HAPPENINGS IN MANY LOCALITIES.

Richard Williams, William Trembath and Thomas Hudson killed and mutilated in the Laurel Hill Mine—The Work of Heavens Progressing Slowly—More New Business Enterprises Chartered.

HARRISBURG, April 5.—An early hour this morning the statement was given out here that Richard Williams, William Trembath and Thomas Hudson, victims of Monday's Laurel Hill mine accident were still entombed. There is no hope of recovering Williams alive. It is believed that he now lies underneath the tons of debris which was carried down by the torrents of water from No. 3.

The force of the water carried everything ahead of it, and even crushed the immense pillar of coal that divides the breast. This fact is now causing apprehension for the safety of Trembath and Hudson.

The work of rescue is proceeding slowly. This is due to the black damp on the outside of the shaft. The rescuers cannot remain in the place for more than a few minutes at a time. If some means for ventilating the opening cannot be introduced it is likely that the debris cannot be cleared up before Saturday, and the fate of Trembath and Hudson will not be positively known until then.

It is the general opinion here that none of the entombed men will be rescued alive, although there is a bare possibility that Trembath and Hudson may survive until the rescuers reach them. Excitement still runs high here over the sad affair and nothing is being left undone to rescue the unfortunate men from their perilous positions as soon as possible.

Two Hungarian laborers are also missing. They have not been seen since the accident occurred and it is believed that they are the men seen by Harry Hawke to go under the water when he came out.

The Evangelical Campmeeting.

HARRISBURG, April 5.—The Harrisburg district of the East Pennsylvania conference of the Evangelical denomination in charge of Presiding Elder Media (Duliste), have decided to hold another campmeeting near Myersstown, and have selected the old Grove of Worship (Bassler's), situated a short distance north of Lebanon, and about one-fourth of a mile from the Philadelphia and Reading railroad depot. The denomination will pursue another course this year, instead of holding camp for six days commencing on Monday and closing on Saturday as usual, they will open the meeting during one week and continue into the next and remain in session for ten days, thus giving the tent holders a longer time and a continuance of the meeting over one Sabbath.

A STARTLING FACT.

SIXTEEN PER CENT. OF LIFE INSURANCE APPLICANTS REJECTED ON ACCOUNT OF DISEASED KIDNEYS.

The Trouble Comes From Lack of Care.

Dr. Lambert, the general medical director of the Equitable Life Insurance Company, N. Y., said:

"We reject sixteen per cent. of the applicants because of diseased kidneys, and I have found the only way of curing them is by the use of Dr. Lambert's Favorite Kidney Remedy."

This remarkable statement coming as it does, from such a high medical authority, should have the attention of our citizens. There is no reason to-day, why people should allow kidney disease to get such a hold on them.

Nature sends her warnings to the slight pain in the back, poor circulation of the blood, sediment in the urine. When any of these symptoms appear, Dr. Lambert's Favorite Kidney Remedy should be taken in small doses at once, and this drives the poison out of the blood and restores the kidneys to healthy action.

To our knowledge this is the only medicine that cures and effectually cures this almost universal complaint.

We note the happy recovery of Mr. Oscar Lambert, of Jersey, N. J., whose case has been talked of in the papers the world over.

Quoting from his letter.

"I neglected the first symptoms until I found myself in bed with a complete disease of the kidneys. No mortal ever suffered more and lived. My physician failed to help me. I then used Dr. Lambert's Favorite Kidney Remedy, made at Roseton, N. Y. It relieved my kidneys almost immediately, and in a few weeks I was clear of all pain, and entirely cured. I owe my present health to Dr. Lambert's Favorite Kidney Remedy."

It is used and recommended for what it accomplishes. Writes Mrs. A. J. F. Manchester, from Providence, R. I.

"I began using Dr. Lambert's Favorite Kidney Remedy for kidney disease, when Doctors failed to relieve me. It drove a bad humor out of my blood, cured my kidney trouble, and I am truthful when I say I was cured."

Wm. Huston the popular West Shore R. R. engineer, came out in an open letter stating how he had suffered with kidney disease. Physicians treatment, and the use of various preparations failed to benefit him. Dr. David Kennedy's Favorite Kidney Remedy, was procured and it made him well.

Favorite Kidney Remedy has more free advertising in the columns of the daily papers, than anything we know of, from the fact that it does as is promised, "cures disease."

Dr. Kennedy's Favorite Kidney Remedy possesses marvelous strength giving qualities, that render it especially, valuable to the aged or infirm. For a general all around tonic, and to cure any disease arising from an impure condition of the blood, it has no equal. Druggists are selling more of it than all others combined.

WHO IS TO FOOT THE BILL

For the Entertainment of Our Foreign Visitors,

DURING THE GREAT WORLD'S FAIR?

An Appropriation Provided for the Purpose of Making Suitable Arrangements for Entertaining the Guests from Abroad—A Worrying Question.

WASHINGTON, April 5.—State department officials are worried over the question of paying the expenses for entertaining the Spanish grandees and other foreigners who will visit the World's Fair. The joint resolution of congress authorizing Spain to ally to participate in the special commission of the exposition carried no appropriation for the purpose named. It simply states that "under the president's direction the secretary of state shall make suitable arrangements for their reception and entertainment," and secretary Gresham is endeavoring to determine where he can secure the money necessary to carry out the instructions of congress.

It is almost certain that the necessary amount will be taken from the contingent fund of the state department leaving to congress the appropriation of an annual sufficient to cover any deficiency that may occur in contingents for the reception and entertainment of the distinguished guests have not been completed, but will be in a very short time. Two officers of the navy have been detailed to take charge of the distinguished Spanish guests and escorts to all the places they will visit.

The infants Enalarias party will be in charge of Commander Davis. It will consist of the infants and her husband, Prince Antonez, the Duke of Tannano, grand chamberlain and two ladies in waiting; Marquesa de Ascolerones and Marquesa De Comillas. With the Duke of Veragua, who will be under the Ciceroneage of Commander F. W. Dickens, will be the Marquis of Barbeles, his brother, the Duchess of Veragua, the duke's niece and a secretary.

The duke's party left Madrid Monday and they are due in New York on April 15. The infants and her suite are due in America on April 20. They will come from Havana on the Spanish man-of-war. It is probable that neither party will attend the naval rendezvous at Hampton Roads, but will be in New York to witness the naval review.

Gresham Orders an Examination.

WASHINGTON, April 5.—The assistant secretary of state have been directed by Secretary Gresham to examine more thoroughly than has been customary into persons of the state department, with it is understood, the object of determining the fitness of employes for the position held by them. According to an official in the department this action has been taken with a view to weeding out those in the department who hold their places because of an "amiable tradition" and not because of any particular ability in the discharge of their duties.

Whether there are any such persons in the department has not yet been determined. The officials mentioned say the instructions issued by the secretary are the only basis for the growing rumor, following close on the enforced resignation of Dr. St. Clair, as chief of the consular bureau that a number of changes will take place. It is reported, and on good authority, that tradition and precedent will not "go" in the state department during the incumbency of Secretary Gresham and that there will be less red tape and greater dispatch of business hereafter.

May Have Been Done by Mistake.

WASHINGTON, April 5.—It is probable that the appointment of James H. Eckels, of Illinois, to be comptroller of the currency, made yesterday, was a mistake and that it was the intention to nominate him for the position of second comptroller of the treasury. The salary of both positions is the same, the comptroller of the currency receiving \$1,000 extra on account of being trustee for the Freedman's saving trust fund. Section 325, revised statutes, says: "The comptroller of the currency shall be appointed by the president on the recommendation of the secretary of the treasury. This provision of the statute providing for the appointment to be made on the recommendation of the secretary of the treasury was clearly not complied with as it is asserted on an unquestionable authority that Secretary Carlisle did not recommend the appointment, and only knew of it a few moments before it was sent to the senate.

Smallwood's Life Saved.

WASHINGTON, April 5.—The president has committed to imprisonment for life the sentence of death imposed on Edward Smallwood, a negro convicted in this city of the murder of Edward Timney, another negro. Smallwood was to be executed on Friday next. The sentence is commuted because the president believes the evidence of premeditation and design was quite weak and on account of the low intelligence of the condemned.

Containing the Debate.

WASHINGTON, April 5.—The debate was continued in the senate yesterday on the question of the right of governors of states to appoint senators at the beginning of the term when the state legislatures have been in session and have failed to elect. Mr. Vest made an argument in opposition to the existence of such a right.

Will Soon Come to an Understanding.

WASHINGTON, April 5.—There is a good reason to believe that the senate will soon come to an agreement upon the question of organization and as soon as that is done the matter of final adjournment of this extraordinary session will be speedily disposed of.

Blenki to Resound Stanley.

WASHINGTON, April 5.—Secretary Morton has appointed Michael Blenki, of Milwaukee, executive officer of the weather bureau, vice W. S. Stanley, resigned. The salary of the position is \$2,500.

The World's Fair Hotel Burned.

CHICAGO, April 5.—The World's Fair hotel at Fifty-second street and Oglesby avenue, known as the Leland and just approaching completion, was destroyed by fire yesterday afternoon. The loss, covered by insurance, will be \$50,000.

The Republicans Win in Michigan.

DETROIT, Mich., April 5.—Complete returns from throughout the state show that the result of Monday's election was a victory for the republicans on the state ticket.

Our Gold Balance.

WASHINGTON, April 5.—The net gold balance in the treasury yesterday, deducting the shipment of \$1,500,000 made from New York Monday, was \$4,000,000.
