## VOTES ARE NOW IN ORDER

THE MOST POPULAR SCHOOL TEACHER, THE QUESTION.

"HERALD'S" WORLD'S FAIR OFFER

The Contest to Determine the Names of the Fortunate Ones. Every Person, Young or Old, May Vote.

THE contest which will determine the names of the two public school teachers of Shenandoah county, north of the Broad Mountain, who will be the winners of the HERALD'S World's Fair offer begins to-day.

All indications are that the number of competitors will be large and that the voting will be spirited from beginning to end. The friends of the public school teachers are almost without number, and the fact that the smallest pupils in the schools can vote as often as their elders will introduce factors that will prove as interesting as they will be unusual.

This evening and every evening hereafter until July 31, the HERALD will print a coupon similar to that which appears in the paper to-day. Each coupon when filled out with the name and address of a teacher will count as a vote for that teacher, and the two teachers receiving the greatest number of votes will be invited to visit the World's Fair at the expense of the HERALD. The trip will not cost the teachers a cent.

Every man, woman and child residing in or out of the state can vote for a favorite teacher, and they can vote as often as they choose. All that is necessary will be to cut out the coupon which will be printed in the HERALD every day, write on the blank lines the name of the teacher favored, his or her post-office address and send the coupon to the Contest Editor of the HERALD. Coupons may be sent by mail, express or messenger, and they may be sent singly, by tens, fifties, hundreds, or thousands.

As the coupons, which will count as votes, are received, they will be carefully filed. A record will be kept of all the votes received for each person, and as soon as possible after July 1st, 1893, the whole number of votes will be counted by an impartial committee and the names of the fortunate teachers announced. In order that the record shall be absolutely correct persons should write all names plainly and keep the coupons clean. It is well to remember, too, that every body, young and old, can vote as often as they please. Orders for extra copies of the HERALD may be left with Hooks and Brown, the town agents, or sent to the publication office.

Cannot be Denied.

The Borough Council of Shenandoah recently decided to bar the doors of council chamber against the entrance of any representative of the HERALD of that place, giving as their reason that the reporters always misrepresent their affairs and that if exclusion be enforced misrepresentation would cease. This action has not had the desired effect and when at the last meeting the reporter was not permitted to enter one of the Councilmen acted in his stead and gave to the HERALD a full and complete account of the business transacted. The HERALD will contest the case. The right of the press to report public meetings cannot be denied.—*Tamaqua Recorder.*

I. O. O. F. Notice.

All members of Shenandoah Lodge, No. 591, I. O. O. F., are respectfully requested to attend a special meeting of the lodge on Tuesday, 17th inst., at 1:30 p. m., for the purpose of attending the funeral of our late brother, William J. Pritchard.

Veno, the Wonder-worker.

Owing to the immense demand for Veno's remedies and soap, and the wonderful cures which have been reported every day, Veno has arranged with P. P. D. Kirlin, C. H. Hagenbuch and The People's drug store to keep his remedies in stock, at which place they can always be obtained.

"Killarney and the Rhine."

A new play with a catchy title, "Killarney and the Rhine," delighted a large audience at the opera house last night. It is bright and lively; has a strong plot which is told by a strong body of players, and should be a golden success with lovers of melo-dramatic power and sweet songs and dances.—*The World, August 25th.* "Killarney and the Rhine" will be produced at Ferguson's theatre to-morrow evening.

Mr. Yost's Success.

Since R. J. Yost, of town, has been appointed State Organizer of the P. O. S. of A. he has put three new camps under way. They are to be located at Lewisburg, Laurelton and New Berlin. The Lewisburg application bears the signatures of many of the most prominent citizens.

Cut out this coupon, and on the blank lines write the name of the Public School Teacher, north of the Broad Mountain, in Shenandoah county, whom you consider most popular, and send it to the "Contest Editor, Evening Herald, Shenandoah, Pa." ## CONDITIONS:

The two teachers who receive the greatest number of total votes up to the closing hour above stated will be declared the winners.

All coupons must be cut out of the EVENING HERALD and sent, securely sealed in envelope, addressed to "Contest Editor, Evening Herald, Shenandoah, Pa."

Any person residing in any place may vote as often as he or she may desire for one or more teachers engaged in teaching in a public school north of the Broad Mountain at the close of the current school term; provided, that any teacher who may have been incapacitated by sickness or accident for teaching for a period of not more than three months prior to the end of the term, may also compete.

Each vote for each teacher must be represented by a separate coupon.

A coupon bearing the name of more than one teacher or specifying more than one vote for a teacher will be thrown out as void.

A careful record will be kept of the names of all contestants, and all coupons will be filed and kept safe until the final adjudication. Three prominent and responsible men of Shenandoah will be selected to act as judges, make the final count and announce the names of the two winners. Should three or more teachers be tied on the highest number of votes, the judges will be allowed to decide.

The names of the winners will be announced on or before Saturday, July 1st, 1893. Should the winners be absent from Shenandoah at the time they will be informed of their good fortune by telegraph, so that they may start on the trip as soon thereafter as possible.

All blanks in the coupon must be filled out, especially the blank requiring the name of the person voting. The number of votes received at this office up to 4 p. m. each day will be published in the next issue of the HERALD with the names of the teachers voted for.

## OBSE'S OBSERVATIONS.

What He Sees and Hears During His Travels.

There is an alarming report from Danville. It is said that scarlet fever has spread to such an extent there that the public schools are closed and all public meetings are dispensed with when they are not absolutely necessary. This report may be a little far fetched, but there is undoubtedly some truth connected with it. One of the physicians of this town admitted in conversation with me the other day that malarial and typhoid fevers and kindred diseases were getting a strong hold upon our people when the cold wave arrived. The change in the weather put a damper on the diseases and they have since been less ravaging.

The same physician told me frankly that the spreading of the diseases was principally due to the ordinance passed by the Borough Council. He said that many people are very sensitive about having sickness in their households reported to the authorities and for that reason they try to shield and treat all cases until the last hope is gone and they must choose hiring a physician or risk the invalid's life. "I have come across several cases of this kind," the physician said, "and many of them are found among the Polish, Lithuanian and Hungarian people. They dread being reported to the borough authorities in anyway, and will go almost to the brink of death before calling in a physician, which they mean, when the case is one of contagious disease, a report to the authorities."

It will be observed that the precaution taken by the borough authorities by the recently adopted ordinance is not sufficient after all. While it subjects the physicians to a penalty and tends to require them to keep the borough authorities well informed of the existence of contagious diseases, it provides for no means making a penalty for people who shield such cases and keep the physician in ignorance of them. Still, the ordinance will hardly hold water, whatever it may provide, for it has not been adequately or properly made known to the public and the authorities would have some difficulty in enforcing a penalty for any violation of it.

Washington's Birthday will soon be upon us and it behooves our patriotic citizens to be stirring themselves if they wish to celebrate it creditably. The enthusiasm over this day should not be allowed to diminish. It is one of the most important in the list of holidays and those who allow it to pass by with mere notice show a lack of interest in the history of the country and the methods by which the foundation stone for the great republic was laid. It is not a day that appeals alone to the patriotic sentiments of the native Americans. All who have sought shelter under the protecting wing of the "land of the free" should be moved to a spirit of observance more than any others. Washington's Birthday, Decoration Day and the Fourth of July are the three great holidays that all Americans, whether native born or adopted, should celebrate. Who will make the start for February 22nd?

The HERALD had occasion to note a flying

## HE PAID FOR HIS FUN!

A SALTY DOSE FOR AN OBSTINATE OFFENDER.

AN ELECTRIC RAILWAY FIGHT

Motorman Brennan Was Roughly Handled in the Struggle—It Cost One of the Offenders Twenty Four Dollars.

HERE was a lively scene on one of the electric railway cars on West Coal street Saturday night. Two Polish fellows boarded car No. 5. They were under the influence of drink and while in the car behaved in a manner that gave offense to a lady passenger.

Conductor William Daley told the men that if they did not behave themselves he would be obliged to put them off the car. One of them declared that he had paid his five cents and no one had a right to put him off. His conduct did not improve and the conductor signalled the car to stop.

The most troublesome Pole of the pair refused to get off the car and declared he would not budge until the five cents he had paid for fare was returned to him. Motorman Clarence Brennan and the conductor then applied force. After a desperate struggle they succeeded in getting the two men off the car, but not before Daley's ulcer coat had been ripped up the back and otherwise badly damaged, and Brennan received a bad kick in the abdomen.

It was at first thought that the injury Brennan received would prove a dangerous one, but prompt treatment brought him around and he was able to be present at the hearing before Squire Williams yesterday afternoon.

The Pole who caused the trouble and damaged Conductor Daley's ulcer pleaded guilty and was required and did pay \$24.50. Eight dollars went to Daley to repair his ulcer, five dollars to the railway company to repair a damaged car window, and the balance went to liquidate the borough fine and costs.

The other offender demanded a hearing, which was fixed for this evening. The accused furnished bail for his appearance.

Two other charges may be brought against the men, one for violation of the railway act and one by Brennan for assault and battery. It is the intention of the railway company to push all such cases as far as the law provides punishment, as the safety and comfort of all respectable patrons of the road must be preserved, and those who think otherwise must take the consequences.

THIS AND THAT.

Paragraphe Sharp and Pointed, Worth Reading.

The Shenandoah HERALD has secured a hustler in the person of Mr. Lewis, formerly of the Evening Chronicle. Mr. Lewis' many friends in the county will be pleased to learn that he is making a great success of the HERALD.—*Practical Item.*

There has been plenty of good sleighing—but a great scarcity of the wherewithal to pay the livery man.

We are in receipt of a marked copy of the Williamsport Republican containing letters of President-elect Cleveland and Vice President-elect Stevenson, addressed to Bann & Uiman, each note courteously acknowledged the receipt of a pair of gold buckled suspenders made at their factory in that city. Had Messrs. Bann & Uiman sent us a pair of the same sort of galluses, instead of a marked paper containing the letters above mentioned, we would give them a puff that would jerk the buttons off from this notice.

Unless times get better and money plentiful we proposed turning Populists.

Vote often for your choice of school teachers to go to the World's Fair.

The new county movement is a go and it is likely to pass the Legislature this year. How would it sound to write "Shenandoah, Haale county, Pa.?"

Thus far there has been few sleighing accidents to report.

Traffic on the electric railway is very great, notwithstanding the cold weather of the past two weeks.

A number of real estate transfers were made in town last week.

The property of Messrs. Wilde and Hitchings, corner of Bowers and Coal streets, has been greatly improved by the erection of a handsome double porch in front.

All last week the passenger trains were late in arriving here.
