

A Ruddy Glow

on cheek and brow is evidence that the body is getting proper nourishment. When this glow of health is absent assimilation is wrong, and health is letting down.

Scott's Emulsion

taken immediately arrests waste, regardless of the cause. Consumption must yield to treatment that stops waste and builds flesh anew. Almost as palatable as milk.

Prepared by Scott & Brown, N. Y. All druggists.

SHILOH'S CURE.

Cure Consumption, Coughs, Croup, Sore Throat. Sold by all Druggists on a Guarantee. For a Lane Cite, look to Chas. Shiloh's Powery Plaster will give great satisfaction—25 cents.

SHILOH'S VITALIZER.

Mrs. T. S. Hawkins, Chattanooga, Tenn., says: "Shiloh's Vitalizer SAVED MY LIFE. I consider it the best remedy for all ailments of the liver, stomach, liver or kidney trouble it excels. Price 15 cts."

SHILOH'S CATARRH REMEDY.

Have you Catarrh? Try this Remedy. It will return and cure you. Price 50 cts. This Injector for its successful treatment is furnished free. Shiloh's Remedies are sold by us on a guarantee to give satisfaction.

CARTER'S LITTLE LIVER PILLS.

Rich headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Prostration, Distress after eating, Pain in the Side, etc. Shiloh's Remedies are sold by us on a guarantee to give satisfaction.

CURE SICK HEADACHE.

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cure the headache.

CARTER'S LITTLE LIVER PILLS.

RIVERS RISING RAPIDLY

Reports of Danger and Damage from Many Points.

PART OF TRENTON UNDER WATER.

Fears of the Lowland Inhabitants Near Clearfield, Pa.—The Ohio Fast Creeping Up to the Danger Line—Bridges Swept Away and Railroad Traffic Impeded.

Clearfield, Pa., Feb. 11.—The residents of the lowlands along the west branch valley between Curwensville and Clearfield are threatened with destruction. At the former place is located the large saw mill of the Curwensville Lumber company, and they control almost all of the timber on the headwaters of West Branch and all that on Anderson Creek, which joins the river at the mill. In order to hold the logs that are out during the cutting season a large boom is located at the mill and extends two miles up the river.

At present there are over 5,000,000 feet of logs in this boom, and on top of these logs is gorged at least 15 feet of ice. The ice gorge extends a distance of six miles and the water is overflowing the banks all along the river for a distance of ten miles and this morning is above the ten foot flood mark, as all the ice from Curwensville down has left the course and if a break occurs the whole gorge may come upon the inhabitants at any minute.

There never was more snow in the woods than at present, and when the weather gets warmer, the river rises fast. Last Monday the river was up to the highest point known in its history at the head of the Curwensville boom, but a fortunate cold snap followed and the water went down.

If the Curwensville dam breaks nothing can prevent great loss of property, both public and private. Eight iron bridges belonging to the city span the stream below the dam, and the valley is so narrow that the water has no chance to spread and will thus inundate and destroy most of the private property along the banks.

FLOOD IN TRENTON.

Ice Jam at Ferrisburg Causes Part of the City to be Submerged.

Trenton, Feb. 11.—The ice which has closed the Delaware river for six weeks broke at Lambertville, 16 miles above here, yesterday afternoon, and at once started on a rush down stream.

Opposite Trenton the ice cut a channel and passed out smoothly, but at Ferrisburg, two miles below the city, the sailing ice formed a jam, and the back water resulting therefrom flooded portions of this city.

There is every indication of a flood severer than that of 1882, when several parts of the city were submerged, and much damage was done. Fair street, which is on the river front in South Trenton, is under water, and people are paddling about the street in boats.

The flood has been anticipated for weeks, and such preparations have been made for its occurrence that the damage to property will be kept down. The worst catastrophe that has overtaken the city within recent years occurred last night when the water invaded the pumping station of the waterworks, put out the fire and stopped all work. There is but a limited supply in the reservoirs and unless the water recedes soon the city will be greatly in need of a water supply.

A large water wheel was erected to provide for emergencies, but this is useless now, as the high water prevents its use. The authorities have sent out a general alarm asking the people to make a sparing use of water, as the supply is so limited.

The Harrier Over Its Banks.

The ice in the Millstone river broke yesterday and was carried into the Raritan river. This, with the heavy floods, caused the ice gorge at the Landing bridge above New Brunswick to give way. The immense quantities of ice then rushed toward New Brunswick and tore away the woodwork beneath the Albany street bridge, throwing the draw off its pivot.

A STARTLING FACT.

SIXTY PER CENT. OF LIFE INSURANCE APPLICANTS REJECTED ON ACCOUNT OF DISEASED KIDNEYS.

The Trouble Comes From Lack of Care.

Dr. Lambert the general medical director of the Equitable Life Insurance Company, N. Y., said:

"We reject sixty per cent of the applications made to us for insurance, and I have saved the entire expense of this medical department by the rejection alone of applicants who had diseased kidneys, and who died within two years after I rejected them."

This appalling statement coming as it does, from such high medical authority, should have the attention of our citizens. There is no reason to day, why people should allow kidney disease to get such a hold on them.

Nature sends her warning in the slight pain in the back, poor circulation of the blood, sediment in the urine. When any of these symptoms appear, Dr. David Kennedy's Favorite Remedy should be taken in small doses at once, and thus drive the poison out of the blood and restore the kidneys to healthy action.

To our knowledge this is the only medicine that surely and effectually cures this almost universal complaint.

We note the happy recovery of Mr. Oscar Lambert, of Jerico, Mo., whose case has been talked of in the papers the world over.

Quoting from his letter:

"I neglected the first symptoms until I found myself in bed with a complicated disease of the kidneys. No mortal ever suffered more and lived. My physician failed to help me. I then used Dr. David Kennedy's Favorite Remedy, made at Keokuk, N. Y. It relieved my kidneys immediately, and in a few weeks I was clear of all pain, and entirely cured. I owe my present health to Dr. David Kennedy's Favorite Remedy for kidney disease, when Doctors failed to relieve me. It drove a bad humor out of my blood, cured my kidney trouble, and I am truly glad when I say I traveled my life."

Wm. Huston the popular West Shore R. R. engineer, came out in an open letter stating how he had suffered with kidney disease. Physicians treatment and the use of various preparations failed to benefit him. Dr. David Kennedy's Favorite Remedy, was procured and it made him well.

Favorite Remedy has had more free advertising in the columns of the daily papers, than anything we know of, from the fact that it does as is promised, "cures disease."

Dr. Kennedy's Favorite Remedy possesses marvelous strength giving qualities, that render it especially valuable to the aged or infirm. For a general all around tonic, and to cure any disease arising from an impure condition of the blood, it has no equal. Druggists are selling more of it than all others combined.

A Knotty Problem!

Is the Gift question, but it will be solved by calling at the store of J. P. Williams & Son, where you will find the most desirable presents in the S Furniture line, Pianos, Organs and Sewing Machines.

THE KIND THAT CURES

A Victory Over Disease!

"Terrible Pain in Head and Stomach!"

"My Face was one Mass of Eruptions!"

"Walked the Floor Night After Night!"

The following from Mrs. Hams proves the WONDERFUL POWER of DAN'S SARSAPARILLA.

Gentlemen—I am 44 years of age. About 10 years ago I had the Measles which left me very bad shape. I had my HEAD, EYES, EARS, NOSE, THROAT, and SKIN all affected. I had a terrible pain in my stomach and back, and I could not eat or sleep. I tried many different remedies, but they did me no good. I then used DAN'S SARSAPARILLA, and in a few days I was able to eat and sleep. I am now perfectly well, and I can truly say that DAN'S SARSAPARILLA cured me. I have no more eruptions on my face, and I feel like a new woman. I can truly say that DAN'S SARSAPARILLA cured me. I have no more eruptions on my face, and I feel like a new woman. I can truly say that DAN'S SARSAPARILLA cured me.

DAN'S SARSAPARILLA

Though I had tried so many different remedies, I had not taken one bottle of DAN'S SARSAPARILLA. I had a terrible pain in my stomach and back, and I could not eat or sleep. I then used DAN'S SARSAPARILLA, and in a few days I was able to eat and sleep. I am now perfectly well, and I can truly say that DAN'S SARSAPARILLA cured me.

AN ORDINANCE

AN ORDINANCE, granting to the Pennsylvania Telephone Company the right to occupy the streets and highways of the Borough of Shenandoah with poles and wires, as may be necessary for conducting its business.

SECTION 1. Be it ordained by the Town Council of the Borough of Shenandoah, that it is hereby ordered by the authority of the same, that permission be and is hereby granted to the Pennsylvania Telephone Company under such conditions and regulations as hereinafter set forth, to occupy the streets and highways of the Borough of Shenandoah aforesaid, with poles and wires, as may be necessary for conducting its business, and to maintain the poles and wires in good, safe and serviceable condition.

Sec. 2. That all poles shall be located on the curb lines of properties at a place under the supervision of the Committee of Roads and Highways of said borough.

Sec. 3. That no poles shall be erected under such permission without the consent of the owners of properties abutting the location of said poles.

Sec. 4. That the said Telephone Company shall permit the fire alarm and police patrol wires and boxes of said borough to be run upon all the poles of said company within the borough limits.

Sec. 5. That said Telephone Company shall pay the expense of printing and publishing this ordinance.

Passed February 18, 1902.

Section 2, amended to read: The property owners have the privilege to say whether or not the poles shall be placed in front of their doors or windows.

Passed March 26, 1902.

T. J. JAMES, Pres. Town Council. JAMES SMITH, Chief Burgess. ALBERT T. J. COAKLEY, Town Clerk.

TRIED THE NEW SHELLS

Highly Successful Tests With the Vesuvius' Guns.

NAVAL OFFICERS MUCH PLEASED.

Five of the Patent Bombs shot from the Three Long Pneumatic Guns—Four Probably Exploded—Could Easily Have Hit a Vessel Coming Toward Her.

PORT ROYAL, S. C., Feb. 11.—The Vesuvius continued her experiments with the pneumatic guns here yesterday. The trial was a very satisfactory one to the examining board, because the sea was a little rough which tended to detract from the accuracy of the guns.

The Vesuvius got under way at 11 o'clock and in less than 45 minutes had gotten into line and fired three projectiles. With her signals flying she steamed slowly up to the 2,000 yard buoy heading slightly to the north of the target line. A momentary pause followed while she swung slowly into position. Then the signals dropped and instantaneously almost there followed the white cloud of compressed air indicating the firing of a shot.

The first shot fell 50 yards short of the target, but exactly in line with the buoy which marked the 2,000 yard range; the second shot fell 10 feet short. A third shot was fired a few moments later falling short of the target but practically on the buoy line, and the fourth shot fell on the buoy line, but the fifth and last shot of the day, fell so close to the target that the spray thrown up by the projectile obscured the target. An instant later an explosion was heard and the water behind the target was disturbed.

The second and fifth shots fell so accurately that they would have fallen on an ordinary ship stationed for a target. The officers of the Vesuvius are greatly elated over the results of the day's tests. They will be continued to-day.

The firing was a remarkable proof of the accuracy with which shots can be placed, using all three guns. The five shots at 2,000 yards range were dropped within a distance of 50 yards of each other on a direct line for the target. If fired at a ship coming toward the Vesuvius all of them would have struck her. The doubt as to the action of the fuses is not at all astonishing. This is the first time that the fuse has ever been fired. The failure of this particular fuse would have depended upon the valve of the pneumatic tube as a torpedo thrower, for another fuse could easily be found. But five shots are not enough to decide whether or not there will be a failure.

POISON GIVEN TO FIVE

A Girl Tries to Kill Her Uncle and Every Member of the Family.

CAMDEN, N. J., Feb. 11.—Wanting more liberty in the evenings than she was allowed in the strict family of her uncle and guardian, John Horischer, of No. 625 Montgomery avenue, Katie Horischer has been gradually poisoning him, his wife, mother and two children.

She prepared the meals for the family, and the coffee and soup were the channel through which she attempted her scheme by mixing with them small quantities of two different poisons, one red and the other a white corrosive preparation.

Last Thursday Horischer reported to the police his belief that the sickness of his family was due to poison in their food and named Katie as the suspect. Yesterday Katie was arrested. She made a confession, implicating Harriet Ritter of No. 709 Fern street, who, she alleged, procured for her the poison, telling her they would share the money left by the grandmother.

The grandmother and one child are still dangerously ill.

On one occasion Katie was compelled to eat the poisoned food and was taken sick like the rest of the family.

THE DOVER HORROR.

Inmates of the Asylum Were Allowed Matches to Light Pipes.

DOVER, N. H., Feb. 11.—A possible clue to the origin of the fire in the county insane asylum near here Thursday night, in which 44 people lost their lives may be found in the fact that some of the insane patients were habitual users of tobacco and were allowed three friction matches each to take to their cells, with which to light their pipes.

This system, it is said, was brought to the notice of the county delegation a few days since upon its visit to the county farm, and the advice of one of its members was that it should be stopped, but whether this advice was acted upon is not known.

Keeper Driscoll is of the opinion that the fire caught from a defective chimney, the sides of the latter being only the thickness of one brick.

The Legislature has decided to make an investigation of the horror.

Another Monte Carlo Victim.

Nice, Feb. 11.—A professional gambler after losing heavily at the Casino at Monte Carlo last evening suddenly became insane, attacked several men and then tried to take his life. His violence caused a panic and men and women fled from the building. Three attendants and two players overpowered the maniac after a sharp struggle and removed him, shouting and fighting, to the police station.

Mills Forming a Trust.

OSKOSH, Wis., Feb. 11.—It is stated here that the formation of the plans of co-operation of the millers' combination or trust, is progressing daily and will be the most extensive organization of the kind in the United States. It includes all the mills in the Northwest and puts the market and out-put under their absolute control.

The Consolidated Haying Engines.

NEW HAVEN, Feb. 11.—As a result of the Old Colony deal, the Consolidated road has placed an order for 35 new locomotives with the Rhode Island Locomotive Works, of Providence. All are to be delivered by April 1. All the repairs of the Old Colony system will be done at the shops in this city.

Prize Fighting Justice of the Peace.

NEWTON, N. Y., Feb. 11.—Evan C. Carpenter, Justice of the Peace at Highland Falls, who was recently removed from office by Judge Barnard, pleaded guilty to aiding and abetting prize fighting, and was fined \$25 in the Supreme Court here.

HEADACHE!
