## MINE WORKINGS ABLAZE

Many Narrow Escapes at the Taylor, Pa., Colliery.

SEVERAL MINERS CANNOT RECOVER.

Prostrated While Endeavoring to Put Out the Flames, and Escaped More Dead Than Alive—The Mine Will Have to be Flooded to Stifle the Fire.

SCRANTON, Pa., Nov. 23.—Fire flames are raging in the workings of the Holden colliery at Taylor, five miles from this city, which are so located as to make almost impossible their extinguishing in any other manner than by flooding the mine. A force of workmen endeavored to reach the blazing subterranean furnace which is two thousand feet from the bottom of the shaft, but the stifling after-damp which filled the gangway quickly overcame them after they had passed the fresh air-ways and one by one the men fell in the gangway.

Several of them realizing in time the awful danger in which they were treading, turned in time and succeeded in getting to a point where there was fresh air, which enabled them to appreciate the condition of those overcome further on in the gangway.

Quickly summoning a rescuing party, and providing themselves with the necessary safeguards, they returned into the gangway and fourteen prostrated miners were carried out unconscious, and more dead than alive.

Those in the most serious condition are David Davis, Benjamin Taylor, John Edmunds, Thomas Morgan and Jenkin Harris.

Then another force was formed under Supt. Davies to try and get a base upon the fire. In the gangway they went, but as they proceeded they too were overcome by the poisonous vapors, and it was only by having men trailing behind them that they were enabled to have rescuers reach them.

This time Supt. Davies, Thomas Hughes, John Fern, Brian O'Hara, John Jeffers, John McAndrew, Fred Timney, Wm. Dolan, David Evans, Michael Carroll, Henry Lantholt, Wm. Goodman, Inside Foreman Evans and Daniel Williams were carried out so much overcome that the physician had to work more than an hour upon them before they became conscious.

Davies, Carroll, Fern, O'Hara and Johnson are in a miserable condition, and their recovery is doubtful.

This is the first instance of suffocation in the mines of this section from this cause since 1888, when twelve men were killed at Moccasinqua, near Shicklesmyer.

EXONERATED TRAINMAN RUPP.

Second Coroner's Inquest Over the Wreck at West Manayunk.

PHILADELPHIA, Nov. 23.—An inquest was held here yesterday by Coroner Ashbridge on the death of Hiram Gottschalk, of Reading, Pa., who died at St. Timothy's hospital, Roxborough, Nov. 7, from injuries received in the Reading wreck above West Manayunk on Oct. 24.

It was the first death in Philadelphia county as the result of the accident, and a second official inquiry was necessary.

In the first inquiry, held at West Manayunk, Montgomery county, John R. Rupp, trainmaster at West Falls, was held responsible for the disaster, and was arrested for criminal negligence.

The second coroner's jury, however, exonerates Rupp, and holds E. H. Gerlach, conductor, and Engineer Charles Billing of the coal train, which crashed into the express, directly responsible.

Gerlach and Billing will probably be arrested. Rupp is under bail for appearance at court at Norristown Dec. 5.

FIVE YEARS FOR TRUMBOUR.

His Eyes Filled With Tears and He Shook Nervously When Sentenced.

KINGSTON, N. Y., Nov. 23.—Trumbour, the Ulster Bank wrecker, has been sentenced to five years in Dannemora prison.

When the court addressed the prisoner his eyes filled with tears, and when his fate was announced he shook nervously. Upon the conclusion of the judge's sentence, Trumbour was taken back to the jail.

He is 66 years old.

Manchester Martyrs Remembered.

NEW YORK, Nov. 23.—Under the auspices of the Clan-na-Gael the twenty-fifth anniversary of the Manchester Martyrs was celebrated in Cooper Union last night with songs, music and oratory.

The hall held an audience of 1,000 people and the stage was profusely decorated.

Hon. John Fitzgerald of Boston presided and Judge Watson Lynn made the oration of the evening.

## THE GREAT GAME TO-MORROW.

Nearly Every Seat at Manhattan Field Already Sold—Yale the Favorite.

NEW YORK, Nov. 23.—Lovers of football who intend to see the great struggle on Manhattan Field on Thanksgiving Day between Yale and Princeton are already arriving in the city, many coming from long distances.

They are veritable enthusiasts who journey so long a distance, but it is almost an assured fact that a grand contest will reward them for their trouble. Nothing in the line of sports is talked of outside the holiday match between these collegians, and it is now announced that practically every seat in the grand stands has been disposed of.

Betters are planning their money on Yale at four and five to one. Princeton money is scarce, and most of it is hoarded down at events that the Zebras will score anyhow.

Both teams are enjoying a season of calm just at present, Yale laying off after her "run in" with Harvard last Saturday, and Princeton simply resting until her "seven shall fall up" against Yale Thursday.

The main idea now is to get seats for the game—that is seats where every movement of the bushy-haired, iron-muscled Titans may be seen.

Fifteen hundred seats were sent to New Haven, but an hour after the sale opened, the supply had been exhausted and not half the college had been satisfied. It was about the same at Princeton, to which the same number of seats had been assigned, and at old Nassau they howled, Oliver-Twist-like, for more.

Granted that to-morrow is a fine day, Manhattan Field will overflow with a throng such as never invaded it before. But it will be an uncommonly well-dressed crowd, and it will be decorous to a nicety in its demonstrations of approbation for good and clever plays.

SURPRISE AT PRINCETON.

Capt. King's Latest Change Upsets All Calculations.

PRINCETON, N. J., Nov. 23.—Princeton men have been surprised again, and a regular bomb has been dropped in their ranks. It is announced that Capt. King will play quarter back on the team, and that Morse will take King's place at half back. This completely upsets the calculations of all the football prophets.

The change is a vital one, and materially affects the prospects of the team. The wisdom of the innovation is very doubtful, and King is being freely criticized for it.

Morse has never played half back before. Randolph, the new man at end, is improving slowly in his playing. In other respects the team is where it was yesterday.

TOUGH LUCK OF A BURGLAR.

Robbed Eight Houses, But Fell Asleep at the Ferry and Was Caught.

CAMDEN, N. J., Nov. 23.—John Connor robbed eight houses last night before he concluded he had done a night's work. Then he went to the ferry to take a boat to Philadelphia. There was no boat in the slip, so the burglar sat down to wait for one and fell asleep.

The ferry master saw that his pockets were bulging out with various articles, while a burglar's jimmy and other tools of the like were falling out of his pockets.

A policeman was called and Connor was arrested. He was held in Philadelphia. He was locked up in the Camden jail.

NO GUION LINE IMMIGRATION.

Western Trips Stopped and the New York Wharf to Be Sublet.

WASHINGTON, Nov. 23.—The New York agent of the Guion Line Steamship company has notified the Treasury Department as a proof that immigration by that line is effectually blocked for the present, that their steamers intended to leave Liverpool for New York this week, next week and the week after have been withdrawn.

Also that their wharf in New York will be sublet for three months.

Woman Suffrage in Kansas.

TOPEKA, Nov. 23.—An important result of the election, which has thus far escaped general notice, will be the extension of woman suffrage. Kansas women can now vote for county and municipal officers. The platform of the People's and Republican parties pledged the extension of woman suffrage, and there is no doubt that this will be accomplished during the coming session of the Legislature.

President McLeod Denies a Rumor.

PHILADELPHIA, Nov. 23.—President McLeod, of the leading system, emphatically denies the published statement that he was the head of the syndicate which recently purchased the Richardson system of street railways in Brooklyn. Mr. McLeod added that he had no interest in the matter whatever. "Nor has the Reading railroad," he concluded.

Sewell-Boris.

CAMDEN, N. J., Nov. 23.—Miss Helen Sewell, daughter of ex-U. S. Senator William F. Sewell, was married to Chas. Lewis Boris, son of the late Adolph Boris, Secretary of the Navy under President Grant, in St. Paul's P. E. Church at noon yesterday. Right Rev. John Scarborough, Bishop of New Jersey, officiated.

## NATIONS IN CONFERENCE

Monetary Convention Formally Opened at Brussels.

ITS FAILURE ALREADY PREDICTED.

Surprise Occasioned Because the United States Representatives Had No Definite Propositions to Submit—Adjournment Until Friday—Personnel of the American Delegation.

BRUSSELS, Nov. 23.—The International Monetary Conference was formally opened yesterday. The meeting took place at 3 o'clock. M. Beernaert, the Belgian Prime Minister, M. Montefiore Levi and the Hon. E. Terrell, United States Minister to Belgium, spoke.

The conference then adjourned until Friday. Spain, Austria, Hungary, Belgium, France, Germany, Great Britain, Greece, Italy, The Netherlands, Portugal, Roumania, Servia, Sweden, Norway, Switzerland and the United States have sent delegates.

Great astonishment is expressed by several of the delegates at the statement, by American representatives, that they had no formal propositions to submit. The English delegates particularly are very much surprised at this, and impatient to get away, if no special programme is brought forward by the United States. The representatives of the latter, however, promise to present their programme before Friday's session.

It seems to be the general idea that the Conference will resolve itself, at the instance of the American delegates, into a discussion of bi-metallicism. If so, several delegates consider the failure of the Conference a foregone conclusion. It is evident that the English delegates, at least, will do their utmost toward making it so.

The following are the United States delegates to the conference: Senator William B. Allison, Congressman James K. McCrory, E. Benjamin Andrews, president of Brown University; Prof. Ronald Falker, of the University of Pennsylvania; Thomas W. Candler, Thomas T. Keller, James T. Morgan, Senator John R. Jones, Henry W. Cannon, president of the Chase National bank, and E. O. Leach, Director of the Mint.

A FAMILY WIPED OUT.

Father, Mother and Daughter Turned to a Crisp at Sharpshooter, Pa.

PITTSBURGH, Nov. 23.—The lives of one entire family were blotted out by fire yesterday morning.

The dead are: HIRSH DANAHOUR, aged 45 years. Mrs. DANAHOUR, aged 43. A daughter aged 10 years.

The Danahour family lived in Pleasant Valley, Ohiara Township, just outside of the town of Sharpshooter.

They had a greenhouse in the basement of the house and placed a furnace in it Monday.

It is presumed that the furnace became overheated, setting fire to the wood-work.

The family died before their neighbors knew of their danger.

When the fire was discovered the house had been burned to the ground and the charred remains of father, mother and daughter were found among the ruins.

Danahour was a tinner by trade and quite well known.

The terrible holocaust has caused the greatest sorrow throughout the valley, as the Danahours were socially inclined and were well liked by their numerous friends and neighbors.

The unfortunate victims' remains were buried entirely beyond recognition, the only being left of them but a mass of charred and blackened flesh and bones.

Electric Road for Corning.

CORNING, N. Y., Nov. 23.—Articles of incorporation will be filed in the office of the Secretary of State in a few days for the Citizens Electric Railway company of this city, which has just been formed with a capital stock of \$100,000. The company is made up of New York capitalists and prominent local citizens. They will build an electric railway running through the city and to the hamlets of Gibson and Painted Post.

Bravery of a Policeman.

NEWARK, N. J., Nov. 23.—Policeman Michael Tully was almost killed while endeavoring to save the life of Edward Buffin, colored, who was driving the team belonging to H. E. Jones, valued at \$3,000. The team ran away and Tully, in attempting to stop it, was thrown under the wheels of the carriage and was cut and bruised.

On Trial for Killing Her Husband.

BINGHAMTON, N. Y., Nov. 23.—Mrs. Alvin De Long, who shot and killed her husband Oct. 19, 1891, is being tried here on the charge of murder. De Long was a libertine, spending much of his money in saloons. One night De Long struck his wife and then she shot him. It is believed her mind is affected.

## CONVENING OF THE REICHSTAG.

Opened in Person by the Emperor—Comments on His Address.

BERLIN, Nov. 23.—The Kaiser opened the Reichstag in person. Nearly every member was in attendance, and the closest attention was paid while His Majesty delivered his address.

He spoke with a depth of intonation that seemed to indicate his feeling in regard to the coming struggle over the Army Bill.

There was a general attendance of the Imperial Ministry, Chancellor Caprivi, occupying the place of honor near the sovereign.

The Kaiser said he regretted that the cholera had caused such suffering and loss of life in portions of the Empire, besides the suffering caused, the cholera had damaged the economic situation, especially in regard to exports. Contrary to expectations, the cholera still lingered in the country, but he hoped that it would soon disappear.

It was much appeared to make an excellent impression, largely because it so carefully avoided giving any pessimistic reason in explaining the necessity for the Army Bill. The friends of the government were pleased, and its opponents were relieved by the cautious and conciliatory wording of the Kaiser's address.

DEPUTIES DECLINE TO SERVE.

Hard Work Obtaining a Commission to Investigate the Panama Co.

PARIS, Nov. 23.—The Chamber of Deputies rose last night without having accomplished anything toward choosing the commission of 33 to investigate the affairs of the Panama Canal company.

The last proceeding took place amid great confusion. As members after members were selected to serve, and as often declined the honor, the uproar became almost unbearable.

Shouts, hisses, and applause frequently drowned the voices of those trying to speak. Most of the Deputies were quite worn out when the sitting closed.

The attempt to get together a commission will be resumed to-day.

M. Ribot's declaration that the Colombian government had not yet consented to prolong the canal company's concession has excited general comment. It was understood that at least a year more had been allowed the company.

CONVICTED OF ARSON.

Georgiana Bishop, 14, to be Sentenced at Poughkeepsie To-day.

POUGHKEEPSIE, N. Y., Nov. 23.—Georgiana Bishop, 14 years old, was tried here to-day in attempting to burn the barn of Sydney Smith of Pine Plains. She had also attempted to burn five other buildings. Testimony for the prosecution showed that she had confessed the crime.

The defense produced testimony to show that she was induced by means of threats and promises of immunity from punishment.

The jury returned a verdict of guilty of arson in the third degree with a strong recommendation to mercy.

The girl will be sentenced to-day.

FATHER AND SON ASSAULTED.

James and Albert Fish Robbed and Shot at Pontiac, K. I.

PROVIDENCE, Nov. 23.—James Fish and his son, Albert, were murderously assaulted by three strangers in their store at Pontiac Monday night.

Two of them pointed revolvers at their heads, while the third robbed the drawer of \$50.

One of the men fired a shot at the elder Fish, which penetrated his neck. The son, in attempting to divert the attack from his father, was shot in the left ear.

The assailants escaped.

Wassonaker Will Stick to Philadelphia.

WASHINGTON, Nov. 23.—The attention of Postmaster-General Wassonaker was called to a published statement that he contemplated the establishment of an immense retail business in Washington. He pronounced the story unfounded, and said that such an idea had never occurred to him.

A Syracuse Girl Missing.

SYRACUSE, N. Y., Nov. 23.—May Deming, a 15-year-old girl, disappeared from her home in this city on Sunday. She had become acquainted with a member of the "Eight Balls" company, and circumstances point strongly to an elopement. The company is now playing in New York city.

To Build a Big Steel Plant.

READING, Pa., Nov. 23.—Negotiations are pending between a steel syndicate representing \$4,000,000 and Jonas Shalter, of Muhlenberg township, for the purchase of his farm of 170 acres. The syndicate, it is believed, will erect a plant similar to that at Steelton, near Harrisburg.

Republicans Win in Dover, N. H.

DOVER, N. H., Nov. 23.—The Republicans elected Alonzo M. Foss mayor yesterday by 637 majority, and elected eight out of ten aldermen and twelve out of fifteen councilmen. There was a Democratic mayor last year and the Republicans are very happy over their victory.

First Iron Casting in America.

LYNN, Mass., Nov. 23.—The first iron casting made in America—a kettle—cast at the Saugus Iron Works in 1642, was formally presented to the city Monday night by J. E. Hudson of Boston, lineal descendant of Thomas Hudson, the original owner of the casting.

Artist Remedily Dined.

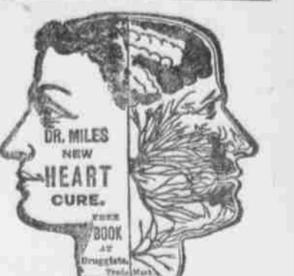

NEW YORK, Nov. 23.—W. T. Smedley, the well-known artist of Harpers, was tendered last night by his fellow members of the Players' Club, a wedding dinner. It was in the nature of a pleasant leave taking before he joins the ranks of the beneficiaries.

No Reduced Rates to the Fair.

CHICAGO, Nov. 23.—The mass meeting of passenger lines of the United States and Canada, which has been in session two days, adjourned without committing the delegates to any plan of action concerning reduced rates to the World's Fair.

Frans Chioamen and the Exclusion Law.

SAN FRANCISCO, Nov. 26.—Chinese merchants here declare that as a result of the Exclusion Law many of the Chinese firms here will disband and the majority of the members return to China. A financial crash among them is imminent.

## HEART

DISEASE in all forms, Palpitation, Nervousness, Weakness, Headache, Dizziness, Vertigo, Stomach, etc., cured by DR. MILES' NEW HEART CURE. A new discovery by the eminent Indiana Specialist, A. P. Davis, M.D., cured many years troubled with Heart trouble. Two bottles of DR. MILES' NEW HEART CURE cured me. Let us hear from you. Write to Dr. Miles' Medical Co., Elkhart, Ind.
