seltzer in the management of the office. The non-residence objection having been disposed the appointments of letter carriers will do the rest.

Every family should have the Genuine Imported Anchor Pain Expeller in the house. It is the best known remedy for Influenza, Backache, Pains in the Side, Chest and Joints. It is and ever will be the best remedy for all Rheumatic complaints. 29 prize medals awarded to the manufacturers of this valuable preparation. 25 and 50 cents a bottle, at C. H. Hagenbuch, P. F. D. Kirilin, J. M. Hillan, and other druggists.

Look Out for the Fake.
A seedy looking man, said to be an Italian, is going through the county selling a quack medicine for certain diseases. He has been caught several times making attempts to enter houses in Pottsville, but managed to get off by telling a fake story. He is a thief and people should look out for him and give him a warm reception.

The Place to Go.
Shenandoah people visiting the county seat (surnamed Pottsville) all call in the Academy Restaurant. Either J. F. Cooney, the proprietor, greets you with a smile, or his genial brother, M. A. Cooney, welcomes you. It is the resort for all gentlemen from north of the mountain. 8-24-4c

GIRARDVILLE GLEANINGS.
A Newsy Letter from a Wide Awake Correspondent.

Monday evening two of our young sports fought a duel on Second street. Pistols were the chosen weapons. One shot was exchanged on each side and up to the present it cannot be said whether either of the participants was seriously injured. The night patrolman kindly took them before Squire Monaghan, who let them off on a basis of \$5 a shot and costs. The boys said duelling is nice sport, but it comes high.

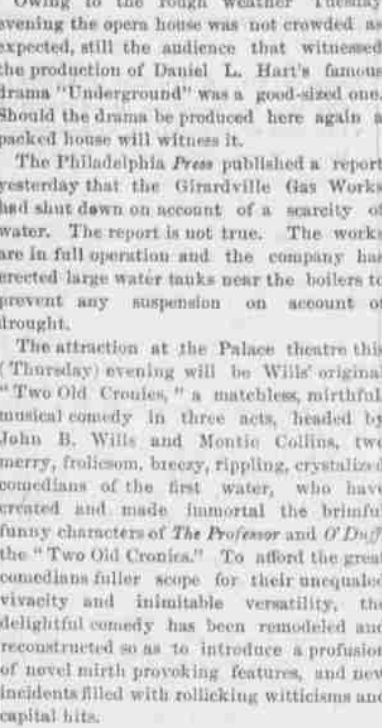

Irwin Moyer, of Shenandoah, spent last evening in town.

Owing to the rough weather Tuesday evening the opera house was not crowded as expected, still the audience that witnessed the production of Daniel L. Hart's famous drama "Underground" was a good-sized one. Should the drama be produced here again a packed house will witness it.

The Philadelphia Press published a report yesterday that the Girardville Gas Works had shut down on account of a scarcity of water. The report is not true. The works are in full operation and the company has erected large water tanks near the boilers to prevent any suspension on account of drought.

The attraction at the Palace Theatre this (Thursday) evening will be Willis' original "Two Old Cronies," a matchless, mirthful, musical comedy in three acts, headed by John B. Willis and Montie Collins, two merry, frolicsome, breezy, rippling, crystallized comedians of the first water, who have created and made immortal the brimful funny characters of *The Professor* and *O'Day*, the "Two Old Cronies." To afford the great comedians fuller scope for their unequalled vivacity and inimitable versatility, the delightful comedy has been remodeled and reconstructed so as to introduce a profusion of novel mirth provoking features, and new incidents filled with rollicking witticisms and capital hits.

AN OFFICER SUSTAINED!
AN INTERESTING CASE AT POTTSVILLE YESTERDAY.
RESULT OF A STREET BRAWL.
Settlement by a Jury of a Point Raised on an Arrest Made Without a Warrant—Facts of the Case.

WILLIAM D. SELTZER, and M. M. Burke, Esq., crossed swords in the trial of Special Officer Thomas Teeley, of town, before Judge Green yesterday. Mr. Burke represented Teeley and Mr. Seltzer the prosecutor, Simon Yorgus, who sued Teeley for assault and false imprisonment.

The prosecution grew out of a free-for-all fight that occurred on South Main street on the evening of May 16th, last, in which some two or three hundred Poles took part. Teeley saw the fight commence and went for help, and on his return went into Yorgus' house and there arrested him without a warrant, because he had seen Yorgus in the fore part of the riot. Yorgus was taken to the lockup and fined three dollars and costs which he paid after spending a couple of hours in a cell.

Attorney Seltzer was certainly indignant and pitched into the officer and Chief Burgess Smith, who testified for the defense, and even said he knew the Burgess has deserved to be on trial. Some cross-fire ensued, showing the Pottsville lawyer and our Burgess are on the "outs."

Teeley's counsel argued that if there was a conscientious and well-grounded belief on the part of the officer that the fight would be renewed, and that Yorgus would take part, then the officer was justified in the arrest; and if the defendant officer acted upon an honest conviction of his right to make the arrest, without notice, and Yorgus yielded without questioning the officer's authority, then the officer should be acquitted.

The court and jury evidently took this view of the matter and Teeley was acquitted, the county to pay the costs.

Resolutions of Condolence.
At a regular meeting of the Phoenix Hose Company, No. 2 of Shenandoah, held in its hall, on Tuesday evening, November 15th, the following resolutions were unanimously adopted:

WHEREAS, it has pleased our Heavenly Father to call from his scene of usefulness our esteemed brother, Michael B. Dougherty, and while we, in all humility, bow in acknowledgement to His divine decree, it is proper that we fellow-members should pay our tribute of admiration and sorrow in respect to the memory of the deceased; therefore be it

Resolved, That in his death this company has lost an active worker; his parents a darling son, and this community a good and useful citizen.

Resolved, That we extend to his parents our heartfelt sympathy and condolence in their sad loss.

Resolved, That the charter of this company be draped in mourning for a period of thirty days; that a copy of the above preamble and resolutions be presented to the family of the deceased, and that a copy be spread on the minutes and that they be published in the EVENING HERALD and Sunday News.

The Result of Merit.
When anything stands the test of fifty years among a discriminating people like the Americans it is pretty good evidence that there is merit somewhere. The value of a medicine is best proved by its continued use from year to year by the same persons and families, as well as by a steady increasing sale. Few, if any, medicines have met with such continued success and popularity as has marked the introduction and progress of Brandreth's Pills, which, after a trial of over fifty years, are conceded to be the safest and most effective purgative and blood purifier introduced to the public. That this is the result of merit, and that Brandreth's Pills actually perform all that is claimed for them, is conclusively proved by the fact that those who regard them with the greatest favor are those who have used them the longest.

Brandreth's Pills are sold in every drug and medicine store, either plain or sugar coated.

Toes Cut Off.
The 16-year-old son of Patrick Dalley, of West Line street, attempted to jump upon a coal train near the Bowers' street crossing to day and one of his feet slipped and went under the wheels of one of the cars. The side and small toe of his left foot was crushed.

The best and easiest way to get rid of a Cough or cold that may develop into consumption is to invest 25 cents in a bottle of Pan-Tina, the great remedy for Coughs, Colds, La Grippe, Throat and Lung Disorders. Trial bottles free at P. F. D. Kirilin's drug store.

OBES OBSERVATIONS.
What He Sees and Hears During His Travels.

Harry Harper, Archie Campbell and "Calanthy" Evans, three jolly commercial travelers well known throughout this county, met at the Lehigh depot yesterday and made things lively for a while. Each of the drummers have a hobby. Harper dotes on foot ball, Campbell "roots" at base ball games and Evans revels in Sunday school picnics.

A Hungarian tried to get out of town without paying his board bill and fell into the clutches of Constable Phillips. At first the fellow protested that he hadn't a cent, but after a rest of three hours in the lockup he offered a dollar in settlement. A few hours later he offered five dollars and after sunset he raised the figure to ten, protesting in the most solemn manner that that was all the money he had. Finally the fellow pulled out a fat wallet and paid the amount of the claim and costs and then started for New York to put to use a passage ticket he had purchased to go to the old country. "Me only foolin' you fellows," he said as he took the 'squire's receipt.

A regular meeting of the Borough Council has been called for this evening, but there are chances of its being postponed for want of a quorum as a number of the Councilmen are very anxious to go to Pottsville and witness the Salt River demonstration.

Deers seem to be plentiful this season. There are two at the Iowa meat market and a fine buck weighing nearly 300 pounds was yesterday received by Charles E. Titman and placed in the hands of the Rohland Bros. for dressing. The deer Mr. Titman received was killed at that gentleman's lumber camp at Cummel. Two small bears were killed at the camp this fall.

I met an ex-Republican candidate for office yesterday and he delivered himself of the following little piece, which may interest some of the HERALD readers: "If there is anything that demands the attention of the Legislature it is the 'striker' nuisance in politics. Not an election is held that does not bring to the surface a swarm of these pests. They demand money for every little service and the candidates are made the victims of daring blackmail from the beginning to the end of the campaign. I think all the candidates should enter contests on their merits and not upon their ability to respond to the demands of the blood-sucking strikers. The Baker ballot law does away with the printing of tickets by candidates. Now let other reforms be made. But the Baker law could be much improved. It does not yet afford a system for secret voting. The loop-hole that permits the friend to enter the booth and help make up the ticket is too large. There ought to be an educational qualification, or the assistance should only be given by one of the sworn election officers."
