## PROMPT ACTION NEEDED

### Order To Be Maintained On The Mexican Border.

### REVOLT MUST BE STAMPED OUT.

Troops to Be Sent to the Scene—Our Friendly Relations With Our Southern Neighbor Strained—Captain Bourke on the so-called Revolution.

WASHINGTON, Dec. 28.—Capt. John G. Bourke, of the Third United States Cavalry, who has taken an active part in campaigns against Mexican bandits along the border, has been in consultation with War Department officials here and returns to the Rio Grande country to-day. It is understood that he will be given enough troops to stamp out the so-called revolutionists and maintain order.

The representations of the Mexican authorities to the State Department have been such that prompt action is necessary if friendly relations with our southern neighbor are to be maintained. Captain Bourke says:

"I really believe things cannot help being worse before they are better. I also believe that the United States is going to do its best to make life burdensome for the irresponsible and troublesome Mexicans who have for the past year made themselves so conspicuously disagreeable.

"There are two kinds of Mexicans on our side of the boundary line. Those who reside in the towns, such places as Laredo, Brownsville, Matamoros, Corpus Christi, and San Diego, are in the main very decent people, and, of course, have nothing to do with these troubles.

"The beligerent class is made up of the worst elements that ever stood in the way of civilization. Mexicans in their origin and speech, but anti-Mexican in sympathy, they are our southern neighbor a great deal of trouble.

"Incidentally they worry us a great deal, for they are just as much anti-American as they are anti-Mexican. Their character is utterly devoid of principle, and in all their utterances there is no semblance of patriotism. When you say they're 'agin the government' on each side of the river, you have stated their creed. They live from hand to mouth, and are altogether extremely undesirable people to have any dealings with.

"Everybody in that region, or nearly everybody, sympathizes with this lawlessness, and in very many instances officials who have sworn to uphold the statutes have barred the way so effectually that justice could not be meted out.

"The Rio Grande Valley is a very rich country. Its area is as large as that of all New England and its soil extremely fertile. It never water can be poured upon it.

"The day is coming when it will be a remarkably wealthy section of the United States, but before such a desirable condition is possible we must purge ourselves of the detestable class which now prevents civilization from putting its foot in the valley of the Rio Grande."

The War Department has received from Gen. Wheaton, commanding the Department of Texas, a despatch confirming the news of a fight between Lieut. West's troop of cavalrymen and bandits. It is said to be the first official information received at the department of anything approaching an organized attempt at revolution.

Among the things captured by the cavalrymen were arms and clothing taken from Mexican soldiers at the St. Ignacio fight.

### THE WHITE HOUSE QUARANTINE.

Does Not Affect Official Business—Marta Harrison's Condition.

WASHINGTON, Dec. 28.—The White House is still in a state of quarantine, and bids fair to remain so for at least three weeks to come. Red cards, saying "Scarlet fever within," are on entrances to private part of the mansion on the first and second floors, and the outside doors display small notices to the effect that the house has been closed to the public.

The office part of the building however, is open for business as usual.

There is no material change in little Marta Harrison's condition, and none is expected until the disease has run its allotted course.

The attack is a mild one and gives no reason for special alarm.

Benjamin and Marie McKee are still prisoners in the house with quarters removed a long distance away from the sick chamber.

### MR. BLAINE'S IMPROVEMENT.

The Ex-Secretary, Though, Is Still a Very Sick Man.

WASHINGTON, Dec. 28.—"Mr. Blaine is as well as he was yesterday and is improving," said Dr. Johnson, as he came from the Blaine residence this morning.

The stream of inquiries as to the state of Mr. Blaine's health continues, and to such an extent as to require frequent changes in the attendants at the door.

Among the callers on the family last night were the daughters of Senator Bruce of Ohio. It seems to be settled that Mr. Blaine will not leave Washington for some months to come, even if in the meantime his health should improve sufficiently to warrant his removal.

It is also understood that while Mr. Blaine really shows marked improvement as compared with his condition very recently, he is still a very sick man—so sick that he can only sit erect when propped up with pillows.

Many Villages Snowbound, and It Is Feared Whole Communities May Perish.

STOCKHOLM, Dec. 28.—The famine in North Finland is increasing, principally among the agricultural classes. Many villages are snow-bound, and it is feared that the sufferings of the people are intense, as they have no means of breaking through the great drifts on account of the weakness of themselves and their cattle.

It is feared that whole communities have perished, as nothing has been heard from them for a number of days.

It is believed that the survivors will abandon the country by wholesale during the coming spring and summer and remove to some part of North America.

## THE KIND THAT CURES

Mrs. FRINDA HAMS, Thomaston, N. Y.

### A Victory Over Disease!

"Terrible Pain in Head and Stomach!"

"My Face was one Mass of Eruptions!"

"Walked the Floor Night After Night!"

The following from Mrs. Hams proves the WONDERFUL POWER OF DANAPARILLA over disease.

GENTLEMEN—I am 54 years of age. About 10 years ago I had the measles which left me very bad shape. I had had RHEUMATISM for a long time and "HEAVY-BLEEDING PAIN IN MY HEAD" for months, also severe pain in my stomach, which I could not get rid of. I had been compelled to use the "Blue Pills" because of the terrible pain. I was not well all day, and was one mass of eruptions on my face at times. I had almost entirely given up hope, and had just bought a bottle of Danaparilla.

I used only one bottle of Danaparilla, and I feel like a new man. I have had no more of the above troubles, and I feel like a new man. I have had no more of the above troubles, and I feel like a new man.

### DANAPARILLA

though I had tried so many different medicines without any help, I had just bought a bottle of Danaparilla, and I feel like a new man. I have had no more of the above troubles, and I feel like a new man.

## OPPOSED TO MURPHY

Mr. Cleveland Does Not Favor Him For U. S. Senator.

### THE PRESIDENT - ELECT SPEAKS.

He Does Not Think the Election of the Troy Man Would Help the Democratic Party—Believes the Office should Be Filled By One Who Can Originate and Promote Policies.

New York, Dec. 28.—That Mr. Cleveland is opposed to the election of Edward Murphy, Jr., to the United States Senate to succeed Mr. Hiscock was settled yesterday by a direct statement from the President-elect.

Mr. Cleveland at first said that he saw no reason to make any statement. He had not, he said, made any secret of his opinion on the matter. He consented, however, to discuss the question again, and said:

"It ought not to be necessary for me to repeat for the public what I have so often expressed to many gentlemen in private conversation. Among these have been Mr. Murphy, himself, Mr. Croker and gentlemen who have been prominent in the party from every part of the State of New York.

"It must not be forgotten, however, that the party has a hard task to perform if we expect to keep the word we have passed to the people of the country. They have given us a phenomenal majority, one showing that they expect us to do much. In doing this a great deal depends upon New York and its great metropolis.

"The interests of the State and of the party demand, it seems to me, the selection of a Senator who can not only defend the principles of our party, but who can originate and promote policies that may be presented for consideration in the Senate. In order to insure this, the Senator from New York should be a man not only experienced in public affairs, but who has a clear conception of the vital issues with which we must deal during the next few years.

"Speaking frankly, as I have already done to those entitled to know my views, it does not seem to me that the selection of Mr. Murphy shows a desire or intention of placing in the Senate a man of such a type.

"The best use of our power would, I fear, cause a such disappointment, not only in New York, but in the country. This the party ought not to be called upon to face when it is considered how much there is to do and what serious difficulties have to be surmounted before it can be done."

### OVERCOME BY COAL GAS.

Fifteen Men in the Iron Works at Medina, N. Y., Drop Insensible.

MEDINA, N. Y., Dec. 28.—Fifteen men in the moulding room at the A. L. Sweet Iron Works dropped insensible last evening from the effects of coal gas escaping from a newly relieved cupola.

The men were carried to the outer air as quickly as possible, and the effect, it is thought, will not be lasting.

It was necessary for many of the men to go to their homes, so overcome were they.

Workmen Soule, Rand and Cheney are in a most serious condition.
