### THE THEATRE

#### References to Ferguson Theatre Coming Attractions.

Admirers of the strictly legitimate and heavy in dramatic art will not find much to their taste in "Little Nugget." It was not for this class of theatre-goers, although it is safe to say that the most cynical critic cannot get away without having indulged in several hearty and refreshing laughs. A glittering superstructure of hilarity has been erected on a solid foundation of fun. No opportunity to raise a laugh is neglected. The songs, dances and music are all of New York's latest successes, and the amusement lovers will be given a rare treat. "Little Nugget" will appear in Ferguson's theatre Wednesday evening, February 22nd.

"SHADOW DETECTIVE." "The Shadow Detective," with Daniel A. Kelly in the title role, was thoroughly enjoyed last evening. It was effectively staged and played.—New York Herald. At Ferguson's theatre on Thursday evening, February 23d.

## VOTE FOR MAX REESE.

He will Make an Excellent Justice of the Peace.

Max Reese, the well-known, merchant in one of the Democratic candidates for Justice of the Peace in the Third Ward, and notwithstanding he is the nominee of the minority party in the ward, we predict his triumphant election.

There are various reasons why Mr. Reese should be elected, chief among which is the fact that he is fully equipped for the discharge of the duties of the office. Mr. Reese has had experience as a Justice of the Peace heretofore, and his record shows that he performed the duties of the office acceptably to the public and with credit to himself. His command of several languages enables him to converse intelligently and without the aid of an interpreter with all classes of people, and his knowledge of the characteristics of the people who most frequently go to law, enables him to prevail upon to settle petty cases.

It is a notorious and also a regrettable fact that the bulk of petty criminal business that blocks the courts at each succeeding term comes from Shenandoah, and it is equally notorious that most of these cases should be settled before going to court, if the Justices of the Peace made the proper effort to so dispose of them. During the year that Mr. Reese served in the office in the past he made a splendid record in settling this class of cases, and saved the county as well as the litigants large amount in costs.

Mr. Reese is one of the oldest residents of town, having been here now nearly twenty years. There is no citizen in the town better known and more popular. He is bigger and broader than any party, and his friends are found among the leaders as well as the rank and file of both parties. He is weary of the cares of business and desires now to retire from it and devote his attention to the sale of steamship and railroad tickets and the office of Justice of the Peace. Max should be elected and will be elected, because he is popular, capable and deserving. Vote for him and make it unanimous.

#### Political Points.

The voters of the Second ward should bear in mind that the contest for Council in that ward between Messrs. Finney and Brough all does not hinge upon a question of water works. That matter is in the hands of the court, and the result of to-morrow's election will in no wise affect it.

During the cholera scare a few months ago Chief Burgess-Smith was especially active and was instrumental in having a special health ordinance passed. Mr. Smith's work in this connection should have influenced the Democratic party in the primaries, but they overlooked it. Mr. John Watson would make a very satisfactory successor to Mr. Smith and should be elected. He is an old resident and sober and the serious accident he met with in the mines a few months ago is sufficient reason why he should be willing to leave the venturesome work behind for a while. It is admitted that the chief claim for Mr. Burgess was a desire to get out of the mines. Mr. Watson was almost killed last fall and has earned many more years under the earth than Mr. Burns. He is also a property holder and an old taxpayer with a record as a citizen that is irreproachable, directly, or indirectly.

John A. Reilly, candidate for Council in the Third ward, does not belong to any clique. He has large property interests in town. Vote for him.

John P. Finney's political enemies are trying to rob him of the credit to which he is entitled for efforts in behalf of the volunteer firemen's pension bill and give all credit to the late Bryson McCool, of Pottsville. The fact is Mr. McCool's two bills were disposed of by being declared unconstitutional and it was subsequently that Mr. Finney put forth his efforts to have a constitutional bill prepared. Any one wishing to know just what Mr. Finney did do in the matter may address Hon. Albert Black, late president of the State Firemen's Association, and late City Treasurer of Harrisburg.

For Justice of the Peace, Third ward, vote for Max Reese.

The Citizens' party of the First ward has a most excellent candidate for School Director in the person of John Thurlby. In voting for him no mistake can be made.

A thorough business man—John A. Reilly, candidate for Council in the Third ward. Vote for him.

#### Washington's Birthday.

The indications point to a proper celebration of Washington's Birthday. This evening the joint committee of representatives from the various societies of town meet in the parlors of the Hook & Ladder Company to make final arrangements for the parade to be held on the above occasion. In the evening the three Camps of the P. O. S. of A., have arranged a musical and literary programme for the benefit of the members of that order, to be held in the camp room, Robbins' building. The programme is quite a lengthy one, and includes some of the very best talent in our midst. The addresses and singing are all of a patriotic nature, hence fitting the occasion, and will no doubt prove a treat to all who are present.

Any person residing in any place may vote as often as he or she may desire for one or more teachers engaged in teaching in a public school north of the Broad Mountain at the close of the current school term; provided, that any teacher who may have been incapacitated by sickness or accident for teaching for a period of not more than three months prior to the end of the term, may also compete.

Each vote for each teacher must be represented by a separate coupon. A coupon bearing the name of more than one teacher or specifying more than one vote for a teacher will be thrown out as void.

Three prominent and responsible men of Shenandoah will be selected to act as judges, make the final count, and announce the names of the two winners. ## FOR BOARD OF HEALTH.

A Movement to Have Boards Established in Boroughs.

The State Board of Health, through its secretary, Hon. Benjamin Lee, has addressed the following to the Chief Burgess and Borough Council of each borough in this State: GREETING:—The State Board of Health of the Commonwealth of Pennsylvania desires to call the attention of your honorable body to the fact that House bill No. 110, entitled "An Act to enable Borough Councils to establish Boards of Health," has been favorably reported by the Committee on Public Health and Sanitation, and is now before the House. The frequent inquiries which this Board receives from Borough Councils with regard to the proper measures to take in order to establish such boards have convinced it that there exists a very general desire on the part of the boroughs to possess this important branch of municipal government. This is more than ever desirable at the present moment in view of the strong probability of the presence of Asiatic cholera in the country during next summer. For the same reason it is desirable that the very meagre appropriation of four thousand dollars annually for the work of the State Board of Health throughout the entire State should be materially increased.

The State Board suggests that the Councils at once pass resolutions earnestly endorsing the measures above referred to and forward them to the Hon. Henry F. Walton, House of Representatives, who introduced the bill, Hon. William Nickell, House of Representatives, who reported it favorably, the Hon. W. P. Snyder, chairman of the committee on public health and sanitation, Senate, and the Hon. M. L. Hershey, chairman of the committee on public health and sanitation, House of Representatives, as well as to the representatives of the districts in which such action is taken.

Our Family Medicine Moves the Bowels & is healthy. In order to be healthy this is necessary.

Auditors' Charges. The Borough Auditors of this and other towns met here on Saturday and decided to make charges for their services at the election to-morrow against the County Commissioners at the rate of \$15 per poll. This will not include the cost of hauling the booths to and from the polls.

Would you rather buy lamp-chimneys, one a week the year round, or one that lasts till some accident breaks it? Common glass may break or not the minute you light your lamp; if not, the first draft may break it from a mere whim. Tough glass chimneys, Macbeth's "Pearl-top" or "Pearl-glass," almost never break from heat, not one in a hundred. Where can you get it? and what does it cost? Your dealer knows where and how much. It costs more than common glass; and may be, he thinks tough glass isn't good for his business. Pittsburgh, Pa. GEO. A. MACBETH, Co.
