HEIRS MAKING PROTEST

Annexation Treaty and the Hawaiian Crown Lands.

ASK FOR A COMMISSION TO DECIDE.

Petition from the Hawaiian Consul-General at San Francisco—Provisions of the Treaty as Presented to the Senate Yesterday—More Than Two-thirds of that Body Said to be in Favor of Its Ratification, But There Will Probably be a Stubborn Fight.

San Francisco, Feb. 17.—The following communiques have been telegraphed to Washington by the Hawaiian Consul-General at this port:

San Francisco, Feb. 16, 1898.
Hon. Levi P. Morton, Vice-President, Washington.

Dear Sir—As a person directly interested in the Hawaiian treaty now before the United States Senate for ratification, I have the honor to request that you submit the following protest to that honorable body to be considered with the said treaty. Respectfully, F. S. Pratt, Hawaiian Consul-General.

To THE PRESIDENT AND SENATE OF THE UNITED STATES:

On behalf of my wife Hekamana and other heirs of the royal line of Junhamana, founder of the Hawaiian monarchy, I hereby protest against the annexation of much of the treaty of annexation negotiated between the United States Government and the commissioners appointed by the provisional government of Hawaii as purposed to convey the crown lands of Hawaii to the United States Government for the following, among other reasons, which shall be elaborated and sustained by proof upon opportunity for doing so being afforded before an independent and unprejudiced commission to be appointed by the President of the United States:

First, the crown lands of the Hawaiian Kingdom constitute a trust created by Kaumahine III, out of his personal and individual estate to maluha the state and dignity of the Hawaiian crown.

Second, that this trust has been scrupulously observed.

Third, the rents from the crown lands have never been treated as public, but have gone to sustain the state and dignity of the Hawaiian sovereigns up to the date of the late revolution.

Fourth, that the monarchy having been abolished and a Republican or Provisional government having been established the specific object for which the crown lands trust was created simultaneously disappeared, and these lands revert to right to the legitimate heirs of Kaumahine, the Third.

Fifth, that the late reigning house of Kalakaua had no property right in the crown lands, either by blood descent or adoption, but simply enjoyed an income therefrom in the terms of trust created by Kaumahine the Third, providing a fund to support with becoming dignity the sovereign state to which they had been called by an election.

F. S. Pratt, Hawaiian Consul.

THE ANNEXATION TREATY.

Poll of the Senate Shows Votes Enough to Ratify It.

Washington, Feb. 17.—A poll of the Senate, which has been carefully made, indicates that the Hawaiian annexation treaty will have more than the two-thirds vote necessary for ratification.

The treaty itself provides for the cessation of all rights of sovereignty over the Islands, all public buildings and property to the United States revenue from public lands, except such as are reserved for Government, purposed to be used solely for the benefit of the people of the Islands.

According to the message and the treaty, it is the correspondence upon the subject between the two governments, tables giving full details to the area of the territory proposed to be annexed, the public debt, the public lands, the annual allowances to and revenue of the royal household, and statistics as to the population and revenue, commerce and other economic matters relating to the Islands, altogether a bulk of several hundred pages.

Our Congress provides otherwise, the existing government and laws of the Hawaiian Islands are continued subject to the paramount authority of the United States.

A resident commissioner is to be appointed who shall have power to veto any act of said government.

Our Congress enacts the necessary legislation existing commercial relations of the Hawaiian Islands both with the United States and foreign governments shall continue.

Further immigration of Chinese into the Islands is prohibited, and Chinese now in the Islands shall not be permitted to come into the present territory of the United States.

The public debt of the Islands is assumed by the United States to the extent of \$4,250,000. The United States agrees to pay Queen Liliuokalani \$20,000 a year during life, and to Princess Kaiulani \$10,000. Provision is made for the exchange of ratifications of the treaty at Honolulu as soon as possible, on the part of the United States by the resident commissioner provided for in the treaty.

How the News is Received Abroad.

LONDON, Feb. 17.—The Daily Chronicle says: "Mr. Harrison takes overruled for granted when he declares that the leading Powers will acquiesce in the annexation of Hawaii by the United States."

The Daily News says: "If the Senate rejects Mr. Harrison's treaty the well-wishers of the Republic abroad will regard it as having escaped a serious danger. Americans have no advantages to gain which counterbalance the perils of complications in the spread of the Republic beyond the seas."

Disputed With the Fair Management.

CINCINNATI, Feb. 17.—The merchants and manufacturers of this city are thoroughly disgusted with the way they have been treated by the World's Fair management. They claim that the space offered is so small that they cannot make a satisfactory exhibit. Many will make no attempt at display.

South Carolina Must Back Down Again.

CHARLESTON, S. C., Feb. 17.—The U. S. Court has decided the railroad tax case against the State. The railroad has been ordered to place the property in possession of the receiver and the county court have issued a writ of execution for contempt. They will be compelled until the fine is paid.
