HAWAIIAN DELEGATION

The Commissioners to Meet Secretary Foster To-day.

A FORMAL CONFERENCE MONDAY.

All the Members of the Commission Strongly in Favor of Annexation—Dr. Mott Receives Credentials from the Provisional Government, and Will Act With the Delegates.

WASHINGTON, Feb. 4.—The commissioners from the provisional government of Hawaii will make an informal call on Secretary of State Foster this afternoon, and an appointment will then be made for their formal reception on Monday...

Beyond the arrival of the commissioners there are very few, if any, developments in this momentous and interesting subject.

The commissioners reached Washington last evening. They made the trip across the continent in fairly good time, and arrived somewhat fatigued from the stress of their long journey.

They were met at the station by Dr. Mott Smith, who had just received the commission of President Dole, of the provisional government, appointing him the representative of Hawaii at Washington under the new regime.

The commissioners received a number of representatives of the press at their rooms, and talked freely and frankly of their errand.

They brought with them copies of the Hawaiian papers of Wednesday, Jan. 18, which contained full accounts of the proceedings in connection with the revolution, which was accomplished on the previous day—the 17th—and the ceremony of which have already been made public through interviews given by the gentlemen at San Francisco and at various points en route to Washington.

The personnel of the committee is as follows: Loren A. Thurston, Chairman, was Premier of the first revolutionary cabinet of Hawaii in 1893, and is the leading lawyer in Honolulu. He was born in Hawaii, his parents being American missionaries. He has been connected with the government in some capacity for years.

William C. Wilder is the head of the Wilder Steamship company, which does transportation business among the islands. He has not held a political position until recently, when he became a member of the Legislature.

William R. Castle is a lawyer largely interested in real estate in the islands and one of the principal owners of the Cahu railroad, which runs down to Pearl River harbor. He is a native.

Joseph Marsden is a sugar planter. He is an Englishman. He has lived in Hawaii about 15 years.

Charles L. Carter is the son of the former Hawaiian minister to Washington, H. A. F. Carter. He is a lawyer, was born on the island and is 25 years old.

William A. Kinoy, is now a lawyer in Salt Lake City, but a former resident of the Sandwich Islands and one of the leading participants in the revolution of 1897. He met the members of the committee at Ogden for the purpose of renewing old acquaintances, but was induced to accompany the body to Washington in an unofficial capacity as legal adviser.

The evening mail from San Francisco brought to Dr. Mott Smith, the Hawaiian Envoy of Queen Liliuokalani, a most important document. It was nothing less than his appointment and commission as representative and minister of the provisional Hawaiian government to the United States.

The document is a most imposing one, and is signed by Sanford B. Dole, the Minister of Foreign Affairs. Mr. Dole, who is president of the provisional government, is also the Minister of Foreign Affairs, because there are but four members of the High Council of the Republic.

The commission of Dr. Mott Smith was made out on the day after the revolution and over the signature of the Queen, and the circumstances of the abrogation of the constitution and the dethronement of the Queen. It further states that the provisional government had appointed a commission of five to proceed to the United States and ask for annexation.

It names the commissioners and then commissions the new minister to negotiate with the President of the United States and his Secretary of State.

The appointment was despatched to President Dole by the Annexation Commission on the 4th, and as soon as the commissioners landed in San Francisco they mailed it to Dr. Mott Smith. The commissioners tarried 24 hours in San Francisco, but the commission came direct, and that is why it got here ahead of the commissioners.

Thus, of course, settles the status of Dr. Mott Smith in the negotiations, as the minister has accepted the appointment and will act with the commissioners.

The despatch from London announcing the appointment of Dr. Mott Smith, as the Provisional Secretary of the Hawaiian Commission to the House of Commons, as to Great Britain's intention in the Hawaiian matter, that the government has made no protest and did not intend to believe that the lives and property of British subjects in Hawaii were safe under American protection, has caused a decidedly friendly feeling for England among the radical annexationists here.

H. L. Brown of Minneapolis, who came in on the same train with the commissioners, and who had conversed with the distinguished gentlemen in the Hawaiian party, said to a reporter:

"These gentlemen know their own interests are at stake and want a permanent union with the United States. From what I learned I think the Queen is only holding out for what Americans would ask. She is opposed to the encroachments of foreigners, and wants the island to belong to native born Hawaiians, or at least to those who have some native blood in their veins."

Chairman Thurston said to the informant that the greatest objection to the role of the present nominal Queen, is that by her influence the lottery company was promised a foothold. The kingdom is lading in debt, and the revenues from the lottery were relied upon to pay all of the expenses of the government. Mr. Thurston stated that all of the white residents resented the proposed scheme and are determined to frustrate it.

Mr. Castle said to a reporter this morning that the desire of the commission

GOV. BOIES DECLINES. Will Not Accept the Portfolio of Agriculture in the New Cabinet. DES MOINES, Ia., Feb. 4.—Gov. Boies has been offered and has declined the Agricultural portfolio. Mr. Cleveland first invited him to join the Cabinet three weeks ago and refused to take no for an answer, writing the second time to the Governor urging him to take the place.

At the same time he wrote to three of his most intimate friends in Iowa, asking them to see the Governor and try to induce him to accept.

Those gentlemen urged the Governor to accept as requested but did not meet with any success. A few days ago Mr. Boies wrote to the President-elect finally and firmly declining the latter's offer.

The Governor thinks his course in the matter the only one he could honestly take.
