RECALL OF THE TREATY

What the Hawaiian Commissioners Think of It.

GOLD IN THE TREASURY INCREASES

Said that the Issue of Bonds Will Not be Necessary—Outings of the Senate—Naval Review Date Changed—Princess Kaiulani Visits the Theatre.

WASHINGTON, March 10.—The news that the annexation treaty had been withdrawn from the executive files of the Senate by President Cleveland was not so much of a surprise to the Hawaiian Commissioners as to the general public. Mr. Thurston said that he had received an intimation yesterday that such a proceeding was likely to take place. None of them were willing to express an opinion upon the meaning of the movement, but apparently were not greatly discouraged over the situation.

"We are willing," said one of them, "to discuss the matter with the new Secretary of State, and endeavor to meet the views of the present administration. We are not bound to any particular wording of the document."

"Whether we would discuss a treaty looking to any other form of union with the United States, I cannot say just at present."

It is said to be the purpose of the Hawaiian commissioners to request a conference with Secretary Gresham at the earliest convenient time upon this new phase of affairs.

Secretary Gresham was asked whether or not there was any explanation to be made of the withdrawal.

"No," he replied, "at least, not at present."

A prominent Senator, whose relations with the Executive are believed to be more than ordinarily intimate, said:

"I can readily see how the withdrawal of the treaty does not mean antagonism by the President to the project of annexation; it means a desire on his part to become more familiar with the contents of the treaty before giving it his approval. I imagine he is going to look closely into the matter and be guided by the results of his own investigation."

It was the understanding before the Senate met to-day that the treaty should be taken up for consideration in the executive session this afternoon.

GOLD COMING IN.

No Necessity of Issuing Bonds—Parity of Gold and Silver.

WASHINGTON, March 10.—The Treasury yesterday received gold at several points. In New York the gain in gold was \$100,000, while at New Orleans it received \$50,000 in gold for a like amount in silver certificates.

No intimation has yet been received that any gold will be exported from New York to-morrow, and at the present rate of exchange it is not thought that any will be taken out of the country.

The Treasury has now more than \$3,000,000 in free gold, and in the usual condition of trade this is likely to be increased rather than diminished.

It is quite plainly intimated at the Treasury Department to-day that as between the issue of bonds and the use of a portion of the \$100,000,000 gold reserve, if necessary, to maintain the parity of gold and silver, Secretary Carlisle will resort to the latter plan, but that he does not anticipate that the necessity to do so will arise.

ADJOURNED TILL MONDAY.

The Senate adjourned to the reception New of Legislative business.

WASHINGTON, March 10.—The Senate had a pretty long discussion as to the reception of joint resolutions or other propositions affecting legislative business—the general expression being against their reception.

A resolution excluding such business was offered by Mr. Manderson (Rep., Neb.) and was allowed to go over without action till Monday next.

The Senate then proceeded to executive business, and after a few minutes adjourned till Monday.

Naval Review Date Changed.

WASHINGTON, March 10.—Assistant Secretary of the Navy, Soloy, Admiral Gierard and Commander Bailey held a conference at the Navy Department regarding the changing of the date of the naval review. It was decided that the review should take place in Hampton roads April 17. On April 24, she flies will sail for New York, where the review will be held on the 27th of April.

Bissell Don't Want Merchants.

WASHINGTON, March 10.—Postmaster-General Bissell objects to commissioning local business men as postmasters, for the reason that the actual duties are performed by irresponsible and often incompetent clerks and substitutes. Postmasters under Mr. Bissell have promised to devote their entire time to the work and personally keep strict office hours.

Open War Between Them and the Settlers.

LITTLEFACE, THE CHIEF, SHOT DEAD

The Indians Ordered the Settlers Off the Newly Opened Reservation—The latter Say They Won't Go and Are Preparing for a Siege—Little Face, While Preparing for His Gun to Shoot, Is Killed by a Settler's Bullet—The Braves Then Slaughtered

LITTLEFACE, March 10.—Open warfare has broken out between the settlers on the newly opened portion of the Crow reservation and the Indians, and the wildest excitement exists at the new town of Wilsey and the country around about.

Indians around Wilsey are moving their wives and children to places of safety, and preparing to defend their claims with their lives if necessary.

The first bloodshed occurred during the morning. Little Face, a Crow Indian, being killed. His body was brought to Wilsey.

On Monday they drove Henderson away, but his return with a couple of friends, all armed, the red men gathered in a dump of timber and sent Little Face forward.

He told Henderson if he remained on the tract 24 hours he would be scalped and his body fed to the crows. He then whistled and his companions began to pour out of the woods. At the same time he reached for his gun, which he had set against a tree.

He was not quick enough, however, as Henderson shot him through the neck.

With a wild yell his companions disappeared at double quick into the woods.

The Crows are making medicine and preparing for a fight. This is the first time the Crows have shown hostility to the whites.

It is expected that two or three companies of United States regulars will be ordered to Wilsey as soon as the War Department can be informed of the critical state of affairs that exists there.
