Capital Advances of Shenandoah Beef Company's Interest.

While on his rounds yesterday a **HERALD** reporter gleaned some facts very favorable to the Shenandoah Beef Company. They demonstrate that the meats and provisions handled by this company have received an insurmountable upon public favor and is making inroads daily against all other firms, agencies and dealers. It may now be said that all prejudice against dressed beef is wiped out and the people of this section of Pennsylvania have arrived at the conclusion long since reached by the people of other sections of the country, that dressed beef is superior in many respects to the home killed article. Mr. T. G. Mayberry, the new manager for the Shenandoah Beef Company, is meeting with wonderful success. Mr. Mayberry succeeded Mr. M. S. Higgs as manager of the company on the 22nd of November, last. Since that time the business of the company has steadily increased and last week it was the largest since the establishment of the house. This increase is more remarkable when it is considered that before Mr. Mayberry took charge the Mahanoy City territory was cut off on account of the establishment of a branch in that town. Mr. Mayberry is a native of Clinton, Mass. He was engaged in the retail meat business there for some years before being assistant manager for the Gansvoort Beef Company, New York City, the largest establishment controlled by the Swift Company.

Entirely Satisfactory.
W. J. Arkell, publisher of *Judge* and *Frank Leslie's Illustrated Newspaper*, writes: "JUDGE BUILDING, Cor. Fifth Ave. and Sixteenth St., New York, January 14, 1893." "About three weeks since, while suffering from a severe cold which had settled on my chest, I applied an Allen's Peppermint Plaster, and in a short time obtained relief." "In my opinion, these plasters should be in every household, for use in case of coughs, colds, sprains, bruises, or pains of any kind. I know that in my case the results have been entirely satisfactory and beneficial."

The Lillian Kennedy Company in "The Caudin's Merry Three" played to a full house at Ferguson's theatre last night. Mrs. Kennedy was as pretty and frisky as ever as the play was very good. The support could have been better.

USE DANA'S SARSAPARILLA, ITS "THE KIND THAT CURES."
A Successful Operation.
The Ashland *Telegram* says a delicate operation of skin grafting was performed on Tuesday at the hospital by the surgeons Luke Moran, of Grantsville, was injured four years ago at the Hammond colliery. His leg was horribly lacerated and some of the bone came away. He was faithfully attended by Dr. Bronson, the family physician, but the wound would not heal. A piece three inches wide and six inches long was removed from the arm of a man. The patient was brought to the hospital accompanied by his two brothers who were willing to give sufficient of their skin to cover the open sore. They stood the ordeal like heroes while Dr. Biddle cut small pieces ranging in size from one-eighth to a quarter of an inch in diameter from their arms and transplanted it to their brother's leg. Mr. Moran is only twenty one years of age and it is hoped that the operation will do all the surgeon expect.

IMPORTANT MEETING.

(Continued from First Page.)

ishment be administered was not very severe. Mr. Gallagher thought the board should stand by the school teachers and arrest people who interfere with them.

Some of the directors asked if Mr. McHale was able to take care of himself, and the superintendent answered that the teacher had given that assurance, whereupon the board dropped the matter with the remark that it was a good thing if Mr. McHale could handle the Turkey Run boys and take care of himself.

Mr. Gallagher said that in increasing the salaries of male teachers at the last regular meeting Mr. Frank R. Williams had been overlooked. He considered that the young man was also deserving an increase. Superintendent Freeman said that it was clearly an oversight and he would be willing to amend his report to that effect. On motion, it was decided that the amended report be adopted.

Miss Barnage, one of the school teachers, was reported as still on the sick list, but it is expected the lady will be able to resume her duties in a few days.

Solicitor Cogle stated that Mrs. Cather had agreed, through her attorney, to accept \$300 in settlement of her claim for damages against the School Board. The board accepted the proposition. Mrs. Cather's claim for damages was based upon the refusal of the board to take the property which it had condemned with the intention of erecting a new school building upon it. The board considered the price asked by Mrs. Cather and the price fixed by the viewers too high, and concluded that it would be much cheaper and more suitable to make an extension to the rear of the brick building at the corner of Centre and West streets. Mrs. Cather then claimed that as the condemnation of the property prevented her from accepting a good price offered by a private party she would hold the board for damages. It is generally conceded that the board got out of a deep hole at very moderate cost.

Superintendent Freeman then spoke on the subject of additional school room. He intimated that as his term of office will expire next June and he will not be a candidate for re-election he has no personal interest in the arrangement of school affairs for the next term, but for the general benefit of the schools he suggested that the board forego building an extension to Centre street building this year and in its stead erect a two-story building on the rear of the High School building lot. He said the High School rooms are none too large now. One at the next graduating classes will number but about sixteen, while over fifty graduates will enter. This will force the board to make arrangements for additional room and the suggested building will meet the demand. The library quarters, he also suggested, have been too limited for some time and larger quarters must be secured in the near future. The proposed new building would also meet this demand.

The committee on building and repairs was instructed to make a note of the recommendations and submit a report at the next meeting.

The resignation of William P. Williams, as a representative of the Second ward, was accepted. It was decided to leave the vacancy open until after the spring election.

On motion it was decided that no mechanic employed by the board be paid more than \$2.25 per day.
