Wait for the Big Show

A manager who expends thousands of dollars in order that nothing will be neglected that might add to the enjoyment of his pairons certainly deserves success, and, as a rule, he generally gets it. if the public would endeavor to discriminate between responsible companies and those who possess no ability. There are plenty of good shows, but, unfortunately, there are hundreds which are atterly devoid of merit. Now, any one can tell at a glance if they see a magnificent new store with massive plate glass windows, that it necessarily calls for a great outlay of money to erect it, and the stock in such a stere is generally of the finest. The same line of reasoning to theatrical enterprises for instance, when you see a show billed in the lavish and expensive manner that characterises "She Couldn't Marry Three! company you can rest assured that there is mency and push back of it. The beautiful, artistic pictorial lithographic work, is the finest and the costliest on the road. No lithographing firm would attempt that kind of work without having ten thousand dollars down to insure them from loss. This is only one of the many items of a great show, and the same good taste which provides this beautiful printing will neglect no other department of the show. So there is not a doubt that the production of "She Couldn't Marry Three" is the biggest show of the

Athlette Tournament.

The Schuylkill Athletic Club, composed of the best sporting men of the different towns in the county, will give their opening ex bibition at the Girardville opera house on Saturday, February 4th, when their patrom will have the pleasure of witnessing four good contests. The opening one will be a four round go between James McHale, of Philadelphia, and an unknown, to be followed by a ten round contest for the championship of the coal region between Joseph Ford, of Mt. Carmel, who is the champion 120 pound pugilist of Northumberland county, and J. Kirk, of Pottsville, who is the champion of Schuylkill county. The third contest will be between Ferguson, of Locust Gap, and Gil. and Peter McCloskey, of Frackville, and the management has gone to considerable expense to seenre a rattling go for the wind-up-and they have secured two men who should satisfy everybody-they are Ike Weir, of Boston, (the Belfast spider), and Frank O'Brien, of Philadelphia. No lover of this kind of sport should miss this treat, as all the contests will be strictly on merits.

Not Fools.

EDITOR HERALD:-As a German Democrat, living in the First ward, I wish to say weather. After supplying all offices there through your paper, that I have voted that ticket for the last time. We have been fools long enough; we have been played for suckers until the scales have fallen from our eyes, inspection was made at Homestead, ranks and we now feel like kicking ourselves all over because we failed to see the deception played upon our fellow countrymen before us. In this ward, with its large Democratic majority, none but Irish Democrats were put or the ticket, unless we except Moses Moyer, now deceased, who was given the Incrative office of ward assessor, an office no one else wanted. Wherever the Democrats had a "Twe used Dr. Bull's Cough Syrup in my family for a long while and wouldn't be with out in I know it's a good medicine. John Harrison, Postmaster, Guyton, Effingham Co. look after spheel of the course they had not brains enough to look after spheel of the course they had not brains enough to the four candidates nominated last night on the borough ticket all are Irish. Depend on it, we were "not in it" in the primaries, and we propose to stay out on the election. P. Shenandoub, Jan. 26, 1893.

Stood the Test.

Alleock's Porous Plasters are unapproach able in curative properties, rapidity and safety of action, and are the only reliable plasters ever produced. They have successfully stood the test of over thirty years' use by the public; their virtues have never been equalled by the unscrupulous imitators who have sought to trade upon the reputation of Alleock's by making plasters with holes in them, and elaiming them to be "just as good as Alicock's," and they stand to day indorsed by not only the highest medical authorities, but by millions of grateful patients who have proved their efficacy as a household remedy. Beware of imitations, and do not be deceived by misrepresentation. Ask for Allcock's, and let no solicitation or explana tion induce you to accept a substitute.
