OF THE WOUNDED DYING.

Number of Employees of the Print-
House in Which the Accident
occurred Also Seriously Hurt—Brave
Efforts of Imprisoned Firemen by Their
Companions.

CHICAGO, Jan. 5.—The explosion of
natural gas which wrecked the lower part
of the great printing establishment of
Donohue & Heineberry last evening
was terrible, and it seems almost a miracle
that no one was killed outright. As
it is, over a score of firemen, including
the Chief of the Fire Department and
several laborers, are seriously injured.

Those fatally injured are:
James Russell, fireman, burned about
the head and internal injuries.
Thomas Gallagher, fireman, internal
injuries and face almost burned off.

The explosion was in the plate vault
which is located immediately beneath the
sidewalk which is formed of heavy iron
frames covered with glass and iron.

During the early part of the afternoon
employees of the Natural Gas com-
pany were at work in this vault,
making connections that were to be used
in supplying the boiler plant with fuel.

As a precaution the doors of the vault
were closed shortly before 8 o'clock
forenoon, and the firemen in the vicinity
of the brick wall, which separated the
press room and the vault, were
waiting to open the vault doors.

When the doors were opened, a
thundering explosion occurred, and
nearly all the employees who were in the
vicinity, about ten in number, were
thrown to the floor, all sustaining more
or less serious injuries.

Within a few moments members of the
fire insurance patrol and hose engine com-
panies were on the spot headed by Chief
Sweeney. The signal firemen rushed to
the basement and had no sooner reached
the vault door than a second and stronger
explosion followed, and all the men were
hurled to the floor or across the room
against the wall on the opposite side
which they struck with terrific force.

Several of the men were rendered sense-
less, and the flames which burned and
their clothing roasted their hands and
faces in the most horrible manner.

Other firemen were close behind them,
however, and for a few minutes the fire
was left to take care of itself while the
injured men were being rescued.

Before one half of them had come
out, and while the basement was still
men working with hoses sprang into
their lives, and the men who had been
plunged into the flames by the explosion,
and cheered by the firemen who could
work when their own lives and the
lives of others are trembling in the
balance.

One by one the burned and battered
men were dragged from the basement and
as the last one was taken out Sweeney
called out "Now, out for your lives,
men," and there was a rush for the upper
floor, which was made just in the nick
of time, for a fourth explosion came,
which made bricks, mortar and ironwork fly
like feathers and gave the chief a scorching
as he beat a retreat, that he will re-
member for many a long day.

kitt, chairman of the Senate Caucus Com-
mittee, announces a joint Democratic caucus,
to be held in the Assembly chamber
Tuesday evening Jan. 10, at 8 o'clock, to
decide on a candidate for United States
Senator. There appears to be no opposition
to Edward Murphy, Jr. The Republi-
cans will nominate Senator Frank His-
cock.

cases of typhus fever were reported last
night making a total of 92 cases since
Dec. 1, 1902. The names of the most re-
cent victims are: John H. Thompson, 35
years old; George Gordon, 42; John Laf-
ferty, 47, and George Nairn, 45, all of 34

of the Almshouse on Blackwell's Island.

LANCASTER, Pa., Jan. 5.—Freight en-
gine 1185 on the Pennsylvania railroad,
westward bound, exploded yesterday at
Brown's crossing, near Christiansburg. Cal-
vin Umberger, engineer and Hatch Hellen-
man, fireman, both of Harrisburg, were
terribly injured and will probably die.
The engineer was hurled into a field and
the fireman seriously scalded.

A Contractor's Fatal Fall.
BALTIMORE, N. Y., Jan. 5.—Nelson R.
Vandenburgh of Vandenburgh Brothers,
contractors and builders, fell headlong
from a scaffold in the new Methodist
Episcopal Church, 89 feet to a temporary
floor in the auditorium. He struck on his
head and shoulders and fractured his
skull. His injuries will prove fatal.

posed resident of this city has given to
Rev. Julius B. Bremer, president of the
Roanoke College, Va., the sum of \$1,000
a year for three years, to be used in sup-
porting scholarships for deserving young
men of small means in that institution.

Four Girls Rescued by Firemen.
HAVERHILL, Mass., Jan. 5.—There was
great excitement during a fire at O. S.
Carrier's paper box factory yesterday.
Four girls were taken out in an instan-
taneous condition by the firemen. One girl
sprang from a window and was badly out
and burned.

WASHINGTON, Jan. 5.—The president
has issued a proclamation of
full amnesty and pardon for
March 22, 1893, delin-
quency, bigamy, polygamy and
tation in the Territories
States, known as the An-
to all persons who have
1890, obtained from such
habitation, but upon the ex-
tion that they shall in the fu-
fully obey the laws of the United
and not otherwise. Those who
to avail themselves of the
offer will be vigorously prosecuted.
The proclamation is based upon a pro-
clamation of the Mormon Church of Jan-
1890, in proclaiming that it would no
sanction polygamous marriages, and
sentation that they have been abandoned,
and the report of the Utah commission
recommending the proclamation of am-
nesty.

THE GOULDS ARE NOT ALARMED.
Not Afraid of Attempts to Steal the Late
Financier's Body.

New York, Jan. 5.—The story pub-
lished to the effect that plots were on foot
to steal the remains of the late Jay Gould
from the mausoleum at Woodlawn, has
caused no uneasiness in the Gould family.
Edwin Gould did not deny that letters
hinting at such a scheme on the part of
ghosts had been sent to himself and his
brother George, but they showed evidence
of having been written by cranks.

The Gould tomb is so massively built
and protected and the guards of the cem-
etery are so vigilant that there is hardly
the possibility of a successful attempt
being made to secure the body.

George J. Gould, just before leaving for
Boston, declared there was no foundation
for stories of such plots.

WON'T ACCEPT A MILLION.
Mrs. Kosterlitz Will Hold Out for Her
Full Share of the Crouse Estate.

New York, Jan. 5.—Lawyer Steele,
counsel for Mrs. Kosterlitz, admits that a
proposition had been received from the
heirs of D. Edgar Crouse that his client
accept \$1,000,000 in settlement of her
claim against the estate.

Steele, however, that as the claim of
Mrs. Kosterlitz is the widow of Mr. Crouse,
and that she is entitled to a proportion of the estate
will amount to about \$3,000,000, she is
not likely to accept \$1,000,000.

BLAINE NOT WELL.
Dr. Johnston, However, Does Not Approve
of a Release.

WASHINGTON, Jan. 5.—Messrs. John-
ston and Johnston, who were in the city
yesterday, do not feel so well this morn-
ing.

Dr. Johnston's Nominations.

sent to the Senate, among others, the
following postmaster nominations:
Massachusetts—Lyman W. Shepard,
Mittineer.

Connecticut—James B. Baldwin, Terry-
ville.

don; Frank J. Loucks, Dolgeville.

Pennsylvania—H. B. Rupp, Hummel-
town; Henry C. Shearer, New Bloomfield;
William H. Lea, Mansfield Valley; Mrs.
Sallie A. Ramsey, McKees Rocks; Mrs.
Lydia B. Walton, Kennett Square.

The California Senatorship.
SACRAMENTO, Cal., Jan. 5.—Jeremiah
Lynch has withdrawn from the Senatorial
contest, thus leaving the field clear for
Stephen M. White. Two Democratic Sen-
ators and two Democratic members of the
lower house have since refused to support
White. Counting the three Populists for
White, he still needs three votes to elect.
It is rumored that four Republicans will
be absent during the balloting which will
give White a majority, but a deadlock is
more probable, and this would mean the
appointment of a Republican.

He Died of a Broken Heart.
PHILADELPHIA, Jan. 5.—Investigation
of the case of Charles G. Douglass dis-
closed the fact that he had actually died
from a broken heart. He was one of a
number of gas bureau employees who
were accused of extensive peculations in
the issuance of checks, but it was shown
that he was innocent. He never recovered
from the humiliation.

Over Production of Kentucky Whiskey.
LOUISVILLE, Ky., Jan. 5.—T. M. Gil-
more, a prominent whiskey man, says
that the whiskey production for the year
promises to exceed by far all previous
productions. The estimated product for
the State for the present season is 50,
000,000 gallons, and unless the consump-
tion is increased there will be a big over-
production.

To Transfer Their Big Steamers.
QUEBEC, Jan. 5.—It is rumored here
that the Canadian Pacific Railway intends
to transfer this year the three steamships
Empress of India, Empress of China and
Empress of Japan, now employed in the
Pacific service between British Columbia
and Japan, to the Atlantic, where they
will make the service between Liverpool
and Quebec.

St. Thomas' College Damaged by Fire.
SCHEMATA, Pa., Jan. 5.—St. Thomas'
College was found to be on fire about noon
and before aid arrived the flames had
gained great headway. The upper floors
of the building are badly damaged, while
torrents of water have caused much destruc-
tion on the lower floors.

BUFFALO, Jan. 5.—A young woman
named Nellie Miller lost her life in a
burning house at the corner of Oak and
Vine streets about 3 a. m. She had es-
caped in safety, but went back to look
for a pet dog, and was overcome by the
smoke.

FORT SCOTT, Kas., Jan. 5.—A young
farmer named Garber, living fifteen miles
west of here, having learned that his wife
and his brother-in-law, Charles Kirby,
loved each other, traded his wife to Kir-
by for a horse.

Mutilated Under a Train.
ELIZABETH, N. J., Jan. 5.—John McCar-
ley, 28 years old, attempted to board a
train near Elizabethport. He missed his
footing, fell under the wheels and was
horribly mutilated.

POISONING SUSPECTED.
Two More Supposed Victims of the Plot at
the Homestead Mills.

PITTSBURGH, Jan. 5.—Two sons of James
M. Williams, a farmer residing near Mo-
nongahela City, are suffering from what
is believed to be poison administered at
the Homestead mills. One of them is
dying.

The boys, aged 18 and 20 respectively,
were the first to enter the Carnegie mill
when it was opened to non-union men.
They worked until they became sick.
They then returned home where the
family physician pronounced their ail-
ment typhoid fever.

The physicians' treatment, however, had
no effect. After a second examination
the doctor stated that the stomachs and
intestines of both were terribly ulcerated.
He would not say positively that the
young men were poisoned.

Trouble in South Dakota's Legislature.
SIOUX FALLS, S. D., Jan. 5.—The Repub-
lican and Democratic Territorial Central
committees have been in session here.
Each adopted a set of resolutions urging
upon Congress immediate action on
admission of South Dakota.

The Republican State officers
assembled at the house of Governor
Shortridge yesterday and were privately
seized in by Chief Justice Bartholomay,
instead of waiting for the public en-
trance. The Republicans are very angry
and today will introduce bills in both
houses cutting off the appropriations of
all State officers for clerk hire.

and stable of John Fleming was destroyed
by fire early in the morning. All the
occupants of the hotel made their escape.

Torturing, Life Destroying Dyspepsia
Cured. Another Triumph for
Dr. Kennedy's Favorite Remedy.

Mr. James S. Dean, Commander of Gen.
Grant Post, G. A. R., Rondout, N. Y., and
Chief U. S. Mail Agent of the Ulster &
Delaware Railroad and one of the most
popular and well known gentlemen in
the East, whose veracity is beyond
question says:

"I was all run down with DYSPEPSIA.
I doctored and doctored but it all resulted
the same way. I grew worse. I suffered
untold misery night and day. My case
was pronounced incurable. I suffered
this way for fully TWO YEARS. I
chanced to meet Dr. Kennedy on the
street about that time, and I told him of
my condition and he said, 'Jimmy, you
need not suffer so, come to my office and
I'll give you a bottle of FAVORITE
REMEDY, take it morning, noon and
night, and it will cure you. I took the
medicine as directed, but had no confi-
dence in a cure, as my case had been tried
by so many. After using it a week I be-
gan to feel better, and in a short while
after that I was ENTIRELY CURED—
'Just think of it, entirely cured. This
terrible distress, everything I ate
breaking up sour in my throat had all
gone and I have not had a moment's dis-
comfort since. Today there isn't a
healthier man in this country and my
appetite is grand. I believe I could eat
a KEG OF NAILS if I had to and digest
them with ease. FAVORITE REMEDY is
the foe of Dyspepsia and poor health."

Yours truly,
JAMES S. DEAN,
Rondout, March 18th, 1892.
