print what end and it passed hindly with-out a vole to spare. The congressional appointment bill came up and Senator Herring wanted it to go over in its order, but Senator Grady dint't agree to this, and the bill passed account reading with the understanding that it should be open to general amendment on third median. The senate then adjourned.

PROCEEDINGS IN THE HOUSE.

priations and 0 required some courage to call up a bill on final passage. Neverthe-less, Senator Grady called up the Philadel-phia wharf bill and it passed finally with-

In the house yesterday the act authoria-ing assessments for the cost of local im-provements in cities of the third class were reported favorably. It prevides that the cities of the third class are authorized to provide by ordinance for the assessment by the pro rate share of the cost of re-paying any street, lane or alley, against all properties which had not paid for any part of the paving when firstdone. The viewers making the assessment will ascentain what properties along the line had thereinfore paid for paving and exempt thom from any assessment, but shall return an assessment against those which had not paid in pro-portion to the amount of an assessment if mails on all properties. Among the bills introduced were the

following: Landenslager-To prevent the adultera-

tion of honey. Seyfert-Regulating the duties of county

annillanns. Harvey-Giving water companies the

Eight of eminent domain. The following bills passed finally and warp sent to the senate:

To prohibit the killing of wild deer or having the same in possession for a period of three years, and providing penalties for the violation thereof. To regulate the liability under policies of

To regulate the handly time points of insurance on buildings and structures against fire and lightning. To provide for the establishment and as-certaining the lines and boundaries, between two or more cities, broughs or townships, cities and boroughs, townships and boroughs, or cities and townships. The act relating to hituminous cost mines

and providing for the lives, health, safety and weifare of miners was considered on final passage. Its reading consumed an entire hour, at the conclusion of which its second the lives. passed linally

The anti-Finkerton bill passed finally by 185 to 0.

The net increasing the compensation of elactors was annualed so as to give each elector \$0 per day, 3 cents mileage, and the esemptission 550 for contingent expenses, and annual third machine. and passed third reading.

Flasting Timber in the Suspectanana, HARMSTON, March 22.-Some big tim-ber is being mide into rafis and floated down the Susception fills and noted down the Susception this season. It comes from Clearfield county. E. W. Thompson, of Clearfield, Isulal from the headwaters of Lick Ron, a distance of nine Incrementary of their room, a division of biase must one-half milles, about 300 wildes of pine which figures up to 50,000 miles feet and is valued as a figure preisy close to \$15,000. One party above Chartheld wat and hauled to this river twenty-five stokes of pine timber cash 100 fort long. At Seil-wills, a which of one was not so the baseb ville a stick of pine was put on the beach that measured 115 feet long, contained 550
