Envron HERALD .- I was an interested listenerat the sermon of Rev. O'Boyle last young men. This is shown by the large night when he spoke of patriotism and selfinterest. I would like to inform the reverattendance at the Trinity Reformed church end gentleman that it was not necessary for him to go to Washington to look for self ineach Sunday evening terest. Let him look in the Third ward of since the series of disthis town. There is "Tom" James-we call bim "Tom," although he is a mine boss, he has served three terms-nine years-on the Borough Council and now seeks three years n inter hange of scriptural history in face more. He has not served three terms because of the fact. Last evening there was a large tiendance to hear Rey. That gentlemmn, I sny, was defeated by lies and trickery, and I do not feel bound by what was done for James. The ring put lames up and the ring must elect him, but not with my vote. James beat Rease but by thirty odd votes, and three is no use of him and his friends saying that a Welshman "got the nonumination any way," for James must cut some choice before he can claim that
