**THIRD EDITION**

**THE THEATRE.**

**References to Ferguson's Theatre Coming Attractions.**  
The play presents an interesting story, which is cleverly told and dramatically effective. It was received with uncommon enthusiasm, and is likely to become deservedly popular. No lover of fine acting can afford to miss witnessing Mr. Bryton's performance.—*Brooklyn Eagle*. "Forgiven" will be produced at Ferguson's theatre this evening.

**"CIRCUS DAY."**  
The long list of attractions was headed by Profano's marvelous "Talking Horse, Mahomet," whose remarkable performance, it is safe to say, has never been paralleled by any of the numerous trained animals that have preceded him here. He is, in fact, not a trained animal at all, for no amount of coaching could possibly produce the results shown his work.—*Doston Herald*. At Ferguson's theatre on Saturday, March 18th.

Lorenzo J. Connor, 101 Green St., Albany, N. Y., says: "I have used Dr. Bull's Cough Syrup and find it very beneficial, and can safely recommend it as a good remedy for coughs."

**Political Points.**  
Shenandoah Democrats don't want much this year, only Commissioner, Prothonotary, Treasurer, Register and Auditor. For the first time there are four applicants: Treasurer, three; Prothonotary, Register and Auditor, one each. Some of the wards are to be heard from yet.

John J. Coyle, representative from this district, is doing good work at Harrisburg.

The new Democratic Senator from North Dakota is an embosser.

All the office-hunters would be glad to believe in a "Seek and ye shall find" policy at Washington.

The New Jersey Legislature is likely to be called into an extra session.

The announcement comes from Shenandoah, which seems to be the centre of all Schuylkill county political wisdom, that William D. Seltzer, Esq., is a full fledged Republican candidate for Judge this year. Of course, Mr. Weidman will be the Democratic candidate by virtue of being the choice of Patton and the corporations for the appointment to fill the vacancy. Seltzer and Weidman would make a hustling team, with the chances in favor of the former because he would be sure to carry Shenandoah and the patches on account of his fitness in the Hun and Dago tongue, to say nothing of his silver-tongued Pennsylvania Dutch.—*Republican*.

The next Mayor of Philadelphia will be that big-hearted and popular Senator from the Quaker City, Hon. George Handy Smith. He is the people's choice and just the kind of a Mayor the city of Philadelphia wants. He is always ready to do a good deed and has more staunch friends in this state than any man in it.

Now that Mason Weidman's appointment has been confirmed as Judge he will no doubt be the Democratic nominee next fall.

It is said the Democratic County Chairman does not favor an early convention.

"I have tried 'Salvation Oil' in my family, on a broken and dislocated foot and can recommend it to any one as a good liniment."—Mrs. William Tolley, Joplin, Mo.

**OBES OBSERVATIONS.**  
What He Sees and Hears During His Travels.

The decision of the Common Pleas Court of Delaware county, under which the city of Chester recovered license money for telegraph poles erected there and operated there by the Western Union Telegraph Company, has been affirmed by the Supreme Court. The amount paid was \$1 a year for each pole. The Supreme Court's opinion says: "It is the duty of the city to see that the poles are safely and properly maintained, and should a citizen be injured in person or property by reason of a neglect of such duty, an action might lie against the city for the consequences of such neglect. It is a mistake, therefore, to measure such responsibilities of a charge by the amount actually expended by the city for a particular year, to the particular purpose in the affidavit."

The above subject has been discussed at some length since the rendering of the decision and a majority seem to lean toward the opinion that there is danger of the telegraph company increasing its tolls to make up for the license fees. If the license should be generally enforced it would amount to millions of dollars annually, and the telegraph companies will not allow their treasures to suffer to that extent if they can help it.

I am informed that the Kehley Gold Cure Company is contemplating the establishment of an institution in this town for the accommodation of Schuylkill county. The Harrisburg and other institutions now have almost as many patients as they can handle and the company has concluded that it can afford to establish a branch here to take in patients whose means are limited. If the plan is carried out people in Shenandoah and the neighboring towns will be able to secure the treatment at its actual cost and will be saved the additional expenses for board, &c., which are incurred by seeking the treatment at distant points.

The spring poets who were tempted to begin work by the favorable weather of the past few days received a chill to-day. The sudden return of snow and frost has nipped their ambitions. Our heroic haughtiness are also rather disappointed. They have been planning for an opening of spring work in the sanitary line. The change may also postpone the commencement of street paving, which was looked for within the next few days.

**OFFICE SEEKERS.**  
What "S. M." of the Philadelphia "Star," Has to Say.

They are a class of people that excite my sympathy. The great majority of them want to be appointed to office, for the reason that they have been unsuccessful in their private affairs and are pinched for the necessary money to allow them to live in the comfort that every man wants to have. They have a right to the offices if they can get them. These positions belong to the whole people and not to any particular class. At least that is how it should be, but it is not. The civil service business fixes the great majority of them in the control of a class or of several classes. The people as a whole get little chance to enjoy them. This explains why I have a sympathy for those crowds of anxious but hopeful men I see crowding the hotel corridors waiting for a decision each in his respective application.

I know from my experience, leading through six administrations, what is going to be the result in the great majority of their cases. Keen disappointment expresses it. You can make none of them believe it, however. There seems to be some peculiar idea that gets possession of a man's thinking powers when he starts in to obtain public office, that causes it to be utterly impossible for him to be made to feel that there is a possibility of some other person being preferred to him. It may be classed as a freak of nature.

In the language of the politician, this new President of ours is a "daisy." Some of the politicians go so far as to say that he is a "Lu Lu." I do not know what a "Lu Lu" is, but from the way in which the expression is applied to the case of Mr. Cleveland it must mean something very extraordinary. The manner in which he is surprising the old professionals is the talk of the hour. This last step he has taken is the biggest opener of them all. I mean the official announcement that, with a few exceptions, he intends in making appointments to have none of his selections from persons who served in office when he was President before. What a crusher this is, when we remember that at least nine-tenths of these very people are now applicants for reappointment to their old places or to ones that are better. Cleveland says he wants new blood in his party—new men to the front, new life and energy all along the line. It was a lucky thing for him that the delegates at the Democratic National Convention at Chicago did not apply this rule to him when Whitney, Harrity & Company brought him to the front for a third time as a candidate.

**Another Rush Order Issued.**  
CHICAGO, March 15.—Director General Davis has issued another rush order directing exhibitors to hustle their displays into Jackson Park at once. The force of work men is to be greatly increased and the work of installation will go on nicely. The director general has arranged to have the buildings lighted by electricity and a working day will be 24 hours long at Jackson Park. There are only forty-five days left before the opening of the great fair but Mr. Davis intends to make every day count for two and the exposition will be ready to open May 1.
