Conflicting Stories Regarding His Condition.

VO IMMEDIATE DANGER OF DEATH.

At His Residence He is Reported "About the sme"-Joseph Manley Says the Rejorts Are Enggerated A Relative's Story is that the Ex-Secretary is Gradually Sinking.

WASHINGTON, Dec. 16 .- Inquiry at Mr. Flaines' residence this morning elicits i aply the response through an attendant that "Mr. Blaine's condition is about the same. om another source it is learned that

It is in fact so serious that there is said to be only a possibility of his recovering sufficiently to admit of his removal to a milder climate

A person qualified to speak by reason of relationship with the family says: "It is only within the past four days that his Biaine's family have fully realized that the sands of his life are rapidly running out. At no period of his declining health for some time past has Mr. Hlaine failed to appreciate that he was stricken with disease that must sooner or later termin-ate fatally, but with a splendid courage characteristic of the man, he has carefully guarded the secret from his family and carefully performed his duties public and

'Mr. Blaine's disease is of the kidneys. Those organs being the weakest, become congested whonever he takes cold. M Blaine is at present suffering from a cold contracted out driving a few days ago. Throat and lungs are incidentally affected. That which alarms his family and friends most is that upon the occurrence of every relapse, such as the one from which he is now suffering, his vital powers show less

and less recuperative energy.

"As a matter of fact, Mr. Blaine is growing weaker and weaker as the days groby. He is much emaciated as com-pared with his condition six days ago. Until quite recently be has not felt in-clined to discuss the subject of death. Now he speaks upon that subject freely; is preparing for the end, and is becoming reconciled to the common lot of man.

"A loving father, the death of three children within a comparatively brief period has sorely stricken him, and his grief has hastened the progress of the malady with which he is afflicted."

unduly exaggerated and that the ex-Secretary was feeling first rate.

So far as the reports that he intended to join the Catholic Church were con-cerned, that, he said, was ridiculous.

When the question came up in the Chamber of Deputies every Deputy was in

his place. In the name of the committee M. Brisson made an attack upon M. Ribot. and M. Bourgoois. He accused them of not showing proper zeal in pushing the investigation.

M. Bourgeois answered for the government. The Ministry, he said, was deter mined to bring the matter to a settle ment. The Chamber decided in favor of pro-

seeding with the discussion of the bill in accordance with the government's desire. The vote was 424 to 122.

M. Bisson replied that perhaps the Ministry was the power most inimical to

Republican union.

This inquendo aroused a storm of pro-

tests, amid which M. Ribot rose. It was of supreme moment to the Republic he said, that the government should have the support of the united Republicans. The government had decided to institute fresh legal proceedings calculated to throw the utmost possible light upon the canal com-pany's affairs. M. Ribot closed with an eloquent appeal to the Republicans to stand shoulder to shoulder with the gov-

M. Brisson spoke in favor of the bill, and M. Ribot expressed surprise that he should support a measure directed against the government. If the Cabinet did not command a majority it would then retire, and it would then fall to M. Brisson's lot

to discover another one.

The vote at the end of the discussion was 271 to 265 against the Bolsserin pro posals. It is regarded as tantamount to an expression of confidence in the govern-Immediately after the Chamber ad
