AMUSEMENT NOTES

References to Ferguson Theatre Coming Attractions.

"Forgiven" has already established itself among the great melodramas of the day, and its successful presentation last evening only adds another bit to its long list of triumphs. —New York Commercial Advertiser. "At Ferguson's theatre to-morrow evening."

"circus may." A sight seldom seen will be the unloading of "Mahomet," the talking horse, who is the principal feature with "Circus Day" which plays at Ferguson's theatre on Saturday, March 18th. All our people should see the arrival of the train, and see this intelligent beast make his exit. He is a Stallion and allights from the steps of an ordinary passenger car with the same ease as a human being. "Circus Day" is indeed a creation in the amusement line, with the grand double company. One of vocalists, singers and dancers, and the other of circus celebrities.

Bickert Was Beaten.

Joseph Bickert, for many years a saloon and restaurant keeper in this town and now engaged in the same business in Mahanoe City, got hold of the wrong end of a jury's verdict in the criminal court at Pottsville yesterday. Bickert charged Patrick Cleary, a former employe at the Mahanoe City establishment, with assault and battery and larceny. Bickert said Cleary assaulted him and then took cash to the amount of \$3 from the drawer of the saloon. Cleary denied both charges. The jury rendered a verdict of not guilty and put the costs on the prosecutor.

THE MINERS' HOSPITAL.

An Itemized Statement of What the Institution Needs.

The Board of Trustees of the Miners' Hospital at Fountain Springs has prepared an itemized statement showing the amount of appropriation that will be required of the Legislature for the maintenance of this institution.

When granting appropriations heretofore the Legislature has used the pruning knife with discouraging effect. Every item has been scrutinized, revised, twisted, cut down, patched and otherwise treated so as to almost destroy its original identity; and when at last the appropriation has been turned over it has been found barely sufficient and with no provision for improvements to the grounds or buildings, or additional comfort for the patients. It is hoped the action of the Legislature will be wiser this year, and there is some ground for the hope, as last week a Legislative committee visited the institution and the officials had an opportunity to personally lay the claims before it. The members of the committee went through all the buildings from cellars to roofs and it is said that they were impressed with the reasonableness of many requests which have heretofore met with rejection at the hands of the legislators. One of the oft-rejected improvements asked for has been the construction of a covered passage way at the entrance to the wing into which the injured are taken from the ambulances. This has heretofore been looked upon as a hobby of some of the officials. Fortunately when the committee visited the institution last week the day was stormy and the rain was pouring in torrents when the officials explained to the members the inhumanity of carrying the injured through such storms from the ambulances. The officials believe, from what some members of the committee said, that an archway will be constructed at the wing this year.

The itemized request for an appropriation is as follows: Maintenance for the year commencing June 1st, 1893, \$32,000. Main tenance for the year commencing June 1st, 1894, \$32,000. For dining room for convalescent patients, enlarging kitchen and dormitories for domestics and female nurses and furnishing the same, \$7,500. For extension to corridor to bring patients in under cover and for operating and waiting rooms and furnishing the same, \$2,500. For grading and planting grounds, 1893, \$500. Same for 1894, \$500. For leveling and cementing cellar floors, \$2,000. For repairing and repainting the roofs and external wood work, porches and fencing, painting stone walls, renewing spouting and general repairs and renewals, \$2,500. For horses for ambulance (to railroad station) and to work on grounds, repairs and renewal of horses, ambulance, &c., \$500. For furniture, beds, bedding and repairs and renewals of same, \$2,000. For kitchen utensils, repairs of range, &c., \$300. For insurance for 1893 and 1894, \$900. For general repairs to heat, water and gas pipes, laundry, machinery, boilers, &c., \$500. For debt incurred on repairs to boilers and laundry machinery, \$137.95. Water and light, \$5,000. Total, \$88,337.95.

Medical Testimony.

W. Thurston Parker, M. D., Recorder, Association of Acting Assistant Surgeons of the U. S. Army, writes:

"SALEM, MASS., March 23, 1891. "When at Stuttgart, Germany, during the winter of 1891-92, I was suffering from a severe attack of bronchitis, which seemed to threaten pneumonia. I met, at the Hotel Marquardt, Commander Boardlee, of the United States Navy. In speaking of my illness he remarked, 'Doctor, you can cure that chest trouble of yours by using an Alcock's Porous Plaster.' That may be true," I answered, "but where can I get the plaster?" "Anywhere in the civilized world, and surely here in Stuttgart. Whenever I have a cold, I always use one and find relief." I sent to the drug store for the plaster, and it did all that my friend had promised. Ever since then I have used it whenever suffering from a cold, and I have many times prescribed it for patients.

"The Alcock's Plaster is the best to be had, and has saved many from severe illness and undoubtedly, if used promptly, will save many valuable lives. Whenever one has a severe cold they should put on an Alcock's plaster as soon as possible. It should be placed across the chest, the upper margin just below the neck; some hot beef tea, or milk, will aid in the treatment.

"This is not a patent remedy in the objectionable sense of that term, but a standard preparation of value. The Government supplies for the U. S. Army and Indian Hospital Stores contain Alcock's Plasters, and the medical profession throughout the world are well aware of their reliability and excellence. I shall always recommend it, not only to break up colds, but as useful in allaying pains in the chest and in the back. It is a preparation worthy of general confidence."

Protests Against Loading.

EDITOR HERALD:—I would like to know when business men will learn to keep their places of business for business and not loading places. A person of my acquaintance wanted to make some purchases the other evening, a man who works all day, and when he got to one place found a lot of men to whom he did not propose to tell his business; so he went to another place and found it worse than the first. He returned to the first place again to find another installment of men going in to loaf away the time until the place is closed; so he was obliged to go without buying anything. While writing the above I heard of one place where a notice had been hung up forbidding loading in the place.

Political Points.

It is now currently reported that Colonel J. K. P. Scheffly will be tendered the position of Postmaster as a reward for life-long service in the Democratic ranks. The Colonel has in the past been modest in his demands and never aspired to a higher position than Comedian. If long continued service in the interest of his party and the expenditure of his own means in its success is to be rewarded, Col. Scheffly would receive but a title that belongs to him. Senator Managhan's term expires with the present Legislature and he will be a candidate for County Treasurer this fall on the Democratic ticket.
