"SQUANDERED SURPLUS."

The Democratic press keeps, repeating the allogather dishenest charge that the Harrison administration has squantiered the large surplus in the pursonal treasury-which existed when In came buto power. It is time that the Republican press expased this barefaced lie, for that is what it is in all plainess of specch.

The surplus has not been squandered. It has been utilized for the best interests of the country. It has paid its folils, as a product business men would meet his obligations out of his surplus, rather than to permit his ezeditors to go unpaid.

Here are the father. The surning in the Foderal Treasury March 1 1880, at the beginning of President Harrison's administration, was \$185.827,100. This surplus no longer exists for say eral good resource.

First: Because payments of the pub-He deld have augreented since March 4, 1899 up to December last, \$259.072,-560, which reduces the annual interest charge almost \$12,000,000.

Secondly: Because the pensions paid during the Harrison administration aggregrated \$487,000,000, which is \$170,000,000 more than was paid for pensions during the Cleveland admin-

istration. Thirdly: Because under the new tarifflaw up to December last, as stated by President Harrison in his last message, about \$93,000,000 of revenue, which would have been collected upon imported sugars if sugar had not been made free, hasgone into the pookets of the people instead of

into the treasury. Fourthly: The direct tax refunded to the states of the Union by the Harrison administration (which tax refund measure had been opposed by President Cleveland), distributed 514,-000,000 from the surplus in the Treasury to the states, while the sugar bounty for the protection of American sugar growers during the past two years has taken \$13,000,000 from the surplus in the Treasury, and distributed it among American sugar producers.

In conclusion Mr. Davies said: maturity if possible, and to keep the country as it has been kept through- and with no official information, but out President Harrison's administration-con tented, peaceful and exceptionally prosperous.

Would you rather buy lamp-chimneys, one a week the year round, or one that lasts till some threat she took the usual cate, and by accident breaks it?

Common glass may break or not the minute you light your lamp; if not, the first draft may break it; if not, it may break from a mere whim.

Tough glass chimneys, Mac-beth's "Pearl-top" or "Pearlglass," almost never break from heat, not one in a hundred.

Where can you get it? and what does it cost?

Your dealer knows where and how much. It costs more than common glass; and may be, he thinks tough glass isn't good for his pusiness.

TWICE TOLD TALES!

Are sometimes a bore, but when the people are told twice that at Gallagher's Cheap Cash Store they can buy Flour and Tea at lower rates than anywhere in town they are glad to test the truth of the oft repeated story. He also keeps on hand full line of Groceries, Fresh Batter and Eggs, Potatoes, Green Truck, Hay and Straw.
