TO BE MAINTAINED.

President Harrison is determined that American rights on the Isthmus of Panama will be maintained. He can be trusted to assert the just claims of the United States calmly and with dignity, as in the Chilean controversy, but with the same determination and the same result. The United States cannot allow a European government to seize and operate the only railway line across the Isthmus. French governmental control of the Panama railroad would mean the closing to American commerce of the only practicable route for merchandise across the narrow barrier that separates the Atlantic from the Pacific. The disaster which it would inflict on our South American trade, and the ruin which it would bring to American shipping engaged in that trade, furnish ample ground for interference by the United States.

Aside from its commercial aspect the attempt to make the Isthmus French territory is in flagrant defiance of the Monroe doctrine. The Republican party is pledged to prevent the encroachment of European governments on American soil. When the Second French Empire was at its height, a Republican administration demanded the withdrawal of the French army from Mexico; and the Third Napoleon, pledged though he was to support the usurper Maximilian in his scheme to set up an imperial throne in the southern republic, lost no time in obeying the mandate.

American rights never had a more resolute and capable defender than Benjamin Harrison. The United States will maintain the independence of the Republic of New Granada, or Columbia, as it is now called, as firmly as it maintained the independence of Mexico. The Monroe doctrine will be upheld. American commerce will be protected from foreign assault. The nation will support the administration in opposing European aggression upon the interests of this country and the liberties of a weak American state.

FIRST FRUITS.

[By Associated Press Leased Wire] LONDON, November 25.—The London Times announces that the Ceylon Tin Plate Works have resumed after a suspension of three months. There has been a general resumption in the swansea and Llanelli districts resulting from extensive American orders. The above was clipped from our Democratic contemporary, the Evening Chronicle. Workingmen, who voted for Cleveland put this in your pipe and smoke it.

The news from South Dakota announcing that the Democrats are seeking to repeal the prohibitory law of that state should serve freshly to remind the prohibitionists of the country on what side of the fence their friends are. The Democratic party is everywhere the liquor party, and whether in New Jersey or in Kansas, its members are ever found championing the cause of the saloon-keeper. And yet, with seemingly no other purpose than that of keeping their avowed enemies in power or enabling them to make new conquests, each election finds the prohibition party arrayed against and drawing from the ranks of the Republican party. The latter organization has either wholly stopped or restricted in a great measure the sale of liquor in many states, but it cannot maintain the good it has accomplished in any of them when the Democrats, aided by the prohibitionists, gain the ascendancy.

The Democrats will probably abolish civil service. It should have gone long ago. A bigger fraud never existed. Such a thing was never intended for the American people. "To the victor belongs the spoils."

The opinions of our astronomers in regard to the comet have been as varied as were the predictions in regard to the late election. No two of them agreed, and to cap the climax, clouds and rain intervened, preventing them from ascertaining which was the best guesser.

MRS. DEACON'S DENIAL. Says the Latest Charge is Another Instance of Her Husband's Infamy. PARIS, Dec. 1.—Mrs. Deacon says, regarding the charge that her husband would name as co-respondents, in a suit for divorce, Princes Le Polz, Leon Renault and M. Cotte Rochefoucault: "My acquaintance with the gentlemen mentioned is most formal. I know their wives slightly, but the husbands have never been in my house. This is, alas, only another instance of Mr. Deacon's infamy."

"In regard to the refusal of the competent authorities to again receive my daughter, Gladys, Mr. Deacon's conduct was so scandalous that the Mother Superior, who is a good friend of mine, very properly refused to keep the child. She told Mr. Deacon when he called the course she would be obliged to pursue if he persisted in his confidences to the press."

New Haven Chamber of Commerce Dinner. NEW HAVEN, Dec. 1.—The annual banquet of the Chamber of Commerce of this city occurred last night and was a brilliant affair. Col. Morris G. Osborne, of the "Register," acted as toastmaster. Gov.-elect Morris, Prof. Hadley, of Yale university, and Amos Parker Walder, of New York, spoke.

From Merchant and Customer.

THE SAME GLAD CRY, "IT MADE ME WELL."

Dr. David Kennedy's Favorite Remedy of Roadnot, N. Y., the talk of the Country.

Mr. W. F. Johnson, the leading merchant of Gainsville, N. Y., said today: "I have sold over 50 doz. of Dr. Kennedy's Favorite Remedy, and have never had a bottle returned or a fault found with it. One of my customers tried his doctor's and his doctor's and he was then no better, took a bottle of Favorite Remedy upon my recommendation, and it did him more good than the physician's long treatment. He then bought six bottles of mine and was a well man long before they were used up."

Such words as these must impress the sick or ailing one.

Three years ago I was troubled with Bright's disease. The best doctors said I could not live three months. I then commenced using Dr. Kennedy's Favorite Remedy and I am now well as ever. C. L. FLEMING, Birmingham, Conn.

It is not for Dr. Kennedy's Favorite Remedy I think I should die from constipation. Favorite Remedy gives me an appetite, produces refreshing sleep, and cured me of a nervous affection I had for years. It is a tonic, and I could not live without it. Mrs. JULIA A. YARLE, Kingston, N. Y.

Then lose no time, but take Dr. Kennedy's Favorite Remedy. THE PANAMA SWINDLE

Startling Disclosures in the Investigation.

THE PARIS PRESS SUBSIDIZED

Evidence Showing That Nearly Every Editor in the Capital Has Been Bribed by the Canal Promoters—Gross Mismanagement of the Company's Funds.

PARIS, Dec. 1.—The Parliamentary commission of inquiry into the Panama canal frauds has summoned two expert accountants to give evidence. Accountant Elory excused himself on the plea of professional duties. Accountant Rossignol, however, appeared, and he made the first sensational revelations of the investigation.

He said that a system of newspaper subsidies in connection with the canal enterprise was long under his personal observation. The beneficiaries of the system comprehended most of the Paris editors.

Whenever new loans were to be floated or derogatory rumors were to be written down large sums were paid out to secure the most favorable notices from the newspapers.

He had not full knowledge of all the transactions between editors and promoters, but he knew positively of certain journals which were subsidized whenever any new boom was required by the canal people.

Every time a new loan was to be placed the "Petit Journal," he said, received 100,000 francs, the "Figaro" 80,000, the "Telegraph" 150,000, the "Debat" 25,000, the "Matin" 50,000, and the "Gaulois" 50,000.

These were the amounts paid in ordinary emergencies.

When any exceptionally great move was contemplated, the subsidies were increased. Thus, when the lottery bonds were floated, the above-mentioned sums were doubled.

In his general statement of the company's affairs M. Rossignol said that up to 1888 one milliard of francs had been spent. Of this sum, 600,000,000 had been sunk on the Isthmus, 100,000,000 had been used on the management, and 300,000,000 went for advertising, subsidies and legitimate and illegitimate means of booming the enterprise. Heavy commissions were paid to the Credit Lyonnais and others effecting the issues of loans. A million and a quarter were paid out without having been entered in a formal account. The general heading was "Various Disbursements" and it was also evidence of careless book-keeping.

M. Rossignol said that the company had labored under great pressure from America, and that men at the Isthmus "literally held the knife at its throat." Threats were made to arm 3,000 workmen on the canal and seize and hold all the plant unless more money was forthcoming.

M. Rossignol did not seem to feel any sympathy with the feelings which his statements roused in the commissioners, but told his story with apparent nonchalance.

MR. CLEVELAND SUES.

A Virginia Lawyer Sues a Numerous on the President-elect.

RICHMOND, Dec. 1.—Unless President-elect Cleveland can find some way to safely disregard the summons of the Chancery Court of Richmond, he will have to appear before that tribunal at 11 o'clock next Monday morning to answer a bill of complaint filed by Willis B. Smith, a young lawyer of this city.

The summons was served on Mr. Cleveland at Broadwater Island, last evening by Sheriff Jarvis of Northampton county.

Smith's suit was instituted eighteen months ago. He claims \$5,000 damages for alleged breach of contract for his professional services in the matter of the Virginia debt. Mr. Cleveland was chairman of other members were ex-Secretary Bayard and ex-Minister E. J. Phelps.

NOW ROBBING CORPSES.

The Chicago Thieves Have Begun Operations in the Morgue.

CHICAGO, Dec. 1.—The thieves who are infesting Chicago have begun to rob the corpses in the city morgue.

Tuesday night they entered the office of that institution and carried off a big clock.

Yesterday they got into the place where the bodies are kept and took a pair of trousers of the corpse of a negro, who committed suicide two days ago.

They also took the shoes off the feet of another corpse, and carried away a large amount of clothing which had been taken from the bodies of the unknown dead, and which was kept for the purpose of possible identification.

There is no clue to the thieves.

Found His Body in a Swamp.

LOWVILLE, N. Y., Dec. 1.—The remains of Robert Jones, one of the publishers of the Lowville "Times," who mysteriously disappeared Aug. 19, were found yesterday in a swamp near North Stockton, St. Lawrence county, by a boy who was hunting rabbits. Mr. Jones left home while suffering from mental aberration. He was 37 years old.

Lamp-chimneys cost so little that we let them go on breaking.

We go on buying and grumbling.

What should we do? Get Macbeth's "Pearl-top" and "Pearl-glass;" they are made of tough glass, tough against heat; they do not break in use; they do from accident.

They are fine, well made, exact; they fit the lamps they are made for; stand upright; the shade is right; they make a right draught for light; they are uniform. Both bear a label for your protection. Look for it.
