itention of the committee, see in particular a a basement of a house on West Coal street which two cows are kept.

Mr. Holiosu said the residents in the vicinity of the corner of West and Pophr streets are very much troubled by rais that have their their nests in a ridge of rocks on the highway. The residents would like to have the ridge blasted. The matter was re-

forred to the roads and highways committee. The faw committee reported that the claim for \$100 damages made by Mrs. Catherine O'Neill for Injuries sustained by the young grand daughter, by tripping over an abstruction on a Union street pavement had been investigated. The matter was left. in the hands of the law committee will in structions to make a settlement with Mrs. O'NeilL

The condition of pavements was next sensed and Chief Burgess Barna was instructed to notify the property owners at the sorner of Main and Oak streets, and on Oak. dreet a little west of that point to repair the avement at once. The Burgess was also nstructed to have an obstruction on the South Main street payament, balow Poplar, unoved. A water pipe box projects above the pavement about six inches.

Under the head of new business Mr. Finney arose and asked that the board of sealth bill that has just passed the lower ouse at Harrisburg be read. The bill proides for boards of health in borangles secretary Conkley read a copy of the bill ianded to him by Mr. Finney.

The full text of the bill will be given toorrow. It is too lengthy for publication ere. - Rie

After the reading Mr. Finney moved that small take preliminary steps. for the carryng out of the provisions of the hill. He ated that before Council will meet again he full will have been passed by the Second nd signed by the Governor, Mr. Lamb conded the motion and it was carried.

Mr. Lamb next took the floor and stated hat Council should establish some system of avenue by which senses and rubbish could e taken away from properties at stated stervals and not be allowed to accumulate a yards and other places for a whole

Upon motion of Mr. Lamb, seconded by ir. Finney, the matter was referred to the mitary committee with instructions that une plan be formulated and reported at the axt meeting of Council.

Mr Holman thought that as the electric realarm system has been demonstrated a iccess Connell ought to secure two or three dilitional boxes every year. He sold the arrhern part of town between Main and ilibert street was in need of boxes.

Mr. Betteridge presented a resolution of ncoursectment to home and outside empialists to establish industries in town. The molution was to the effect that such Indusries by exonerated from payment of taxes od water rout, provided the rublic water rorks are constructed; that such 'economium atinate for ten years, and that Commitmerve the right to rescind the resolution at

ny time it may see fit, provided that such ectualing shall not affect any individual or orporation that may take advantage of the fler and live up to the requiren Mr. James thought that it should also be

It also revealed the fast that the child Hved after being born and the child was evidently put in the outhouse mortly after birth. Everything pointed to bungling work in bringing about the birth. The following jury has been empowered John Sezulan, M. J. Scanlan, F. J. Breuman P. J. Cleary, Joseph Manley and P. J. Mul holland. The authorities were engaged in working up the case last night and to-day and an inquest will be held this evening. Thus far there seems to be no clue to the guilty party.
