IMPROVEMENTS.

COMET FAILED TO STRIKE

And Thousands Were Disappointed in Consequence.

GREAT ALARM IN PHILADELPHIA

Three Cases of Insanity Through Pear o Destruction Beported from That City-False Alarm at Bridgeport-Astrono mers Convinced That the Comet is Not Birla's.

PHILADELPHIA, Nov. 28 .- Great interest was manifested in this city last night on account of the promised appearance of the comet, and as the shades of evening began to gather hundreds of men, women, and children gathered on the streets for the purpose of witnessing the expected heavenly wonders.

Threatening clouds hovered over the city, and positions out of doors were rendered decidedly uncomfortable by the damp, chilly air, but the crowds maintained their positions until long past the hour fixed by the astronomers for the collision, when they were driven home by a drizzling rain which began to fall.

There were many who were afraid to venture from their homes and preferred to die by their own firesides if the expected death was to come. Three cases of in-sanity through fear of the destruction of the world were reported by the police and prominent physicians who were seen, predicted that many cases of nervous prestration and possibly death would re-sult from the intense strain upon the nervous system of the weak and super-

Mamie Haniford, 22 years old of 825 Wood street, became violently insane and by the advice of her physician was sent to the insane department of the Philadelphia Hospital to be cared for.

THEY LOOKED IN VAIN.

New Yorkers and Brooklynites Out in Force to See the Expected Smash.

NEW YORK, Nov. 28 .- Thousands of New Yorkers who spent the hour from S to 9 last night abroad, looking for the comet and awaiting the shock, were compelled to go home disappointed. Instead of the comet there were acres

of clouds covering the skies solidly in every direction. No comet could be seen, and, as no great commotion was felt, in this region at least, it was decided that

this region at least, it was decided that the promised show was a failure. At Columbia college Prof. Rees had everything ready, but as science could not penetrate the veil he made no observations.

The clouds cleared away for a moment

toward midnight and Gilbert P. Serviss, the Brooklyn astronomer, was enabled to eatch a glimpse of two or three flery darts of minor importance. Some of these meteor's Mr. Serviss thought, came from Andromeda, and so were part of the ad-vertised display. Others were traced back to Taurus and were classified as accompanying another comet of which the public knows very little and and cared

Bridgeport Bung Out of Bod,

Barnospour, Nov. 28 .- "It's the comet sure!" was the exciamation on all sides at 9 o'clock last night when the fire bells sounded, it having been previously annonuced that the bells would ring in case of the appearance of the comet or a meteoric display. People bovered on the street to see the heavens in the cast aglow and many were frightened and thought the city was doomed to destruction. The alarm was occasioned by the grass on Stratford beach being in flames.

Not Biela's Comet.

St. Paul, Nov. 28.—Although clouds somewhat hindered observation at Lord sell Observatory, what Drs. Payne and Wilson saw of the comet has convinced them that is not Biela's. They think that it is a new comet or one whose orbit has changed.

MISS HALL FOUND. The Demented New Canaan Woman Dis covered in New Rochette, N. V.

New York, Nov. 28 .- Miss Julie Hall b came mildly demented on Thanksgiv ing Day, and tell her home in Nev naan, Conn., to see the world. She is 33 years old, and the daughter of R. C. Hall, president of the New Canaan First

Seventeen leading men of the village organized a search party and went down o New Rochelle, where the last clus to her ended, and vainly ransacked the whole neighborhood for two days with out result.

At noon yesterday the Misses Emmett, residents of New Rochelle, found the missing woman wandering about, smil-ing to berself. The search party took her back to New Canaan in triumph.

Progress of Indian schools.

WASSERSTON, Nov. 28 - Mrs. M. A. Dorchester, special agent for the Indian School Service, reports an improvement in school buildings and their general comfort. While much remains to be done the tone of the Indian school ser-wice shows that an earnest effort is being made to bring it up to a high standard, industrially, intellectually and morally.

British Gunners on a Jamberce.

DUBLIN, Nov. 28.—The gunners of the Soth hattery, Royal Field artilley, stationed is Limerick, isft the barracks yes-terday against orders, got drunk, and marched up and down Mulgrave street smashing windows. Six of the men were arrested, and will be courtmar timied.

Thirty special Land Agents to Go.

Washington, Nov. 28.—About thirty special agents of the General Land Office, located principally in sile North-west, will be at once dropped from the rolls, on account of the decree made in the appropriation for that purpose.

The Staward Swept Overboard at Sea. Boaron, Nov. 28.—Steamer Europe

Washington, Nov. 28. - Senator Kenna is so very much better to-day that his friends feel much encouraged and now

entertain strong hopes of his speady and

permanent recovery.

NATURAL GAS FAILING.

The Pressure in Ohio Greatly Decreased-Manufacturers Cut Off.

SPRINGFIELD, O., Nov. 28.-All of Ohio using natural gas is greatly aroused over the unmistakeable evidence that the supply is alowly failing. The pressure in the great Merciar county fields has fallen from 400 pounds to 75 and 80 pounds, and new wells are being constantly drilled in what has been a discouraging effort to fulfil contracts to supply cities on the big pipe line, such as Dayton, Springfield, Sidney, Troy, Piqua,

To facilitate the distribution of gas new-fangled force pump is being used to hurry the gas through the mains.

All manufacturers have been out off and nothing larger than a hotel is now supplied with the convenient fuel. pressure is getting so unreliable and variable that hotels are taking out their burners.

The local officials of the company are discouraged over the prospect, and con-sumers fear that they will have to return to the use of coal. Some are inclined to think that the large flow from the big wells in Indiana and the largely in-creased use of it there have something to

do with the pressure here.

The local franchise ordinarily requests a four ounce pressure all the time. a week it has been below that daily.

THE CONSTITUTIONAL CONVENTION Opinion at Albany Against Holding One

ALBANY, Nov. 28 .- There is not likely to be a constitutional convention here next summer, although the last Legislature ordained that there should be one. Diligent inquiry has been made among State officials and prominent politiciaus and the concensus of opinion is that the convention had better be postponed for

t least a year.

Secretary of State Rice has finished sending the notifications of the special election ordered for delegates to this convention. Hardly a State official can be found who is favorable to the convention being held this year and the most general objection is that neither party desires to hold a State convention this

winter, which they would have to do to name the delegates at large.

Among those who it is alleged do not favor the holding of a convention this summer are Senator Hill, Edward Murphy, jr., Richard Croker and William F. Sheehan, and one of the first actions of the Legislature will be to postpone the election until 1894.

LAW BREAKERS IN POWER. The Baid Knobbers Again in Control in

Taney County, Mo. SPRINGFIELD, Mo., Nov. 28 -At the recent election the Bald Knobbers, who have been keeping quiet since five of their ringleaders were hanged three years ago, carried Taney county, and are

again in control of affairs. They are already becoming arrogant, and have served notices on several officers

who helped to prosecute them that they
must leave the county.

Lawlessness, which, for a time, was
not so prevalent, has broken out again.
Recently the only church in the county was burned, and neighboring counties have been suffering from depredations by horse thieves.

Taney county is probably the only organized county in the United States where the element recognized as law-breakers constitute a political power.

ENGLAND TO DEMAND REDRESS. A Britisher Arrested During the Idaho Mine Trouble Wants Satisfaction.

Borss Crrv, Idano, Nov. 28.-The Cour d' Alene riots of last summer seems destined to be productive of international complications. One of the foreigners arrested in July by the military authorities for alding and abetting the rioters has prevailed on his government to demand redress from the United States.

The man in question is Alex. R. Chea-holm of Warder, a subject of Queen Victoria. The British government has requested an explanation from this governsent, and the authorities at Washington have asked Secretary of State Pinkham of Idaho for information.

Norway Will Send a Viking Ship.

WARRINGTON, Nov. 28.—Secretary of State Foster is in receipt of a despatch from W. W. Thomas, jr., United States Minister at Stockholm, stating that, in view of the great risks attending its transportation, it will be impossible to sure the Viking ship for exhibition at a World's Fair. But a fac-simile is being built in Norway, which, manned by a crew of Norwegians—the Vikings of today-will sail next spring.

Convict O'Brien Arrested Again.

NEWARK, N. J., Nov. 28. - James O'Brien, an ex-convict, upon whom sent-ence was suspended a week ago for an assault committed upon Policeman Bowe, was arrested again last night for stab-bing John Kelleher, alias "Whitey," in a River street saloon. O'Brian was about, celebrating his release, when he got into a quarrel with Keileher. The latter was stabbed in the left side and in the face, and is seriously wounded.

A Newark Child Abduored.

NEWARK, N. J., Nov. 28.—May Mor-ris, aged 5 years, was abducted yesterday afternoon from Wm. Green, of No. 216 Ogden street, while on her way to Sun-day school. Green adopted the child after her father's suicide a year ago, but never obtained legal papers. May's sister Polly, who is still under age, married ramed Condit, and it is alleged that he is the abductor.

Newask, N. J., Nov. 28.—Maggie Williams, 25, living on Fifteenth ave., awallowed some flucture of lodine last night, thinking that the battle contained cholera drops. Some neighbors heard her grouns and summoned a physician, who says the girl may recover.

Hilled on the Jersey Contral.

JERREY CITY, Nov. 28.—A New Jersey Central track walker yesterday found scattered along the track in the Mont-clare section of the city the remains of a man who had been cut to pieces by an The remains have not yet been identified.

Myer Will Mact M'Anliffe.

CHICAGO, III., Nov. 28. - Billy Myer has arrived in this city. He says he will be in condition to meet McAuliffs as solved-uled. These old time adversaries will box ten rounds for scientific points in the 2d Regiment Armory on Dec. 10.

THE LAW A DEAD LETTER

Chinese Restriction Act & Complete Failure.

ONLY FIVE CELESTIALS REGISTERED.

And This Out of a Population of at Least 250,000-It Will Cost Over \$10,000,000 to Carry Out the Provisions of the Statute Next May.

Washington, Nov. 28.—It seems to be the unanimous spinion of those entrusted with its execution that the latest Chinese restriction act has fallen a dead The law was passed on May 5 last and

required that within one year from its sage all Chinese laborers within the United States should take out registration papers before the Collector of Inter-nal Revenue of their respective districts and furnish photographs of themselves for purposes of identification.

On July 7 the Internal Revenus office issued its forms of application for registry to all the officers having Chinese laborers residing in their districts, and distributed warnings in Chinese through all the Chinese quarters, enjoining every Chinaman who wanted to remain in the United States to come up and register and to bring his photograph with him to be ready to swear that it was a correct

Up to to-day just five Chinamen in the whole United States have compiled with the law, and they are residents of far off Oregon. Two others offered to do so provides the certificates to be issued them covered the right to go to China and return, but as this was something distinctly forbidden by the law their con-ditional offers were rejected.

According to census figures there were 107,478 Chinese in the United States June 1, 1890.

These figures are, however, believed to fall far short of the truth. The diffi-culties of enumerating Chinamen are very great, and their evasive powers are

far above the avorage.

Wong Ching Foo, Secretary of the Chinese Liberal Rights League, claims that there are not fower than 150,000 Chinese in this country possessing qualifications which he contends should enmake the total Chinese population double that number, or, at least 250,000.

The only penalty provided by the law

for fallure to comply with its provisions is deportation to China. Taking the lowest estimate—that given by the Cenous people—107,700, and the average cost of shipping each Chinaman from his present pince of residence in the United States to some port in the Flowery Kingdom at \$1000—a very moderate estimate—the enforcement of the law would involve the expenditure of \$10,750,000.

The duty of carrying out this listle programme is imposed by the statute upon the Secretary of the Treasury and the Attorney General, and \$50,000 is appropri-

ated for the purpose.

The additional \$10,700,000 required for transportation purposes must be paid by the next Congress if the law is to be enforced on May 5 next, for it is made evident that the Chinese now resident in the United States have not the aligntest in-tention of attempting to comply with its provisions.

TO-NIGHT'S MILL.

Believed That the Costello-Greggains Fight With the a Long and Stubborn One. New York, Nov. 28.—All prepara-tions for the fight to night at the Coney Island Athletic Club between Costello and Greggains have been completed.

The men are in the pink of condition and the bout is looked forward to with much interest.

Mr. Eckhardt, the official referee of the club, informed a reporter this morning that although the men are not prominently known on the Eastern coast, he believed that the attendance would be fully as large as that at the recent fight between Choynaki and God-

frey.
"The club," he said, "Is in receiptr of a large number of applications for tickets, and most all of the desirable seats

have been bought up.
"That it will be a good, game fight, I have no doubt," he said. "I am trying to get the Yale and Frinceton foot ball teams to attend in a body, but cannot say, just yet, how successful my efforts will be."

The consensus of opinion among the

sporting fraternity is that the fight will be the longest and most stubborn that has ever been pulled off in the arena of the Coney Island Athletic Club. Greggains is almost the counterpart of

Greggains is almost the counterpart of Bob Fitzsimmons in stature, standing six feet high, and only weighing when in condition 156 pounds.
