#### PALSE PREFENCE.

We agree with the Lebanon Report in its opinion of the large Sunday newspapers. It says: "Special features are what the publishers of Sunday newspapers emphasize. They parade their lists of special contrib wtors with all the pride and rivalry of the publishers of periodicals. They bosst of printing entire novels in one Sunday issue, all for five cents. Svery nerve is strained to increase the Sunday sales by way of special inducements to Sunday advertisers. By this means Sunday advertising of all serts of a tractions is made very profitable. The profit and business features of the Sunday paper almost bury the news feature out of sight,

"To this mass of trashy machine literature and advertising, most of which is printed days before the day of Issue, is added a little supplement of news, of which there is never much in the few hours between the Saturday evening paper and the early Sunday morning hour, and the whole thing is sent out under the pretext of necess mity, because the advanced spirit of the age and the world's progressive interests demand the "news," If that beso then let the Sunday paper be confined to printing the news. If the highests interests of the people demand a Sunday newspaper, and we are not ir. MR. BLAINE'S MALADY.

The Mysterious Discuse that Baffice Physicians-ills Condition To-Day.

Washington, Jap. 17 .- It was hoped that when the physicians announced that at a specified hour they would be prepared to issue a fuller statement or the subject than had hitherto been given out that some facts would be allowed to transpire which would satisfy the natural desire of the public to ascertain the truth in regard to the illness of one of its most distinguished citizens and at the same time stop the crop of contradictory and

ensational rumors now prevailing.
This anticipation was not realized There was a delay in the issuing of the promised bulletin, and when it car last night it contained nothing but hat had previously been made known. Mr. Blaine has at various times in re cent years been treated by physicians other than those in immediate attend-

ance upon him at the present time.
In the list are Dr. N. S. Lincoln, one of the most popular consulting physicians in Washington; Dr. G. S. Magruder, a Washington physician of large practice: Dr. Denna, of New York and Bar Harbor, and others.

Not one of these gentlemen is able to state the nature of Mr. Blaine's organic disease.
One of them, however, said to-day that

he had once prepared an intelligible bul-letin as to Mr. Blaine's condition, but was peremptorily requested to withhold it from the public.

Mr. Blaine's condition is reported this morning as unchanged.
