

Letters from Mothers

Speak in warm terms of what Scott's Emulsion has done for their delicate, sickly children. It's use has brought thousands back to rosy health.

Scott's Emulsion

of cod-liver oil with Hypophosphites is employed with great success in all ailments that reduce flesh and strength. Little ones take it with relish.

Prepared by Scott & Bowen, N. Y. All Druggists.

Cures Consumption, Coughs, Croup, Hoarse Throat. Sold by all Druggists on a Guarantee.

SHILOH'S VITALIZER. Mrs. P. S. Haverhill, Chittenden, Vermont.

SHILOH'S CATARRH REMEDY. Have you Catarrh? Try this Remedy. It will relieve and cure you.

THERE IS HOPE

For every one who has tried medicine, no matter in what shape or form, providing relief from the vital organs have been so far from quiet as to render a cure impossible.

FOR YOU.

Control of a most malignant type of chronic blood trouble, for which I had used various other remedies without effect.

CURE

Sick headache and relieve all the various troubles that attend a bilious condition of the system, such as flatulence, nausea, indigestion, distress after eating, etc.

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in constipation, cutting and protracting this annoying complaint, while they also cure all ailments of the stomach, such as indigestion, flatulence, etc.

ACHE

Acetylene torch has been tried on those who suffer from rheumatism, but does not give relief. These pills will find their way into the joints, and do away with the pain.

ACHE

In the face of a general heat that here in where we live is not so great. Our patients will walk off with relief.

A FIRE-PROOF BUILDING

For the State Departments at Harrisburg.

PATTISON WILL SIGN THE MEASURE

Now in His Hands Appropriating \$625,000 for That Purpose—The Site for the New Building to be the Present Location of the Rustic Fountain—Some Changes to be Made.

HARRISBURG, April 1.—Governor Pattison has the bill in his possession making an appropriation of \$625,000 for the erection of a fire-proof building for the state departments, state library archives, battle-flags, state art treasures, geological and ornithological collections, and authorizing changes and improvements in the present Rustic Fountain building.

The present library room is entirely insufficient in size for the convenient occupancy and use of the large and constantly increasing state library and there is risk of great and irremediable loss from the destruction of the library by fire.

Under the provisions of the bill the board of public buildings and grounds will have charge of the work and is given full power to make contracts for the erection of the new building and the furnishing of the same, and for the remodeling of the old structure.

The specific appropriation for the new building is \$500,000. The site will be the present location of the rustic fountain south of the department of internal affairs, and a contract will be awarded as soon as the architects have had time to prepare the plans and specifications.

It is expected that the building will be well under way by July 1. The remodeling of the old building will not be commenced until the new building shall have been completed and the library and other departments removed thereinto. It is proposed to re-construct the present hall of the house of representatives, by reducing the ceiling and tearing out the present galleries. This will improve the ventilation and increase the room. It has been also suggested that a gallery for spectators ought to be constructed in the rear of the speaker's desk.

The elevation of the ceiling of the house will make necessary the removal of the lieutenant governor's room and the departments of the insurance commissioner and adjutant general to the wing of the main building in which the library is now located, and which will be remodeled to accommodate these and other state officers who are now forced to seek temporary quarters every time the legislature convenes. It is believed that \$25,000, as provided in the bill, will be sufficient to make such repairs as will make the old capital habitable for a few years.

The present main building was built in less than two years. In the fall of 1818 the foundations were laid and work was continued until the following spring. In 1820 the building was under roof and the following year—December 21, 1821—it was ready for occupancy. It is proposed to have the new building erected and the remodeling of the old capital completed before the next session of the legislature.

AN AMATEUR JESSE JAMES.

A 10-Year-Old Boy Holds People Up in Regular Professional Style.

CHICAGO, April 1.—Frank Pendry, a 10-year-old boy, was held to the central court by Justice Blinn in \$10,000 bonds on robbery and assault with intent to kill.

This infant confessed in a cool manner to Justice Blinn the various crimes he had committed. His last adventure was Monday night, when he held up a man in West Adams street, and when the victim resisted the youthful Dick Turpin shot him in the hand and robbed him of \$1.30. The man was R. H. Shelton, of No. 370 West Monroe street.

"Yes, I held him up," said the culprit. "I wanted some cash (he had given it to me he wouldn't take back hurt).

"Who else have you robbed?" inquired the justice.

"I've robbed lots of people," said the boy. "I held up one man and two boys in Cleveland and got bet they knicked over their money when I asked for it."

"Another time I robbed a man there."

He tried to run and I shot. I don't know whether he was hurt much. I guess not, because he ran away. I've broken into houses and robbed women, but never got caught. I live in Cincinnati. O. My father, J. D. Pendry, keeps a tea store."

Justice Blinn said he knew the older Pendry and that the family was a prominent one in Cincinnati. Shelton testified that he was walking along West Adams street shortly after dark, when the boy jumped out of an alley and presenting a revolver said: "Hand over your money now or I'll blow your brains out." The lad was unarmed, and as the gun locked down Shelton took \$1.30 out of his pocket, and as he handed it over he made a grab for the gun. The little highwayman was too quick for him and stepping back fired twice. One of the bullets struck Shelton in the hand. He ran off and the robber picked up the \$1.30 which had been dropped in the scuffle.

They Worked Bogus Time Checks.

SEBASTIA, Mo., April 1.—A big haul among engineers and firemen on the Missouri Pacific railroad has been brought to light in this city and has created a big sensation. An official investigation has resulted in the discharge of a time-keeper, nine engineers and six firemen with the probability of many others being implicated. The trainmen, in collusion with the time-keeper, had drawn checks for time not put in by them. The company's loss will reach into the thousands and extends over a period of about ten months. No names are given.

Spotted Fever in Indiana.

ELWOOD, Ind., April 1.—The appearance of several cases of genuine spotted fever in this city has given great alarm lest it should become epidemic. The city is in an awful sanitary condition, arising from the fact that with 5,000 inhabitants there is no garbage where the accumulated filth can be destroyed.

Furniture Dealers Assign.

BOSTON, April 1.—Wm. W. B. Brookes & Co., furniture dealers, carpets, etc., have assigned. Liabilities, \$106,000, assets stated to be about \$50,000.

Commander James S. Dean.

COMRADES, READ THIS.

Torturing, Life Destroying Dyspepsia Cured. Another Triumph for Dr. Kennedy's Favorite Remedy.

Mr. James S. Dean, Commander of Gen. Grant Post, G. A. R., Boston, N. Y., and Chief of S. East Agent of the G. A. R. Delaware Railroad and one of the most popular and well known gentlemen in the East, whose veracity is beyond question says:

I was all run down with DYSPEPSIA. I doctored and doctored but it all resulted the same way. I grew worse. I suffered untold misery night and day. My case was pronounced incurable. I suffered this way for fully TWO YEARS. I changed to meet Dr. Kennedy on the street about that time, and I told him of my condition and he said, "Jimmy, you need not suffer so, come to my office and I'll give you a bottle of FAVORITE REMEDY, take it morning, noon and night, and it will cure you. I took the medicine as directed, but had no confidence in a cure, as my case had been tried by so many. After using it a week I began to feel better, and in a short while after that I was ENTIRELY CURED."

After that I was ENTIRELY CURED. I doctored and doctored but it all resulted the same way. I grew worse. I suffered untold misery night and day. My case was pronounced incurable. I suffered this way for fully TWO YEARS. I changed to meet Dr. Kennedy on the street about that time, and I told him of my condition and he said, "Jimmy, you need not suffer so, come to my office and I'll give you a bottle of FAVORITE REMEDY, take it morning, noon and night, and it will cure you. I took the medicine as directed, but had no confidence in a cure, as my case had been tried by so many. After using it a week I began to feel better, and in a short while after that I was ENTIRELY CURED."

Another Gold of New Postmasters.

WASHINGTON, April 1.—Fourth Assistant Postmaster General Maxwell yesterday appointed 156 fourth-class postmasters, which involved fifty-nine resignations. L. G. Irwin, Jr., was appointed postmaster at New Brighton, N. Y.; J. C. L. Walters resigned, and M. C. Dean at Montrossville, N. Y.; vice C. A. Jones, resigned.

Diels Resigns His Seat.

SYDNEY, N. S. W., April 1.—Sir George E. Diels, member of New South Wales, who recently became bankrupt with liabilities estimated at £180,000 and assets estimated at £35,000, after giving up his seat to his creditors has resigned his seat in parliament without opposition.

A Picket Fight in His Body.

KALAMAZOO, Mich., April 1.—Miss Marquette's famous high jumping horse, Filmmaker, with a record of 7 feet 4 1/2 inches, jumped a picket fence here, thrusting a picket seven inches into its body. It is feared the animal will die.

Suffocated in a Bath Tub.

NEW BRITAIN, Conn., April 1.—John Stewart, a well-known inventor of the Berdan rifle, died suddenly yesterday afternoon at the Metropolitan Club.

General Herdon Passes Away.

WASHINGTON, April 1.—General Hiram Herdon, the well-known inventor of the Berdan rifle, died suddenly yesterday afternoon at the Metropolitan Club.

The plague of breaking lamp chimneys is abroad in the land.

There are two sorts of chimneys; brittle and tough. Ninety-nine in a hundred are brittle. The worst are imported from Germany. The best are Macbeth's "Pearl-top" & "Pearl-glass."

Two sorts as to workmanship; fine and coarse. The fine are Macbeth's "Pearl-top" and "Pearl-glass." The coarse are rough and out of proportion; misfits and missshaps; they do not make a good draft; they smoke.

Two sorts as to glass; transparent and gray. "Pearl-top" and "Pearl-glass" are clear, fine and tough—not tough against accident—tough against heat. Call for "Pearl-top" or "Pearl-glass" chimneys. Pittsburgh, Pa. Geo. A. Macomber Co.

WEEKLY TRADE REVIEW.

Condition of Business in the United States.

THE MONEY MARKET IS ALL RIGHT.

Collections Improving at Many Points—A Healthy Appearance Presented in the Wholesale Trade—An Encouraging Outlook in all the Great Industries The Number of Business Failures.

New York, April 1.—R. G. Dunn & Co.'s weekly review of trade says:

The fact of largest influence in the present condition of business is the unusual distribution of goods, which all points with fewer exceptions are already well in season which in staples, and even in some manufactures, building material, structural iron and steel, paints and glass, are being, as well by many forms of local and foreign produce. Collections of nearly improve at many points, though still generally rather behind, especially in Philadelphia and other eastern points. The stringency which was about April 1, does not appear here, nor are other money markets more strait, pressure some weeks not being to adequate preparation, but will not again disturb confidence.

Under the break in important staples there has been a general rise. Instead of rising after the close of the Lancashire strike, cotton fell three-eighths, which may account for the general stringency. A general revival in the spring is still a thing to be hoped for, but a sudden fall of 7 cents in one day, but as prices there have been 15 to 20 cents higher than at other western cities and are higher than at New York, there is every reason to be optimistic anywhere else and to hope only an slight lower, but the price in Great Britain is the lowest we have known, corn fell 1/2 cent with small sales, and oats 1 1/2, and the break in one product resulted in cents per bushel in a week and a cent in a day.

Exports in four weeks at New York were about \$5,115,000 less than last year, indicating a total for the month but for from \$70,000,000, with the increase in imports at New York alone has been about \$11,000,000, indicating a total for the month of more than \$87,000,000. This great excess in imports, following the excess of \$30,000,000 in January and February, has been of course about the same magnitude in the future. The treasury has been gaining gold, but money here has advanced from 2 1/2 to 6 per cent, and transactions in stocks have been mainly confined to local speculators and generally weak, though stronger on Thursday.

The situation in the great industries is distinctly improving, regardless of speculative uncertainties. Legitimate business shows no timidity, cotton being long provided, and the volume is the largest ever known for the season. Failures in the first quarter of this year, 3,262 in number, were fewer than in either of the past two years, and much in amount of liabilities. The average of liabilities is still quite low, less than \$14,500.

The iron and steel business is a shade better, with improved demand for bars, plates and structural forms, and though still do not sell, however from the firm and steady demand. The strength in the above trade is marked, orders shipments greatly exceeding those of any previous year. The business failures for the last seven days number: United States, 166; Canada, 22; total, 184; as compared with 240 last week and 218 for the corresponding week of last year.

TWENTY BELL BINGS BURNED.

A Large Portion of Galena, Md., Destroyed by Fire.

GALENA, Md., April 1.—Fire yesterday destroyed twenty frame buildings out of about 150 in this town, causing a loss of \$25,000. Among the buildings burned were the stores of W. T. Hyland and W. T. Woods.

When the fire broke out Mr. Woods was making a fire in his store. He started out to light the flames, leaving the draught on his stove, which became overheated and set fire to the store. The town has no fire department. Bucket brigades were organized and after two hours hard work, the fire was under control.

No More Free Lunches.

HOLDENSBURG, April 1.—The Glenshire county license court has directed hotel keepers to discontinue their free lunches and to replace their complimentary buildings with more comfortable hotel constructions, or lose their licenses. There were eighty-six applications and forty-three licenses granted. Twenty hotels in the county must close their bars this year. Blair county is a temperance stronghold and the constitutional amendment carried here by 2,000 votes in 1880.

Burgess Pronounced Not Guilty.

PITTSBURGH, April 1.—After being out almost forty-eight hours the jury in the case against William Burgess, April 15 years, returned a verdict, killing his brother-in-law, James Young, came into court and announced a verdict which finds the defendant not guilty. The jury agreed on its verdict after thirty-one ballots had been taken.

Fractured the Bootblack's Skull.

PATENTON, N. J., April 1.—James Ross, a bootblack 15 years of age, and William Nagel, a baker's helper, same age, quarreled yesterday, when Nagel picked up a heavy stick and beat the bootblack into insensibility, fracturing his skull. Ross was removed to the hospital in a dying condition.

Dr. Rowland Dead.

HARTFORD, Conn., April 1.—Dr. Joseph S. C. Rowland died in this city yesterday, aged 62 years. He had been a practicing physician here for eighteen years, was a native of Ohio, and served as a surgeon in a Union regiment during the war. He formerly lived in New York city.

Sutton Fined in Jail.

LOUISVILLE, Ky., April 1.—A. R. Sutton, of the wholesale whisky brokerage firm of A. R. Sutton & Co., who has been suspected all along of the recently exposed whisky forgery of warehouse receipts amounting to \$250,000 was last night arrested and placed in jail.

The First Columbian Envelopes.

WASHINGTON, April 1.—The Columbian stamped envelopes were yesterday placed on sale for the first time. The principal feature of the design of the stamp impression is a spread eagle, the dimensions corresponding in color to those of the adhesive stamps.

HEADACHE!

Of all forms, Rheumatic, Neuritic, Migraine, Headache, etc., the most common is that which is caused by the action of the brain. It is a disease of the brain, and is cured by the use of Dr. Miller's Restorative Nervine.
