## DORNSIFE IS ACQUITTED!

### THE CHARGE OF HIS DAUGHTER FAILS.

### THE COURT DIRECTS A VERDICT

A Most Unsavory Case Brought to a Conclusion Yesterday at the Pottsville Court—A Weak Case Presented

EVI DORNIFE, of this town, was yesterday acquitted at the Pottsville court of a most severe charge preferred by his daughter, Cora. The acquittal was made by direction of the court after the prosecution closed its case.

Dornsife was charged by his daughter with incest and statutory rape. When the case was first brought to the notice of the public feeling ran high against the accused, but the developments at the trial yesterday were of such a character that the prosecution fell flat. Cora Dornsife charged that her father raped her. The father alleged that he was a victim of a conspiracy and his friends say that the object of the conspiracy was to gain certain property the accused owned. The testimony given at the preliminary hearing of the case was of a most revolting character.

There is a prevailing opinion that in view of the acquittal the prosecuting daughter should be sent to a reformatory.

### POTTSVILLE DEMONSTRATION.

A Great Crowd Took Part in it Last Night. The Democrats rejoiced at Pottsville last night over the election of Grover Cleveland and the delegation sent down by Shenandoah was a large one. School Director H. J. Muldoon, John A. Reilly and Squire Monaghan were aids to the Chief Marshal, Levi Huber. The St. Patrick's and Lithuanian bands of town were in the parade with the National and First ward Democratic clubs, Chief Burgess Smith, M. F. Conry, William Welsh, Poor Director Tracy, Poor Director-elect Derr, Senator B. J. Monaghan, P. I. Ferguson and F. J. Portz were also in line.

### The Service Upheld.

EDITOR HERALD—Applicants for appointments as letter carriers are now becoming more numerous than files in summer. Can it be possible that that department is in need of a change and that the present free delivery system is a failure, or do people merely sign petitions to get rid of the applicants? It is a reflection upon our present admirable service to say the least and disinterested people like myself look upon the matter in that light. I think the people ought to be proud of the service and the carriers. They try to do their duty and have given entire satisfaction. A change in the force will bring a crude service that will require months of work for perfection and for that reason I think the political zeal exhibited by some people in connection with the position is unwarranted. Let the carriers alone. The force is an efficient one and it should be upheld.

### Coffee's Announcement.

Phillip Coffee has purchased a large stock of staple groceries and now is the time for dealers and private families to secure bargains. The stock must be sold at once. Bring your cans along for two quart quantities of vinegar for 5 cents; the best molasses usually sold for 60 cents a gallon, for 30 cents; best rice 5 cents per pound; one pound of Miners' Extra tobacco 23 cents; fresh prunes; several different kinds of tea; tomatoes, 3 cans for 25 cents. Don't forget the place, Phillip Coffee's, Post Office building, corner of Oak and Main streets. 11-7-92

### A Quiet Wedding.

On Tuesday evening Daniel Snyder, of town, and Miss Minnie Emerick, of Port Carbon, went to the Evangelical parsonage and were quietly married by the Rev. Lichtenwalner. It was all done so quietly that even the friends of the contracting parties did not know it until the happy couple returned to their home, 110 North Jardin street. Mr. and Mrs. Snyder have the best wishes of a host of friends.

### PERSONAL.

Miss Nettie Thiel, of Reading, is in town stopping with relatives.

"Dick" Flynn, statesman from the Rappahannock, was in town last evening.

William Norck, son of Peter Norck, of South West street, is recovering from the severe attack of illness that confined him to his bed for several weeks.

The Rope Broke.  
The rope in the slope of West Shenandoah colliery broke yesterday afternoon and released two loaded cars, which tore out several sets of timber on their way down to the bottom and demoralized matters generally. Fortunately no one was hurt. The two cars were shattered.

## MAY PROVE FATAL.

### Domestic Troubles Cause a Man to Shoot Himself.

Robert Britton, of Gilberton, shot himself in the forehead with suicidal intent, on Wednesday evening. It appears from the story gleaned by a HERALD reporter, who visited the place to-day, that Britton has been dependent for a long time on account of troubles in the family, and brooded over it so much that in a fit of temporary insanity he fired the shot that may yet prove fatal.

At the time of the shooting Britton was up stairs, and the only other person on the premises was his 13-year-old boy who was down stairs, lying on the lounge. Mrs. Britton and the rest of the family were at a neighbor's. About 8 o'clock the boy heard a shot up stairs, and becoming alarmed, rushed to the stairway, where he met his father coming down with the blood streaming from a wound on his forehead. He immediately gave the alarm and in a few moments the house was filled with friends and neighbors. Dr. Gilliam was called in and did all in his power to relieve the wounded man. He was resting nicely this morning and there are hopes of his recovery. Britton was in Europe last summer and returned about five weeks ago, since which time he has been very low-spirited.

Motor man Groody, who has charge of one of the electric railway cars, is becoming famous for quaint sayings. The latest attributed to him is becoming as popular as "Where was I at." The other day a passenger accidently stepped on Groody's toes. The motor man winced and, turning to the offender, exclaimed, "Watch where you're looking."

## Political Suggestion.

EDITOR HERALD—Permit me to make a few suggestions in the interest of good local government, which will be before the people within the next three months. My idea is that the Citizens' party should be reconstructed and improved so that it shall be what it was when originated. The party started out all right and by good management four of the five wards of the town were brought into the ranks of good, honest, impartial government. This result can be accomplished again with proper management. The best men of the town, regardless of political affiliations, should be selected as candidates and the ticket should be arranged so that it would command the support of all fair-minded men. As the Citizens' party is to-day it is a traitor to the principles upon which it was founded. It is good for but two things—a tool in the hands of designing Democrats and a wedge of self interest by a few gluttonish Republicans. It has degenerated to a stage that is beneath the consideration of intelligent and respectable men of either the Republican or Democratic party. When the Citizens' party had such men as Herring, Foster, McCamant, Wasley, Mears, Depew, Kimmel, Boehm, Grant, Reese, within its boundaries good local government was never below par. Let the Citizens' party be given new life this spring.

## THE WANT OF SIGNALS!

### COLLISION OCCURS AT THE PACKER JUNCTION.

### TWO PEOPLE SLIGHTLY INJURED

A Shifting Engine Ran Into a Passenger Train and Topped One of the Cars Over a Steep Embankment.

HERE was quite a serious accident at Packer Junction, near Lost Creek, this morning. The Junction is the point where the Philadelphia and Reading trains switch from the Lehigh Valley tracks to cross over to the old P. & R. tracks.

The accident was in the shape of a collision between a P. & R. passenger train and a Lehigh Valley shifting engine. The rear car was toppled over an embankment. The members of the "Lost in London" theatrical company were in the car and were pretty badly shaken up, but only one of them, Miss Lora Addison Cleft, required medical attendance. The lady's injuries were not serious. She was brought to town and is quartered at the Ferguson House with the other members of the company. Miss Cleft is slightly bruised about the head and face, but she will not be able to appear at the performance this evening. Dr. Hamilton is attending her.

Miss Pritchard, who is a traveling saleslady for a Philadelphia book firm, was also an occupant of the overturned car, but as in the case of Miss Cleft, her injuries were slight. Miss Pritchard was also taken to the Ferguson House.

No explanation of the cause of the accident has been obtained. It appears that the shifting engine and train approached the Junction at a lively rate of speed and there was an absence of signal arrangements.

The shifting engine and the car that went over the embankment were badly damaged.

"Lost in London."  
Last night a fair-sized audience witnessed the popular play and player—Newton Beers in "Lost in London." The piece was well put on, the scenic effects being particularly attractive. Mr. Beers is supported by a very clever company including Miss Lora Addison Cleft and the piece has never been in better hands than at present. "Lost in London" has been played seven seasons by Mr. Beers and, from present indications, it will live to see as old an age as "Uncle Tom's Cabin." Several new specialties are introduced which add to the strength of the entertainment.—*Capital City Courier, Lincoln, Neb.* "Lost in London" will be produced in Ferguson's theatre this evening.

No Meeting.  
There was to have been a meeting of the Borough Council last evening, but the salt river demonstration at Pottsville served as a counter attraction and a quorum could not be secured.

## A "Safe" Question.

An article must be good to find ready sale. That is just what can be said of Herring's Patent Champion Safes. E. A. Orvick, the agent for these safes, has been in town for several days and secured quite a number of orders. Yesterday he added two more to his list. The Herring has a reputation all over the world and it is no easy matter to secure a customer.

At Ferguson's Theatre.  
Stage realism reaches perfection in the production of "Underground," as presented at Ferguson's theatre last night. If the faces of those present are evidences of the favor the play found with our people, the show was one of the best that has appeared here this season. While all of the characters were ably filled those who deserve special mention are Frank Harrington, as *Thomas Dawson*, Daniel L. Hart, the author, as *Sem Potts*, the lightning photographer, and Miss Lillian Harper as *Nancy Davis*. In the event of a return engagement we bespeak a crowded house.
