THE SHAMOKIN EXPLOSION

The Victims Number Ten—Missing Officials Count.

According to the latest reports from Shamokin the list of fatalities resulting from the explosion at the Neilson shaft on Saturday last will not be extended beyond the number already reported—ten. Some of the victims were buried to-day. The funerals of the others will take place to-morrow.

The Hungarian who caused the explosion by filling a lighted lamp with kerosene oil hurried to his home immediately after the disaster and after drawing a considerable sum of money he had in the bank disappeared. He has not been seen since and there is no trace of his whereabouts.

Mine Inspectors Stein and Gay, General Manager John L. Williams, of the Union Coal Company, Mr. Stillman, of Langdon & Co., and officials of the Neilson shaft, held a consultation yesterday and concluded that it would not be necessary to turn the creek into the shaft. The mine has three openings which can be hermetically sealed, and by this process the flames can be smothered.

There is "blood on the moon." The "slate" published in the HERALD the other day caused quite a commotion.

It has been a great week for Indiana at the pie counter. About 100 fourth-class postmasters of the old-fashioned membership variety have been appointed in that state.

Democratic Congressmen who are organizing boards of patronage should take a day off and read the federal Constitution as regards the power of appointment.

RELIGION AND POLITICS.

Fighting the Catholics at the Polls in Ohio.

A special from Columbus, Ohio, states that the election which is taking place in that city today is attracting great attention throughout the state. It is a bitter fight being waged against the Catholics by the American Protective Association, which is composed of both Republicans and Democrats pledged to vote and work against every Catholic or Catholic sympathizer.

The A. P. A.'s claim a membership of over 10,000, and, judging from the result of the election in this county last fall, when every Republican was elected by over 2,000 majority in that strong Democratic balliwick, their claim is good. So far the Republicans have been the beneficiaries, as their ticket is composed of a number of A. P. A.'s, while the Democratic ticket has a number of Catholics on it. In event of the Republicans securing control of the School Board it is the intention of the A. P. A.'s to dismiss every Catholic teacher in the public schools.

The Catholics are advocating and working for a division of the public school fund, through their papers and churches, claiming that an equitable portion of the public school fund must and shall be set aside for the maintenance of parochial schools. Father Elin, the ablest Catholic priest there, is out in a card denouncing the withholding of public school funds from parochial schools as an "oppression" to be righted at the polls.

The fight is very bitter among both factions and may result in bloodshed.

W. J. Morgan, the latter, will be found at No. 16 South Main street after April 1st. 1

THE O'KELL-QUINNAN CONTEST.

HARRISBURG, April 3.—Another election contest developed unexpectedly in the house last week in the form of a notice of appeal by Frank J. O'Kell, who demurred from the finding of the Lackawanna county court confirming the right of J. P. Quinnan, the sitting democrat, to the seat he now occupies. The petition was referred to the election committee, and Chairman Tallia promptly called a meeting to consider the matter. The decision was that a sub-committee should investigate. Mr. Tallia appointed Messrs. Mates, Matrox, Merrick, Patterson, Reese, Slayter, Geringer, Woodring and Metzger, with himself as chairman.

SENATOR POWELL, OF PHILADELPHIA.

They will go to Scranton Friday and sit at the Wyoming hotel for the purpose of taking testimony. The sergeant-at-arms presented them to substitute witnesses. The investigation by the court, resulted in increasing Mr. Quinnan's majority by four, less votes, and there is not much likelihood that he will be disturbed in the possession of his seat. The sub-committee that have investigated previous election contests have consisted of six members each, but for some reason the Scranton committee has been increased to ten.

The election committee is now considering its report in the contest inaugurated by "Cutney" Eggert, for the seat occupied by Charles J. Baker, democrat. There is a general belief that the decision will favor Mr. Baker. Election contests are very expensive luxuries. The cost to the state of the Hilly-Andrews, Eggert-Baker, Franklin Forrest and O'Kell-Quinnan cases will, it is estimated, exceed \$100,000. The most serious man at Harrisburg is Sergeant-at-Arms Hoopes, who will receive the price of several large turms in the way of mileage and fees.

The agricultural parliament, composed of members of the legislature, which organized with such a brave showing at the beginning of the session, is rapidly undergoing a process of disintegration. At last week's meeting only seventeen of the 100 members were in attendance. The officers of the "combine" are John Cassma, of Bedford, president; Representative Thomas, of Cambria, vice president, and Senator Critchfield, of Somerset, secretary. Noah Senor, of Indiana, was active in the organization of the "combine" and after the election of officers it was discovered that he had been slighted in the distribution.

Therefore the office of permanent assistant secretary was created for him. It was expected that with 100 names on its roll the agriculturists could control legislation, but the organization has weakened rather than strengthened the influence of the ruralists. It is not expected that there will be any more meetings, the general impression being that the "combine" will be allowed to die a natural death.

Adjutant General Greenwald says the pressure upon the military authorities to take the National Guard to Chicago is becoming very great. A despatch sent out from Chicago yesterday stating that the plan to mobilize the entire militia of the country at the World's Fair during the year had been abandoned is true, but this plan was not feasible and never had the sanction of the military people. It is generally understood that the summer encampment at Mt. Gretna will be dispensed with and about August 1st the state troops will camp at Chicago.

Senator Gerard C. Brown has introduced a bill to make counties liable for property destroyed within their respective limits in consequence of any mob or riot and to make such counties liable for the expenses of the National guard and state militia summoned to suppress such mob or riot. It is a measure which will in all probability die upon the calendar. It was called forth by the riots at Homestead last summer.

The house elections committee will report this week in favor of seating Austin T. Taggart, of Montgomery, in place of Captain Charles Baker and W. W. Franklin, of Lancaster, in place of Representative Forrest, who has held the seat since the opening of the session. Baker and Forrest are democrats.

In Paint the best is the cheapest. Strictly Pure White Lead is best; properly applied it will not scale, chip, chalk, or rub off; it firmly adheres to the wood and forms a permanent base for repainting. Paints which peel or scale have to be removed by scraping or burning before satisfactory repainting can be done. When buying it is important to obtain

Strictly Pure White Lead

properly made. Time has proven that white lead made by the "Old Dutch" process of slow corrosion possesses qualities that cannot be obtained by any other method of manufacture. This process consumes four to six months time, and produces the brand that has given White Lead its character as the standard paint.

John T. Lewis & Bros.

is the standard brand of strictly pure Lead made by the "Old Dutch" process. You get the best in buying it. You can produce any desired color by tinting this brand of white lead with National Lead Co.'s Pure White Lead Tinting Colors.
For sale by the most reliable dealers in Paints everywhere.
If you are going to paint, it will pay you to send us for a book containing information that may save you many a dollar; it will only cost you a postal card to do so.
