

In the Early Days of cod-liver oil its use was limited to easing those far advanced in consumption. Science soon discovered in it the prevention and cure of consumption.

Scott's Emulsion of cod-liver oil with Hypophosphites of lime and soda has rendered the oil more effective, easy of digestion and pleasant to the taste.

HERBERT FOR THE NAVY

The Secretaryship Said to Have Been Tendered Him.

STRAUS FOR POSTMASTER-GENERAL

The New York Merchant Regarded as Mr. Wannamaker's Successor - Carlisle to Be Depended Upon for the Preparation of the New Tariff Bill.

WASHINGTON, Feb. 6.—It is practically settled in the minds of nearly everybody around the Navy Department that Representative H. A. Herbert of Alabama is to be the next Secretary of the Navy.

It is further learned that while Mr. Herbert has not formally accepted the appointment, from certain conversations known to have taken place between Secretary Tracy and Mr. Herbert upon matters affecting pending naval questions it is believed there is little room for doubt that he will accept.

Navy people generally are pleased over the prospect of Mr. Herbert's appointment. His two terms as chairman of the House Naval Committee have probably more closely identified him with the naval establishment than any other Democrat in public life.

No less than 21 of the 40 vessels of the new navy were authorized while he was with the House Naval Committee. His liberal policy on the shipbuilding question, navy people think, argues well for the navy, believing, as they do, that Mr. Cleveland has the continued growth of the navy in view in selecting him to preside over the Navy Department.

STRAUS FOR THE CABINET.

Mr. Cleveland Has Invited Him to Become His Postmaster-General.

LAKEWOOD, N. J., Feb. 6.—From a man who is very close to Mr. Cleveland comes the news that Mr. Isidor Straus has been slated for the Postmaster-Generalship. It is said that Mr. Cleveland offered the Postmaster-Generalship to Mr. Straus Saturday night.

Mr. Cleveland's regard for the Straus family is well known. He appointed Oscar Straus Minister to Turkey. Since the President-elect came to Lakewood he has been in almost daily consultation with Mr. Straus, and it has been in the air for days that the latter was to have an appointment of some kind.

THE NEW TARIFF BILL.

Mr. Cleveland Will Rely Largely on Carlisle for Its Preparation.

WASHINGTON, Feb. 6.—President-elect Cleveland will be inaugurated three weeks from next Saturday.

He has paid about the last visit to his law office, and will devote the few days that remain to finishing his Cabinet and to his inaugural message.

Senator Vilas and the Cabinet. MILWAUKEE, Wis., Feb. 6.—Gov. Peck and Chairman Wall of the Democratic State Central committee are in Chicago. It is rumored they are to meet Senator Vilas and hold a conference with reference to a Wisconsin man for a Cabinet position.

THE CASE OF CARLYLE HARRIS.

Lawyers on Both Sides Hard at Work on New Evidence.

OCEAN GROVE, N. J., Feb. 6.—The people of this place and Ashbury Park have been much wrought up for the past few days over the efforts being made by agents of District-Attorney Nicoll, of New York, on the one side, and Howe & Hummel on the other, in the procuring of affidavits bearing on the alleged newly discovered evidence in the Carlyle W. Harris case.

In the case of Howe & Hummel the efforts, it seems, were almost fruitless, but the representative of the district-attorney has gone away with his pockets filled with affidavits for the prosecution.

George Potts, father of the unfortunate girl-wife of Harris, said this morning: "I don't feel at liberty to divulge the exact nature or strength of the affidavits or the names of the parties making them, but of one thing you may be sure—they will successfully refute every allegation contained in the affidavits recently obtained by Howe & Hummel."

The Typhus Record in New York.

NEW YORK, Feb. 6.—Three deaths from typhus fever occurred on North Brother Island yesterday.

The victims were Bernard Finegan, who was taken from 112 Bowers; James O'Neill, who was removed from Bellevue hospital, and Henry Munson, who was taken from 51 Bowers. No new cases are reported to-day.

NEWS OF THE DAY.

Senator Casey has withdrawn from the North Dakota Senatorial race. It is thought now that the Republican minority will vote for some Democrat.

The twin screw armor-plated harbor defense gun Ketchikan was launched from the yards of the Bath Iron Works, at Bath, Me., Saturday.

William Coolidge Stone, one of the leading physicians of Lakewood, N. J., is dead.

The postoffice at Castleton, N. Y., was entered early Sunday morning and about \$400 worth of stamps taken away.

Bristol, Pa., mills are boiling water for employes to drink as a guard against typhoid.

A passenger train on the New York Central railroad ran down a gang of section men who were walking on the track at Syracuse, N. Y., Saturday morning, killing three and injuring three others.

The British Foreign Office announces that the recent story about an alleged attack upon the British Legation in Guatemala is a gross exaggeration of an unimportant incident.

Application for authority to organize the Young National Bank of Connelville, Pa., has been filed with the Comptroller of the Currency by J. C. Kurtz, of Connelville, and his associates.

Mrs. Emma Allen, a young woman of good family, committed suicide at Atlanta, Ga., Saturday night by throwing herself in front of a moving train. She has been insane for several weeks.

From Merchant and Customs. THE SAME OLD COY. "IT MADE ME WELL."

Dr. David Kennedy's Favorite Remedy, a Roadmap, N. Y., the talk of the Country.

Mr. W. F. Johnson, the leading merchant of Gainesville, N. Y., said today that "I have sold over 50 doz. of Dr. Kennedy's Favorite Remedy, and have never had a bottle returned or a fault found with it. One of my customers paid his doctor \$54 and was then no better. I took a bottle of Kennedy's Favorite Remedy and my doctor's treatment, and he then bought six bottles of mine and was well long before they were used up."

Such words as these must impress the sick or ailing one.

Three years ago I was troubled with Dr. Kennedy's Favorite Remedy and I am now well. C. L. SHAW, Birmingham, Conn.

I was afflicted with a tumor growing over my right eye. Eminent physicians in that city were helpless. I began at that time to use Dr. Kennedy's Favorite Remedy and the tumor entirely disappeared and my eye was saved.

Are you a victim of any humor or bladder trouble? Try Dr. Kennedy's Favorite Remedy and it will rid you of all such troubles. F. C. BUCK, Fayetteville, N. Y.

These are the symptoms of dyspepsia, war stomach, painful weight in the abdomen after eating, indigestion of the food, nervousness, constipation, drowsiness, loss of appetite, and other ailments. Dr. Kennedy's Favorite Remedy is the only medicine that will cure all these ailments. It is a simple and effective remedy, and is sold in every drug store.

TESTING THE VESUVIUS.

The Patent Fuses Have Arrived and Loaded Shells Will be Tried.

PORT ROYAL, S. C., Feb. 6.—The fuses for the loaded shells to be fired by the Vesuvius this week are now in the Port Royal express office. As Captain Zapfeff, inventor of the fuses, has not yet secured a patent on them, it is difficult to obtain an intelligible description of their mechanism.

The fuse is contained in a movable case which may be kept free from the shell until the latter is ready for firing. The case contains fulminate of mercury with appliances for detonating it, and next to it is placed a layer of dry gun cotton to act as a primer to full a charge of wet gun cotton.

The fuse has a duplex action and may be exploded either by impact or by a powder train. Eight percussion caps, each with its own plunger, are arranged around the fuse. The plungers are held by springs and while quiet are separated from the caps by metal plates.

Immediately after firing, the plates become free and slide from between the plunger and the caps. Upon impact the plungers are driven against the caps, and an explosion is produced.

In the second case a ball held in place by strong springs is set in motion when the shell strikes the water, and its forward flight ignites a time train which explodes the shell after it has passed 50 yards under water.

The firing of dummy shells, of which six remain, will be finished to-day, and the Vesuvius will drop down the river and prepare herself for moving trials.

RELIGIOUS TROUBLE IN MADRID. A Bomb Exploded at the Opening of a Protestant Church.

MADRID, Feb. 6.—The excitement caused among Roman Catholics by the opening of a Protestant church in this city several weeks ago still threatens trouble.

When the Protestants announced four days ago that they would meet yesterday afternoon in the church opposite the Jesuit college, the police feared a counter demonstration to the Catholic student riot on Barcelona on Jan. 29.

When the Protestants assembled they found a strong posse of police and about 100 of the Civil Guard drawn up around the college.

During the services a petard exploded a few yards from the church. Three policemen and a civilian were wounded. The services were cut short, and the congregation hurried in a panic from the edifice.

Nothing has been ascertained as to the identity of the person who exploded the petard.

GEN. CLARKSON'S CRITICISM. His Remarks on the Jackson Appointment Causing Much Discussion.

WASHINGTON, Feb. 6.—The criticism upon the appointment by the President of Judge Jackson to succeed the late Associate Justice Lamar on the Supreme Bench made by Gen. J. S. Clarkson is the subject of considerable discussion among politicians.

The fact that Mr. Clarkson has requested Senator Cullem to protest against the confirmation of Judge Jackson's nomination added interest to the affair.

Senator Cullem was seen this morning, and asked what action, if any, he had determined to take.

He said that he had been so busy with other matters that he had been unable to consider the subject, and had nothing to say as to his intentions with regard to the nomination.

It is not considered probable by many Senators that Judge Jackson's nomination will be rejected.

SUFFERING MAY RESULT. Sudden Lay-off of 500 Employees in a Paterson Ribbon Factory.

PATERSON, Feb. 6.—Bamford Brothers, the silk manufacturers, have laid off 500 employees. The company is one of the largest ribbon manufacturing concerns in the country, and employed in its two mills about 1,000 hands.

Walter Bamford, one of the firm, said to-day that the scarcity of orders compelled the laying off of the employees and that the business has been decreasing for the past month.

The company hopes to resume with a full complement of employees in a few weeks.

The hands were laid off without a moment's warning and much suffering, it is feared, will result.

IN SEARCH OF HIS SISTER

Young Ward's Chase After an Eloping Couple.

EN ROUTE FOR THE PACIFIC COAST.

A Tale from Chicago in regard to Prominent People of West Haven, Conn., Which, However, is Discredited at that Place—The Girl's Scheme to Raise Ten Thousand Dollars.

CHICAGO, Feb. 6.—J. H. Ward, son of Israel Ward, a banker of West Haven, Conn., left here last night for St. Paul. He has been here since Saturday night in search of his sister, who eloped with James Lewis, cashier of the West Haven Bank. They were married in Albany and started westward. After tracing the couple through Canada young Ward ascertained they had come to Chicago. At the Wellington hotel he found the names "Mr. and Mrs. J. Lewis, Syracuse, N. Y.," registered, but was informed by the clerk that the couple had left yesterday morning for St. Paul. To a reporter Ward told this story:

"Early in December my father sailed for Europe and before leaving home signed a blank check, which he gave to my sister, telling her to fill it out Christmas time for the amount she would need for presents and to get the money at the bank. Instead of using the check during the holidays she kept it until Jan. 10, when, as I believe, according to an understanding with Lewis, the cashier of the bank, she presented the check filled out for \$10,000, which he as cashier was bound to honor, as the signature on the check was genuine.

"Two days after she received the money my sister left to visit her aunt, Mrs. John Myers, in Albany, and a week later Lewis followed her, without giving any notice at the bank of his intention to leave.

"An investigation followed, and the item of \$10,000 paid to my sister by Lewis was discovered. The bank officials were powerless in the matter, as the transaction was regular on its face, and the check was genuine.

"Further investigation of the books developed that Lewis had in his possession certain knowledge regarding accounts and securities about which the officials were entirely at sea without his assistance, and a search was made for the missing cashier.

"My object in meeting my sister is to try to persuade her to return home. I also expect to get from her the knowledge the officials seek. I think the couple are on their way to the Pacific Coast."

NEW HAVEN, Feb. 6.—Israel Ward, the banker referred to in the Chicago despatch on the Lewis Ward elopement, has been dead about ten years. He was at one time cashier of the Second National Bank of this city.

He left a son and a daughter, now about 20 and 16 years of age respectively. The young lady has been in New York all winter.

Gossip at West Haven has it that during last summer a young man named Lewis paid marked attention to Miss Ward, but whether in the person alluded to in the despatch cannot be heard.

Wallace W. Ward, the girl's uncle, positively refuses to discuss the elopement matter. There is no bank in the town of West Haven and consequently no "James Lewis, Cashier," there.

DR. GRAVES OUT ON BAIL. Released from the Penitentiary Pending a New Trial.

DENVER, Col., Feb. 6.—Dr. T. Thatcher Graves, who a little over a year ago was convicted of poisoning Mrs. Josephine Barnaby of Providence, R. I., and was sentenced to be hanged but subsequently granted a new trial, was released from the penitentiary Saturday and is in this city for the purpose of furnishing bail pending a rehearing of his case.

Dr. Graves is hale and hearty and does not show any traces of his long imprisonment. He retains his old time courtesy and pleasant manner.

The doctor is of course happy at being free again as there is no probability of his case ever being tried the second time, because of the great expense attached to the trial and the absence of witnesses.

An Elephant Three Feet High.

BENLIX, Feb. 6.—At the Zoo a phenomenon is expected within a few days, called the Littleton Elephant. The beast is only 18 inches high, and weighs less than 150 pounds. The Berlin authorities intend to send him to the Chicago Exhibition. He is, so far, the smallest elephant ever known, as elephants at their birth are usually of double his bulk and weight.

Cattlemen Expect Heavy Losses.

HELENA, Feb. 6.—For the last 12 days the temperature here has been below zero and as the cold weather prevails all over the State east of the main range of the mountains it takes in most of the stock country. Reports from the ranges are meagre, but stockmen fear that cattle have suffered greatly, and heavy losses are expected.

Mysterious Death of an Ex-Striker.

PITTSBURGH, Feb. 6.—John Marley, aged 34 years, an employee of the Homestead Steel works, was found dead in front of one of the furnaces yesterday. The mysterious circumstances surrounding his death have caused coroner McDowell to devote upon a thorough investigation. Marley was an ex-striker.

Light Keeper Smith Safe.

BROOKPORT, Conn., Feb. 6.—Julian Smith, keeper of the Middleground Light-house, whose absence of one week occasional great alarm, has reached this city on the revenue cuter U. S. Grant. He says he went to New York to have repairs made on the light-house and came back on the cutter.

Ex-Speaker Tertilt Sent to Jail for Life.

GUYMON, O. T., Feb. 6.—Ira N. Tertilt, ex-speaker of the last House of the Oklahoma Legislature, who married George Emms at the Land Office door in this city because the latter testified against him in a land suit, has been sentenced to the penitentiary for life.

His Legs Cut Off.

HEART DISEASE! Statistics show that one in every four has a weak or diseased heart. The first symptoms are short breath, oppression, fluttering, faint and hungry spells, pain in side, throbbing, swelling ankles, dropsy (and death) for which DR. MILES' NEW HEART CURE is a marvelous remedy.
