Don't Fail to Vote for Your Favorite School Teacher.

How many people will be able to visit the World's Fair next summer, stay there ten days, and return to their homes in the East without being obliged to spend a cent for board or railway fare? We know that such people will be few in number and such may be thus fortunate will consider the opportunity of their lives. There are two public school teachers north of the Broad Mountain who have such good fortune within reaching distance. They are two teachers who will reach and grasp it, but their identity will not be known until the close of the HERALD contest on July 31, 1893. This contest will begin on Monday, next. You certainly have a choice and there is no reason why you should not give your favorites the benefit of your vote. It will cost you nothing. Remember the contest begins on Monday, next. Vote early and often.

NEW COUNTY MOVEMENT.

The Hazleton People Are Stirring It up Again.

Another, and it is hoped a to-be successful movement, has again been put on foot to form a new county from parts of Luzerne and Schuylkill counties. While Hon. James Sweeney, of Hazleton, was in Pottsville yesterday he said this Legislature would be asked to pass a bill in support of such a movement and that the prospects for success were bright. There is only one fault found with the project in this section and that is the limited part of Schuylkill which the projectors propose taking, namely, the Unions, Kilne and Bush townships, which have a population of about five thousand.

If the new county boomers will just stretch their point a little more they will find that Shenandoah can be attached to the new county of Hazle with little inconvenience. Shenandoah would have nothing to lose and all to gain in such an event and the town, with its population of 17,000 and 3,000 votes which it will have within the next two years, would figure as an important factor. Shenandoah would not make a demand for the county seat, but would be quite willing to let that go to a more central location.

There are a large number of people in Shenandoah who feel confident that the town would receive more consideration and better treatment in many respects in a new county than it receives in Schuylkill. The little village below the mountain, sometimes mis-called the mountain "city," kobbles everything of importance and Shenandoah must be contented to share what is left with the rest of the county.

After the next apportionment Schuylkill county will lose a State Senator, and after the expiration of Senator Monaghan's term Senator Keefer will be the only representative of the Senate from this county. With such a turn in affairs the Shenandoah people may expect to lose what little they now get.

But whether Shenandoah is included in the new county, or not, it is hoped the project will prevail. "The Unions, Bush and Kilne can go," they will never be missed," and moreover they naturally belong to a territory such as is proposed. But we will admit that if Shenandoah is admitted we will expect to see some of the best new county offices fall to the borough's lot. Meanwhile let our Pottsville contemporaries disabuse their minds of the thought that the talk about Hazle county is all smoke and no fire.

Appeals to Your Intelligence.
When all is said there is certainly a wonderful satisfaction when leaving a theatre to feel that you have seen something you can recall with delight; to have seen a story developed that has excited your interest; you have laughed uproariously at fun that happened naturally and which was not dragged in, in such a senseless fashion as to be an insult to your intelligence. Such a play is "She Couldn't Marry Three." The plot is wholesome; the fun unending; the songs new and catchy; the scenery superb; the climaxes thrilling, and the company headed by that piquant little ray of sunshine, Miss Lillian Kennedy, one of the best on the road.
