The EVENING HERALD has a larger circulation in Shenandoah than any other paper published. Books open to all.

SUBSCRIPTION RATES:
DAILY, PER YEAR, \$3.00
WEEKLY, PER YEAR, \$1.50

Advertising Rates:
Transient, 10 cents per line, first insertion; 5 cents per line each subsequent insertion. Rates for regular advertising can be had on application at the office or by mail.

Entered at the Postoffice at Shenandoah, Pa., for transmission through the mails as second-class mail matter.

ELECTRIC RAILWAYS.

Luzerne, Columbia and Northumberland Counties to Connect With Schuylkill.
Electric railway projects are taking root throughout this region and within a year or two we may expect to see through lines stretching from Hazleton to Pottsville and this town and on to Centralia, Mt. Carmel and Shamokin. There has been a great change in the sentiment of the people since the Herald first called attention to the advantages of this system of travel and urged the people to take hold of it. Three years ago most of our neighbors and our townsmen laughed at the idea of Mahanoy City, this town, Girardville and Ashland being connected by an electric railway, but since that time their eyes have been opened and they see in "nonsensical ideas" a profitable investment and a great public convenience.

Before long Shamokin will be connected with Pottsville, Hazleton and all intermediate points by a continuous line of electric roads. Already right of way has been secured for a road from Uniontown through Shamokin to Mt. Carmel and it is expected that the road will be completed by next summer. When this is done arrangements will be made to connect with the Schuylkill Traction Company's line at Ashland.

Another project on foot is to run a line from Pottsville to St. Clair and Mahanoy Plane, make a plane at Frackville to lower and hoist cars for connection with the Schuylkill Traction Company's Mahanoy Plane and Mahanoy City line.

The next step will probably be the opening of a direct line between Shenandoah and Mahanoy City and eventually Delano will fall into line, and then will come the connection of Hazleton which will mean the completion of through lines between all the points mentioned.

Martin Markle is one of the stockholders in the proposed Shamokin and Mt. Carmel branch. He says everything in connection with his branch is progressing nicely and work on it will be commenced in the course of a few weeks.

And simultaneously with these many projects we find arrangements under way to push the Lancaster and Tamaqua electric railway ahead early in the spring with a view of getting the road in operation between those towns by next fall. Application for a right of way through Broad street, Tamaqua, has been made to the Council of that borough.

Meanwhile the Schuylkill Traction Company is pushing all its extensions as fast as labor and capital can make them go. On Friday the charter of the Mahanoy City, Shenandoah, Girardville and Ashland Street Railway was placed on file, together with a \$300,000 mortgage, by the Schuylkill Traction Company, the lessee of the former road. The original charter of the Mahanoy City, Shenandoah, Girardville and Ashland Street Railway Company was to exist for 669 years. The original stockholders are Charles E. Titman, 25 shares; Elias Davis, 20; M. J. Whalen, 20; B. J. Yost, 20; S. W. Yost, 20; H. C. Boyer, 20; O. A. Keim, attorney, 1,000; John F. Finney, 20. The capital stock was \$100,000. The mortgage filed Friday was for \$300,000 and was dated October 30, 1892. It is given to the Union Trust Company, of Philadelphia, by the Traction Company. The instrument recites that the latter company was incorporated and organized on September 23, 1892. The capital stock has been increased to 6,000 shares of par value of \$100 each and said shares are fully paid, partly in cash and partly in the acquisition and purchase of other railways, franchises and property, with J. F. Bailey, president.

"All worn out" is the expression of the steadiest sufferer with that terrible cough. Fan-Tan puts a stop to it. It's a remedy for Coughs, Colds and Consumption. 25 cents. Fan-Tan is sold at F. F. D. Kirin's drug store.

Attractive and Convenient.
One of the cleverest arrangements for giving the public a clear and concise insight to railroad time tables is a chart that was put up in the Ferguson House, Saturday afternoon, by Mr. George P. Meyrick. It is enclosed in a large polished antique oak frame. Two large centre panels are studded with numerous small clock dials which show the exact time trains will leave for places designated by cards placed above each. Mr. Merrick is the inventor and patentee of the chart and had a good thing in it. The tedious and uncertain work of tracing the lines and columns of printed time tables is abolished. The dials can be arranged with the schedules and they are sufficient in number to cover all incoming and departing passenger trains on the Lehigh Valley, Philadelphia & Reading and Pennsylvania Railroads. In the outer spaces surrounding the dials are the advertisements of several local business men.

Types For Sale.
We have 200 pounds minion, more or less, which we will sell cheap for cash, having no further use for the same. Apply at Herald office.

Coughing Leads to Consumption.
Kemp's Balsam will stop the cough at once.

COUNTY CHAT.

SUMMARY OF THE PRINCIPAL COUNTY EVENTS.

Presented in a Brief and Interesting Form—Latest News From all Parts of Schuylkill—Personals and Other Mention.

MAHANOY CITY.

Mrs. Morrison, of Cheyenne, Wyoming, was the guest of Mrs. J. W. Snyder. Mrs. A. K. Smith spent Thursday at Reading.

The water company are laying another large main on Main street. At a meeting of the School Board the other evening, President Keyser presented his resignation. A. K. Smith and Andrew Comrey were nominated for the vacancy. It was at first supposed that a candidate other than Mr. Comrey was to oppose Mr. Smith but early in the day it was made known that Mr. Comrey was to be his opponent and a bitter contest followed. The Comreys appeared to be fighting vigorously but the result of the ballot showed that Smith was elected by a vote of 8 to 5.

The election to decide whether the borough shall control its own water works or not will be held on Dec. 20th. Great things generally move slowly but Council seems to be wanting to rush it through "while it's hot," as one of them is quoted as stating. Is he afraid that the matter of new water works is so trivial that it might die out. Popular sentiment appears to be however against it and will most probably overwhelmingly defeat it. All the prominent men of the town who understand water works thoroughly are strongly condemning it as an almost absurdity. Why not expend the money in street paving, an almost absolute necessity—or something that we have not already. This water company has given us water for 5 years without missing a single day until last June. Let us put up with a little inconvenience and make our properties more valuable instead of depreciating them and our town to rank with any coal town in modern improvements.

The night schools will close on Monday and the day schools on Friday until the holiday season is over. The reservoirs contain sufficient water to last until next summer and fears of fire are allayed.

R. K. Bricker is in Philadelphia. Dec. 12th.

Buy *Keystone* flour. Be sure that the name *Lassco & Co., Ashland, Pa.* is printed in every sack. 3-3-Staw

Give Him a Call.

"Pop" Schoener is again in business and with his son, James, who is well known throughout the county as an expert caterer, has opened an oyster house and restaurant at 35 North Main street. The best meals at all hours and at reasonable prices. All kinds of soups and Schoener's famous pepper pot constantly on hand. Give "Pop" a call. 12-9-21

From Merchant and Customer

THE SAME OLD CRY,
"IT MADE ME WELL."

Dr. David Kennedy's Favorite Remedy, of Kew-Forest, N. Y., the talk of the County.

Mr. W. F. Johnson, the leading merchant of Gettysburg, N. Y., writes today, "I have sold over 50 boxes of Dr. Kennedy's Favorite Remedy, and have never had a bottle returned or a fault found with it. One of my customers told his doctor that he took a bottle of it and it did him more good than the physician's long treatment. He then bought six bottles of it and was well long before they were used up."

Three years ago I was troubled with Bright's disease. The best doctors said I could not live three months. I then commenced using Dr. Kennedy's Favorite Remedy and I am now well. C. L. NEAL, Birmingham, Conn.

I was afflicted with a tumor growing over my right eye. Several physicians said there was no help for me. I began at that time to use Dr. Kennedy's Favorite Remedy and the tumor entirely disappeared and my vision was restored. W. M. PATER, Portland, Me.

If it were not for Dr. Kennedy's Favorite Remedy I think I should die from consumption. Favorite Remedy gives me an appetite, produces refreshing sleep and cures me of a nervous affection I had for years. It is a tonic, and I could not live without it. Mrs. J. A. ZEPHER, Kingston, N. Y.

Am you a victim of any kidney or bladder difficulty? Try Dr. Kennedy's Favorite Remedy at once as it cures you when about to give up all hope. F. C. BAKER, Kew-Forest, N. Y.

Have you the symptoms of dyspepsia, sour stomach, painful weight in the abdomen after eating, palpitation of the heart, short breath, headache, constipation, depression, loss of appetite? Then lose no time, but take Dr. Kennedy's Favorite Remedy. It is the discovery of a physician who has used it for years in his private practice, and it has by many thousands been proven capable of doing all that is claimed for it.

TWICE TOLD TALES!
Are sometimes a bore, but when the people are told twice that at Gallagher's Cheap Cash Store they can buy Flour and Tea at lower rates than anywhere in town they are glad to test the truth of the oft repeated story. He also keeps on hand full line of Groceries, Fresh Butter and Eggs, Potatoes, Green Truck, Hay and Straw.

DISEASE BREEDING.

A Letter From a Physician on the Subject.

EDITOR HERALD:—To gather and dispose of the waste matter under the different forms in which it exists in domestic life without offending the senses or polluting the air we breathe or the water we drink, is agitating the sanitary world to-day. There was a time when this question did not press so hard for an answer, but with the increase of population, the closely crowded dwellings, and their still more closely-compacted inhabitants we find ourselves confronted with an issue that needs prompt handling, especially when ignorance on the part of the people and indifference on the part of the officials are coupled with the deplorable condition of affairs that exists in this borough. The education of the masses in the essentials of health, and the relations of filth and dirt to disease is the principal and particular duty of our local sanitary committee. It is no less the duty of the borough officials to provide such measures as will promote the health and prevent disease among the inhabitants, than it is to give them good government or well-paved streets. In a town like ours, where there are no sewer connections the disposition of waste or refuse liquids and solids is more important than at first sight would appear. From the kitchens are discharged the fish and other general waters which have been appropriately termed "organic broths," readily responding to inoculation, and, in fact, all the waters which are used in the household are so charged with organic waste as to make their retention in or about houses imprudent, if not dangerous. In the absence of a proper method of disposal these wastes find their way into the street or alley, and slowly find their way for a square or two, or even three squares, giving off offensive odors and creating here and there stagnant pools of greasy and foul looking nastiness. There is a borough ordinance (passed nearly ten years ago) which prohibits the throwing into the streets or alleys of rubbish of any kind, but it is entirely unheeded. M. D.

Shenandoah, Dec. 10, 1892.

MISS HALL RETURNS

She Refuses to Tell Where She Has Been in Hiding.

NEWARK, Conn., Dec. 12.—Parker Russell L. Hall's daughter, Miss Julia Hall, who disappeared from her father's home in New Canaan last Friday afternoon, returned last night at 11 o'clock. Rev. Dr. Bower, the pastor of the New Canaan Methodist church, who was at the head of a party of over 100 citizens organized to search for the demented young lady, never lost hope that she would be recovered alive, but her father's less buoyant spirits seemed to have completely deserted him. He moaned and cried in his anguish that his daughter had wandered off into the woods and there taken her own life.

In appearance Miss Hall has not suffered much during her fifty-four hours absence, and save for a few evidences of slight mental and physical exhaustion, in her eyes, particularly, one could hardly believe that she had been away from the ordinary surroundings of a young woman in good circumstances for so long a time. When the first feelings of joy and thanksgiving had passed after her return an effort was made by Mr. Hall to draw from his daughter some information as to where she had been and why she had gone away in such an unceremonious manner.

Miss Hall was decidedly taciturn, even to her father, and to all inquiries she paid not the slightest heed and neither by word nor gesture vouchsafed reply.

PRICES OF FARM PRODUCTS.

December Returns to the Department of Agriculture.

WASHINGTON, Dec. 12.—The December statistical returns to the Department of Agriculture relate to farm prices. The value of corn is 39.8 cents per bushel, decreased by the surplus of the previous crop and early distribution. It is 60 to 70 cents in the Eastern States and 55 to 60 in the Middle States.

The average price of wheat is 63.2 cents. The next lowest price was 64.5 cents in 1884. Prices in Eastern States are from 85 to 81.

The average value of oats is 31.6 cents, nearly the same as last year, as in the case of corn. Rye 54.8 cents. Barley 47.2 cents. Buckwheat 55.4 cents. Potatoes 67.8 cents per bushel, against 87.1 cents last year. Hay \$8.45 per ton, nearly the same as in 1891.

The condition of winter wheat, on the first day of December, averaged 87.4 against 85.3 last year.

The condition of winter rye is but little better, averaging 90.4.

AT BEDTIME I TAKE A PLEASANT SWEET DRINK

THE NEXT MORNING I FEEL BRIGHT AND NEW AND MY COMPLEXION IS BETTER.

My doctor says it is as good for the stomach, liver and kidneys, and a pleasant and healthy drink is made from berries, and is prepared, not as usual, as tea. It is sold at F. F. D. Kirin's drug store.

All druggists sell it as an eye and ear remedy. Buy one today. Lane's Family Medicine. It cures all eye troubles in 24 hours. In order to be healthy, this is necessary.

Tammany Society in New Haven.

NEW HAVEN, Conn., Dec. 12.—Arrangements have been completed for the formation of a Tammany society in this city, which is to be modelled after the famous New York political organization. The association will start with 1,000 of the most prominent Democrats of New Haven.

A Widow's Appeal to See Noble.

WASHINGTON, Dec. 12.—Secretary Noble is in receipt of a letter from a widow in a little town in Ohio asking him if he could not arrange it so that she might marry and still keep her pension. She says she is too old to get a husband unless she has some inducement to offer.

The FRIGHT of lard manufacturers at the wonderful success of COTTOLENE

is one of the strong evidences of its value to housekeepers.

The REASON of this success is that COTTOLENE is a BETTER shortening for ALL cooking purposes than has EVER before been produced, and has NONE of the objectionable features indispensable connected with lard. The HONEST MERIT of COTTOLENE explains its success.
