Cabinet Makers Have the Slate Completed at Last.

IS JEDGE GRESHAM TO RESIGN?

The President's Proclamation Regarding Canada to Relate to Transhipment of Merchandise -- Mr. Binine's Condition Washanged-A Compromise Quarantine Bill-Yete on Anti-Option Tuesday.

WASHINGTON, Jan. 31 .- It is whispered about among Democrats that Mr. Cleveland has practically completed his Cabimet alate, and one by one men who have expected to get on the list are abandoning their hopes.

The only thing that holds the matter spen at all is said to be some uncertainty as to the course of Mr. Dickinson. The alate is said to be made up contingent upon his acceptance of the State port folio, and, if he accepts, the state will be turned tace down and allowed to remain so until March 4.

The undecatand ug of the Michigan The understanding of the people is that he will accept, though he people is that he will accept, though he is has not formally done so as yet. He is bolding the matter open, as Carlisle did

with the prospect of a similar result.

Some time ago M. Cleveland concluded that he would not appoint a Southern man to the position of Attorney General, but there is excellent authority to-day for the statement that he has reconsidered this and has stated ex-Senator Eustiof Louisiana for the place.

Eustis was an anti-Cieveland man be

fore the nomination and he and Cleve land were at outs, but the ex-Senato took an active part in the campaign and the two men are now on very friendly terms. If Eustis be appointed, the South will probably get either the Postoffice or the Agricultural Department also. Eustis is out of politice in Louisiana and is one of the Southern colony of New York.
It is expected that Wall of Wisconsin will be Secretary of War; Gray of Indiana, Secretary of Agriculture, and Blount

of Georgia, Postmaster General. This pretty near fills the list with those who are aiready known to be slated.

IS GRESHAM TO HAVE A PLACE! Bumor that He Will Resign and Enter the New Unbinet.

WASHINGTON, Jan. 21.-The rumor sent out from here that Judge Waiter Q. Gresham, of Indiana, is to resign his life position as a United States Circuit Judge to accept a place in Mr. Cleveland's Cabinet appears to have been started by In-

Judge Gresbam made a hasty and somewhat mysterious visit to Washington about a week ago, and from here went West.

There is but one precedent for a Presi-dent taking into his Cabinet a former political opponent-Mr. Hayes' appointment of Postmaster-General Kay, of

What place Judge Gresham is to fill in the new Cabinet, should the rumor prove well founded, has not been demintely de-

termined by the gossips.

The position for which he would be supposed to be especially qualified—that of Attorney-General—is assigned by the same authority to ex-Senator James D. Eustis, of Louisiana, who has a perma nent residence here, and whose family inherits much of the wealth of the late banker-philanthropist, W. W. Corcoran.

COMPROMISE QUARANTINE BILL Friends of the immigration and Quarantine Measures Get Tegether.

WASHINGTON, Jan. 21.—The friends of the Immigration and Quarantine bills and the two bills will be united, and an effort made

to-day to pass the bill. Messrs. Raynor and Stump held a conference and fixed up the bill, and they sought out the New York men to see if they would agree to it. The majority of the New Yorkers were favorable, but Mr. Raynor held an interview with Congress man Cummings, and the latter positively refused to agree to any compromise.

"I intend to kill the National Quaran tine bill," was Mr.' Cummings' parting remark as he left Mr. Rayno. The friends of the National Quarantine bill say that if the passage of their bill is prevented they will compel an extra ses-sion of Congress by filibustering against

the annual appropriation bills, and cause failure of adoption at this session. This can easily be done, for Congress has less than thirty more working days

THE PRESIDENT'S PROCLAMATION. Will Not Belate to Annexation of Canada, But to Tranship ment of Merchandise.

Washington, Jan. 21.—President Harrison will not, as reported, issue a proclamation or send a communication to Congress bearing upon the question of annexation to Canada.

His communication, which will go to the House early next week, will deal solely with the subject of transhipment of merchandise under consular seal from Canada through United States territory

to Canada, and vice versa.

Friends of annexation have caused the report to be circulated that this is a move upon the part of the President in favor of sunexation, but the President denies that it is intended to have any bearing upon

the subject.
It will likely have the effect again, however, of agitating the subject, as it will be a blow to the Canadian Pacific

> STABBED HER SON TO DEATH. Mrs. Taggari Became Augured at a Question He Asked.

PHILADELPHIA, Jan. 21.-In a sudden fit of ungovernable anger Mrs. Mary Tagwhich spans the river between this place | gart last night stabbed to death with a single knife thrust, her son Thomas Davis, a 17-year-old boy, by a former husband.

> The Taggart family, consisting of John Taggart, Mrs. Taggart, their 7-year-old boy and young Davis, lived in the attle of a cheap lodging house at 310 North Nintk street.

Taggara did little towards providing for the family and the \$4 a week earned by his stepson was the main support of the needy household. When Thomas came home last evening

he asked his mother why she was never ready to eat supper with him. The boy was seated at the table at the time and his question enraged the woman and she turned suddenly from the stove, where she was cooking buckwheat cakes, and thrust a knife into the breast of her son. He died in a few minutes and an officer arrested Mrs. Taggart.

Long Island's City Hall Will be Taken by Storm.

SANFORD'S MEN ANXIOUS TO FIGHT.

LONG ISLAND CITY, Jan. 21. - Claimant anford's followers are to storm the City Hall of Long Island City to-day and evict Mayor Gleason and his opposents by vio-ience. Deputy Sheriff Henry W. Sharkey said last night that he would lead the attacking party. The men who will comnose the mob are assembling at Sanford's headquarters

It is said that the Sanford faction has hired 30 Pinkerton detectives, who will join in the threatened attack upon the City Hall to-day. The peaceable citizens of the city

feared that the bitter enmity between the Glesson and Sanford functions would break out into bloody street riots last Binny of Sanford's followers are bot

headed individuals.
Glesson is known as a man of great determination and combativeness. His friends are by no means weaklings. They say that they will not seek violence, but that if Sauford's adherents s,art a fight they will wipe up the principal streets o Long Island City with them.

Glesson still enjoys the support of the Police and Fire Departments. The Board of Aldermen held a short session at 8:30 o'clock last evening. Sanford's newly created City Clork, Goldner, was present. He demanded the books and papers of the City Clork's direction of the City Clork of the City C City Clerk's office from City Clerk Burke's assistant, John P. Hayes, who replied that he would not turn them over until he should have been ordered to do so by court. The Board then adjourned until
