OUR POTTSVILLE LETTER!
 COUNTY SEAT COUNCILMEN CRITICIZED.

ELECTRIC LIGHT CONTROVERSY.
 The "Herald's" Special Correspondent Says That He will Expose Every Councilman Who Shirks His Duty.

Special HERALD Correspondence.
 POTTSVILLE, Jan. 6. HIS borough has pretty much the same kind of job lot Councilmen as Shenandoah—composed of the same kind of material with just as much good sense—no more—and about the average amount of brains, courage and integrity. The taxpayers have just had served up for their digestion, by the daily papers, a nice little morsel in the shape of "a light that cheats," one which won't "turn on" in fact a sort of a "never give-up-with-one-lash" light, for which the borough authorities have been robbing the treasury to pay. It is proposed now to "turn on the light" in earnest, so that the people can at least see what sort of a job of dummies they have in their legislative body, called a council.

REVENUE LOYALTY OF GENTLEMEN.
 In the first place, let me say, that the Edison Illuminating Company which beat the Anthracite Electric Light Company out of the contract for keeping the borough in the dark, and especially its Councilmen—composed of some of our leading progressives, home-loving, self-sacrificing citizens and christian gentlemen, some of whom, I believe, really believed they were going to give the borough what it contracted for, to wit: an electric light of 2000-candle power for \$90 per year for each six fixture or lamp and as there are one hundred and seven lamps in the town, the school boy can easily calculate how the Edison company would scoop in \$10,165.00 of the people's money for the year ending February 10th, 1923. Let me state, as the Frenchman says, that the borough has paid its light bills with commendable regularity, having ordered a bill of \$841.66 to be paid last Tuesday night, just after the committee on Light, through Mr. Seaman who is very bad and had to do Chairman Pugh's work and present the report, as Mr. P. was unopposed to a task of such magnitude had thrown in the bombshell of a report which proved how we do not lack in all the light we pay for those wintry nights.

HE WAS COURAGEOUS.
 Mr. Seaman is not afraid. He came to the front and took a weak-kneed chairman's place and presented the report of an investigation which established the fact that the benevolent gentlemen of the Electric Illuminating Company were getting paid for what they had not furnished. It all came about in this way. Several—and there are a few—progressive borough fathers took it into their heads that the lights from different lamps were unequal and none of them gave out what was claimed by the light company, a power equal to 2,000 candles. In truth the company, in the opinion of these certain progressive councilmen, were hiding their lights under as many bushels, so to remark, and they organized a secret investigation with Carl Herring, the well known Philadelphia electrician, for a guide. The result was that Mr. Herring—and what he don't know about such things is not worth finding out—discovered that the spigot of the treasury was continually turned on while the Edison Illuminating Company's light was shut off to a very great extent. Out of forty-six tests and thirteen lamps measured Mr. Herring discovered that instead of 2,000-candle power the average was only 965, and one lamp was only giving 490, a loss of 1,500 candle power in one place, at 5th and Arch streets. What the citizens of that particular locality have done to the Borough Council to subject them to such harsh treatment is not reported, but enough was shown to confirm the investigations and taxpayers in the belief that they are being cheated by a set of gentlemen, who were brought up in a school for delinquents from those in which the Boss Tweeds of other cities were reared.

THE WAY OUT.
 I can only say in this concluding subject. There is one way out of the difficulty. Carl Herring is the scientist who recently conducted a similar investigation in Elizabeth, N. J., which resulted in serving the light company with many thousand dollars, and if pushed the result in Pottsville must be the same. Now as the contract is for five years, let the Electric Light Company pay back to the borough \$5,000, clean its lamps, put in stronger dynamos and give us 2,000-candle power. If this is not done, in the face of the damning facts brought to light by the investigation, the people will rise in their might and force their representatives in Council to be men and do their duty to the tax payers. So far as your correspondent is concerned he proposes to see that no councilman flunks in this important matter, without exposure to these columns. I make no threats, but I "am after" every fellow who allows himself to forget his duty. Every man who is buttoned against his duty in this matter will be exposed. The light will be turned on in earnest if there is any flunking or back-sliding from duty and we now call upon every man to get down to his work and be on hand to take a hand on the night of the 17th

inst, when the light subject will come up for action. I happen to know some of the men who are weak in such an emergency and I know some who are strong and the latter propose to see to it the former help them do something at the next meeting to right a wrong.

REMONSTRANCES.
 Remonstrances have been filed to date against the following applicants for liquor licenses in the office of the Clerk of the Courts:

POINTS.

 William Fishburne and Robert Rodgers are neighbors on West Cherry street, Shenandoah. Mrs. Mary Powell is the widowed daughter of Mr. Fishburne; she lives with her father. The father and daughter prosecuted Rodgers for an alleged assault and battery committed on September 21, 1921. The case was tried yesterday. This morning the jury rendered a verdict of guilty in the Powell case, and in the Fishburne case not guilty, defendant to pay a fine of \$15 and costs. Attorney Whitehouse, counsel for Fishburne and daughter, was unable to take part as he is still confined to his home with his sprained foot. M. M. Burke, Esq., was substituted.
 In the civil suit against the Knights of Amalgamation the arbitrators filed an award finding and directing that the costs be paid by the defendant society.
 The arbitrators in the slander suit of Hon. J. J. Coyle will meet tomorrow at 10 a. m., at the court house.
 A deed from William Nolewinter and wife to Thomas James, for a lot on White street, was filed to-day. Consideration, \$2,000. N.

A DESIGN WAS ACCEPTED
 THE SOLDIERS' MONUMENT COMMITTEE'S WORK.

AN IMPORTANT MEETING HELD
 Committees Officially Report That a Site Has Been Secured for the Structure—M. H. Master's Design Accepted.

MEETING of the Soldiers' Monument Committee was held in the Central chamber last night and was attended by twenty representatives of the several societies that have become interested in the movement. The committee on site reported that it had secured permission to place the monument in the middle of the square at the intersection of Main and Centre streets, and that the Schuykill Traction Company had agreed to change the course of the electric road at that point to make room for the monument.
 The committee on designs also reported and submitted designs by Richard Collins, Pottsville; Burkwater & Co., Philadelphia; Chicago Bronze Co., Chicago, Mass.; White Bronze Co., Bridgeport, Conn.; and M. H. Master, of town.
 The designs were carefully scrutinized by all the representatives and, while there was a difference of opinion as to which was the best and most appropriate, the design submitted by Mr. Master was adopted. Three ballots were required to make the selection.
 The committee will meet again at the same place, on Friday evening, 20th inst., by which time specifications of the style and cost of the adopted design will be prepared.
 The name of N. H. Downs' still lives, although he has been dead many years. His Elkhair for the cure of coughs and colds has already outlived him a quarter of a century and is still growing in favor with the public.

USE DANA'S SARSAPARILLA, ITS "THE KIND THAT CURES."
 Madigan's statement.
 Joseph Madigan, the clothes line thief who gave the police of this town considerable trouble yesterday received two sentences of one year each and pay all costs. In one case he was sentenced to restore the stolen property to its owner.
 In case of hard cold nothing will relieve the breathing so quickly as to rub Anicura and Oil Liniment on the chest.
The Best.
 Now let us tell our story. More appetizing, delicious pork products were never served upon our tables. Sweet and tender—they are the very acme of splendidly prepared products. No wonder the name of Ferris is mentioned wherever the best Hams and Bacon are known and desired; nothing strange in the fact that the best trade all handle them.—New England Grocer.
