FROM AROUND THE STATE

Happenings of Importance from All Sections.

GATHERED FROM HERE AND THERE.

Excitement Still Runs High at Linford Over the Disappearance of George Schurr—Fears Expressed That He Committed Suicide in the Schuykill—Hogs Dying of Cholera at Du Bois.

Lafayette, April 13.—This village is still greatly excited in regard to the mysterious disappearance of George Schurr, who was supposed with his brother Christian, of Philadelphia, in the cranberry business. The brothers operated three creameries in this vicinity, and were apparently prosperous.

On Sunday evening George left home for Philadelphia, and, contrary to his usual custom, he went to Parkersburg station, on the Pennsylvania railroad, a mile distant, and told his wife he was going to attend the Dailyman's association meeting. His brother Christian, who resides at No. 1184 Olive street, Philadelphia, received a letter from him saying that he was "going to seek a watery grave." It has since been learned that on Sunday night a man was noticed wading in the Schuykill, near the Penedon work, and finally to sink from sight. The description of this man tallies with that of Schurr. The river is being dragged at Penedon, and Schurr's wife is present.

Exciting News From Local Interest. Thursday, April 13.—The well that John McKay is drilling in short distance south of this city is exciting much more than local interest, as indicated by the number of inquiries and visitors concerned in it. It will give a correct showing of all sands to a depth of 1,200 feet. The well is located about 1,000 feet below the famous Warrick well, which was drilled some twenty years ago. The first sand was reached at 145 feet, the regular third sand at 112 feet, and a fourth sand at 80 feet. The latter has never before been struck in any of the wells. It was 42 feet thick and contained a little gas, but no oil.

Put the Track Down in the Night. ERIE, April 13.—There is a bitter war existing between Erie and Bethlehem and the Eastern Transit Company, both corporations claiming right of way through certain streets in the city and roads in the country. The climax was reached Tuesday night when a fire of 100 men under Captain Leaser began laying a single track through the main street of Bethlehem town, near here, and by daylight about half of a mile section, which is to be built, had been completed. Preparations for the work were carried on with secrecy and the result will be watched with considerable interest.

Those Who Want Office. HARRISBURG, April 13.—Political candidates are flocking in to feel their way. Judge Arnold, of Scranton, just happened to be on his road home and stopped over. He tried to fix in the house and senate yesterday. D. J. Heywood, of Mersey, who wants to be state treasurer, is being considered by Senator Fruit. David Martin, who is in the city, says that all Philadelphia wants is Judge Fell for supreme court, and she does not propose to be beaten out of it this year. Secretary Kelly arrived at noon and found a crowd of waiting patriots, who all want office.

Huge Dying of Cholera. DR. BOYS, April 13.—A disease among hogs has made its appearance in this neighborhood which is supposed to be hog cholera. Several persons who kept but a few hogs about the village have lost all of them, and John E. Du Bois, who does a large business in breeding hogs, sheep, cattle and horses, has lost forty hogs, and the hogs die at an average of about twelve hours after being affected, and all that have been attacked have died. There is considerable anxiety among the stockmen in the vicinity.

New Business Enterprises Chartered. HARRISBURG, April 13.—These were chartered yesterday: The Allegheny Valley Street Railway Company, the line of which will run from Parnassus to New Kingston; Western Union country, capital, \$15,000; Western Union country, capital, \$15,000; Western Union country, capital, \$15,000; Western Union country, capital, \$15,000.

Wanted for Wilful Murder. WASHINGTON, April 13.—The coroner's jury investigating the fatal shooting of Smith Pearson, 14 years old, by Tommy Peck, 11 years old, at Lucyville, found a verdict in accordance with the facts already published, and recommends that the Pecks be held on a charge of wilful murder to await the action of the grand jury.

Incendiary Fire at Huntington. HUNTINGTON, April 13.—Yesterday a fire of incendiary origin completely destroyed the building and machinery of the Huntington Shoe Manufacturing Company, occupied by J. M. Jarvis, owner, and Herman Brothers, brown manufacturers. Loss, \$7,000; insurance, \$5,000.

Death of Albert Ruhe. BEAVER FALLS, April 13.—Albert Ruhe, 25 years old, a brother of William Ruhe, of Pittsburg, president of the National League of Musicians, died in this city. He was unmarried. Lung troubles were the cause of his death, which is a great loss to music in Western Pennsylvania.

Will Proceed for Coal. TRENTON, April 13.—A Scranton party has located a diamond drill, and will sink a hole 2,000 feet deep on a tract of land in the southeastern part of Trenton township. It is expected that several large veins of coal will be struck.

Thirty Days for a Single Kiss. PITTSBURGH, April 13.—Jack Dorsey, who was arrested on the South Side Monday night charged with disorderly conduct and kissing women, has been sentenced to the work house for thirty days.

THE KIND THAT CURES

Torturing Erysipelas. ONE OF THE WORST CASES EVER REPORTED.

Mrs. Myers' Hand Amputated. Her Life Saved.

The case of Mrs. Edward Myers, of Altoona, Pa., furnishes an apt illustration of a woman's power of endurance. This lady had been treated for months in the best way for Erysipelas of the hand, without benefit. Her hand had become a mass of festering flesh, and she was in a state of despair. It is a pity that all who suffer from Erysipelas should not know of Dr. Kennedy's Erysipelas Remedy.

IT IS THE ONLY REMEDY THAT HAS EVER BEEN FOUND TO CURE ERYSIPELAS. She received this terrible affliction in the right hand, and she was unable to hold her husband's hand during the operation, and underwent the painful process of amputation of her hand.

DR. KENNEDY'S ERYSIPELAS REMEDY. Dr. Kennedy then gave Favorite Erysipelas Remedy, which drove the poisonous disease out of her system, cleared the blood, and prevented the return of the disease, and she was able to hold her hand during the operation, and underwent the painful process of amputation of her hand.

DEATH TO ERYSIPELAS. THERE WAS A SPIRITED DEBATE. The Senators to a Great Deal of Talking in Executive Session.

WASHINGTON, April 13.—The senate spent two hours yesterday afternoon in executive session, during which there was a spirited debate, but marked by less feeling than was manifested Tuesday. The tone of contention between the two parties was the nomination of Mr. Eckels, of Illinois, to be controller of the currency, which was favorably reported to the senate.

Mr. Sherman and Mr. McMillan, especially decried the selection of a man for a place requiring judicial business skill, whose selection appeared to them to be based more upon personal favoritism and friendship than qualification for the duties of the office.

A small snarl was struck when the nomination of Albert B. Fall to be associate justice of the supreme court was not a matter of dispute.

ED. PARTRIDGE BADLY SQUEEZED. His Last Plunge, He Says, Cost Him Over Half a Million.

CHICAGO, April 13.—At the close of the session of the board of trade yesterday Ed. Partridge admitted that he had been beaten by the crowd. The present deal in May wheat, he said, had gone up and he was a loser by more than half a million. The little plunger was laboring under abnormal excitement, and he said:

"I'm done up by my friends, but I'll get back at them. I have \$2,000,000 worth of real estate, and I'll bring it to the front if necessary. My wife also has a fortune and she will back me up. I shall stay right here on the floor and give the crowd the racket it has given me. They have danced to my bidding before and I can make them do so again."

AT BEDTIME I TAKE A PLEASANT NERVOUS DRINK.

LANE'S MEDICINE. THE NEXT MORNING FEEL BRIGHT AND NEW AND BY COMPLEXION IS BETTER.

LEFT A DESOLATE PATH.

The Latest Particulars of the Western Tornado.

VILLAGES COMPLETELY WRECKED.

A Number of People Killed and Nearly \$1,000,000 Worth of Property Swept Away—In Five States Homes and Other Buildings are Demolished and Scattered Broadly Over the Country.

St. Louis, April 13.—The terrific tornado which passed through Nebraska and Missouri Tuesday night did an immense amount of damage to all kinds of buildings in the city and country districts.

Page City, Neb., a village of 100 was destroyed, and three persons were killed. Nearly all of the inhabitants of the place were more or less seriously injured, as the storm came up so suddenly that the people did not have sufficient warning to seek places of safety before their houses were torn to pieces by the wind.

The tornado passed over the southern part of Kansas, and Willis, Kansas and Loveland were laid in ruins. Six lives are known to have been lost, and but few in the villages named escaped injury.

North Robinson, the 14-year-old son of F. P. Bolton, a wealthy merchant, was struck by lightning and instantly killed.

A Town Completely Wrecked. KANSAS CITY, April 13.—Farker, a small station on the Missouri, Kansas and Texas railroad, was struck by a cyclone late yesterday evening. The business part of the town is a complete wreck, as well as half the residence portion. Several persons are reported killed and a large number seriously injured. No estimate can be made of the loss.

Another cyclone struck Walnut, in the northern part of the state, and after causing great damage there, stretched northward into Missouri, and struck successively the towns of Mayview, Page City and Biggsville.

The wires in all directions were down for a number of hours after the storm, and no authentic news concerning the extent of damage done was obtainable until late yesterday afternoon.

Kansas City was visited less severely, but thousands of windows were broken by the hail. The cellars on the flats are flooded. The storm extended to St. Louis also and played havoc with steamships lying at the wharves. The steamer J. H. Pike, with five men aboard, was blown ashore and has not since been heard of. The harbor boat City of St. Louis, with several men on board, is also missing.

Two wharves anchored close by met a similar fate, but it is believed that no one was on board of them. Throughout the city the wind caused general destruction. Trees were blown down, roofs carried away, and outbuildings blown down. A new building on North Broadway was completely wrecked, causing a loss of \$50,000. Several persons are reported seriously injured.

The storm seems to have been general throughout the west and south, extending down into Texas and north into the Dakotas. In Illinois considerable damage occurred in various places, the most destructive being at Centralia, where the water rose to a height of three feet in the streets.

At Springfield the street cars were compelled to suspend operations, and every where damage is reported. The country south of Springfield to East St. Louis is flooded. Illinois are also reported from Ottumwa and Burlington, Iowa and Mitchell, S. D.

The telegraph companies have practically done out of business as far as the country west of the Mississippi river is concerned. Whole sections of poles are down, and the wires are in an inextricable tangle. It will probably be several days before the damage can be fully repaired.

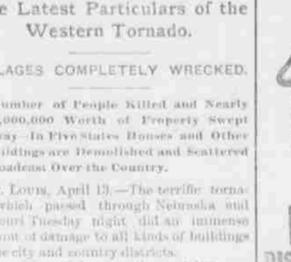

Death and Destruction in Indiana. INDIANAPOLIS, Ind., April 13.—An "ice" received from over the state yesterday tell of heavy damage and loss of life by the storm of Tuesday night and yesterday morning.

A Jeffersonville dispatch says the heavy rains have caused a number of serious washouts on the Jeffersonville and Indianapolis road.

At June's Crossing, Casey Fork, Henryville, Vienna and Marshallfield much damage was done.

He Starved Himself to Death. ALSTRAED, N. H., April 13.—Arzel H. Church, of Acworth, N. H., a veteran of the late war, has just died of starvation. He had been in ill-health for several years, and lately he had fasted that he would not eat. During the twelve days prior to his death he could be induced to eat only a little gruel, a quantity of beef tea and a cracker.
