NO HOOPED SKIRTS HERE A Bill Against the Crinoline Craze at Albany Craze at Albany.

MANY COMMITTEES AFTER IT.

Assembly man's Smith's Bill Causes Much Merrimont in the Legislature-To Prohibit Their Manufacture, Sale and Use-The Real Estats Exchange Ropid Transit Bill;

ALBANT, Feb. 14. - Assemblyman Smith's bill to prevent the approach of a crinoline epidemie, as introduced last sight, is creating much amusement. Mr. Smith made a short speach, saying he introduced the bill to encourage women of sense and good judgment to resist the colish distates of fashion.

The bill makes it a misdemeanor to nanufacture, sell, give away, or wear popskirts or erineline.

Tim Sullivan was at once on his feet to move a reference to his Committee on Commerce and Navigation. He referred to the narrow streets in lower New York. and said that if several women wearing rinoline should pass along it would be lifficult for a man to navigate. Hence, his committee was the proper one. Duffy commenced to acciaim for his

multice on Public Health, while John Kerrigan was equally strenuous for

Trades and Manufactures. Sullivan's idea, however, caught the House, and his committee got the bill. In the way of new legislation propose

he most important bill was the Real Es-ate Exchange Rapid Transit bill, introduced by Assemblyman Ellison, of New York.

The bill continues the existing commission, and enables it to submit the frauchises again for sale.

In case of a failure to sell, the commis-ion shall certify that fact to the county

At the general election in November the question shall be submitted to the people as to whether or not the city shall construct and equip the road, according to whatever system the commission ap-proves, the city to pay therefor by the issuance of 8 per cent. bonds, the road to be leased at a minimum rental of an amount sufficient to pay the interest on the bonds and an additional 2 per cent.

The bill is to be vigorously pushed with all the backing the Real Escate Ex-change can bring to it. In the Senate a bill was introduced by

anator Ahern limiting the gross amount of life insurance that may be underwritten by any one sompany to \$1,000. 600. This would restrict the three big mies from doing new business after a few years.

Blaine Eulogized by the Legislature. ALBANY, Feb. 14 -- The time of the ienate last night was devoted to eulogies of James G Blaine. Senators Sax-ton, Cantor, O'Connor, McCarreo, Ed-wards, Roesch, Smith and McClelland spoke.

TESTING THE NEW FUSE. Trials with High Explosives on the

Vesuvius To-qay. PORT ROYAL, S. C., Feb. 14 .- The question of the efficiency of the Rapieff fuse is all important on board the Vesuvius just

Captain Rapielf stoutly maintains that in each instance the fuses have exploded. He admits that it is more than probable that the gun cotton primer did not de-tonate the gunpowder charge, but is in-clined to ridicule the idea that the fuse

itself failed to perform its functions. The Board took 15 pounds of gun

THE RAGING DELAWARE

Higher Now Than Ever Before in Its History.

GRAVE APPREHENSION AT TRENTON-

Many Mills at a Standstill-Sig Thousand Hands Out of Employment-Water Supply Growing Short-The Big Ice Gorge at Perriwig Bar to be Blown Up with Dynamite,

TREETON, Feb. 14 - The flood in the Delaware river is causing the gravest approhension here. The water is now tithin a few inches of the superstructure of the Pennsylvania Railroad bridge.

Telegrams from the apper Delaware say that miles of ice have given away above, and that the ice is coming down with a rush. Engines and loaded coal cars are kept

in readiness to be run on the railroad bridge.

The one small engine that has been in use at the pumping station of the city water works is shut down, and now the ity's supply of water is limited to that in the reservoir. A rise of a foot more will flood the en-

rive room of the State House. Yesterday the Board of Public Works held a meeting and determined on an at-tempt to start the ice out of the river by

the use of dynamite. A force of men will go to Perriwig Bar to-day and begin operations on the great gorge there. All the bridges between Trenton and

Lambertville are now in danger. The flour mills of the city are all at a standstill, owing to the inundation of their lower floors, and altogether there are now more than 6,000 hands out of imployment. The Delaware is higher than ever be

ore in its history.

FOSTER SEEKS OPINIONS. New York Bankers Congulted on the Gold

Situation. NEW YORK, Feb. 6 -Secretary Foster was due at the Sub-Treasury at noon yesterday to consult with Assistant Treasurer Roberts. At that hour a number of men called to see him. It was 3 o'clock before he arrived, however, and he saw only Mr. Roberts.

To reporters Secretary Foster said he was personally opposed to issuing bonds at present.

Still, he is glad to get the advice of bankers on the matter. He believes

bankers on the matter. He believes that altogether too much stress has been put upon the action of the banks in transferring a part of their gold to As-stant Treasurer Roberts. It was a good thing at the time, but he does not believe it was necessary to con-vince the financial community of the so-lidits of the community of the soidity of the government's resources. Many Wall street men and bankers

expected that he would announce his de-taion yesterday, but Assistant Treasurer Roberts said the Secretary would do nothing until after he returned to Wash

The President and his Cabinet will meet to-day, and Mr. Foster will lay before them the entire situation for them to take action upon.

A few days ago it was said on good au-thority that the banks, which had supplied the Treasury with gold, were ready with \$8,000,000 more which they would transfer from their vaults to the Treasury on the same conditions.

There seems to be less willingness now, the banks feeling that they have done

more than their duty. There was a report that Mr. Foster in-tended to call upon President-clott Cleve-land and Senator Carlisle, who is to be FIRE INSURANCE.

that all the fuses have proved efficient. This was practically the only thing of much importance that was done vester-

To-day actual tests with high explo sives will be made. Three shells will be loaded with 30 pounds of gun catton each. A small charge is used to avoid any pos-sible accident from premature explosion of the shells.

Money Enough to Pay All Depositors. BEAVER FALLS, Pa., Fol. 14 .- The run on the Economy bank combined without abatement yesterday, and at times the crowd was so great that it was almost impossible to get inside the bank. All demands were met promptly, and Cashier Reeves says there is enough money on hand to pay all depositors. Despite the rush, many merchants made large depos-its as proof of their confidence in the stability of the institution.

Tolegraphers in Convention.

Pirisuuno, Feb. 14. — The order of Commercial Telegraphers of North America are in convention in Pittsburg to-day. The Executive Committee was in consider that the Si-Cherica in session last night at the St. Charles hotel. The convention will last the remainder of the week and discuss various matters concerning the welfare and prosperity of the fraternity.

Death from a Chicken's Scratch. JERSET CETY, Feb. 14. - George C. Buckingham of Jersey City, a member of the firm of Juild & Buckingham, is dying of blood poisoning. On Tuesday he was wringing the neck of a chicken, which struggled to get free, when one of the fowl's claws caught in his hand and the fowl's claws caught in his hand and tore the fiesh. Mr. Buckingham is 70 years old.

Chief Detective Gardner Resigns. New Youx, Feb. 14.—Charles W; Gardner has resigned his position as chief detective of the Society for the Pre-vention of Crime, of which the Rev. Dr. Parkhurst is president. The resignation was accepted at a meeting of the execu-tion committee. ive committee.

Dr. Norvin Green's Successor.

NEW YORK, Feb. 14 -- It is stated on the authority of a prominant director of the Western Union Telegraph offinpany that Gen. Thomas T. Eckert, first vicepresident and general manager, will succeed Dr. Green as president.
