USE DANA'S SARRAPARILLA, IT'S "THE KIND THAT CURES."

Better Days.
An exchange says there are people who say the present days are better than those of the olden times. Fudge! Why, in the reign of Edward I. four hundred dyed eggs could be bought for 18d. at Easter, and every man who met a woman on the street or road was allowed by custom to kiss her three times. Bosh! Nowadays a man cannot kiss his own wife without the danger of some curious scamp, missing a great big and cry, and it has got to be so that the Judges on the bench will fine and imprison a man for trying to kiss a pretty girl.

Rheumatism is quickly cured by using Arnica and Oil Liniment.

Mr. Freeman's Successor.

EDITOR HERALD.—The communication which appeared in the HERALD on April 10th, relating to the great importance in the selection of a superintendent of our public schools has given rise to much serious thought on the part of our citizens, and I believe the writer of the article has voiced the sentiments of the people in this matter. Our schools, as he intimated, have made rapid progress in the past eight or nine years under the excellent supervision of our present efficient superintendent, L. A. Freeman; but while we look upon his departure with deepest regret we recognize the great necessity of meeting the emergency by the selection of a successor who can come to us well recommended and one who stands high in the profession of instruction and supervision. I am of the opinion that with a little judicious management we can secure a man who is in every way fitted for the position. The salary of superintendent in this town is as large as any that is paid outside the large cities, which should be a sufficient guarantee to any applicant. We require a man who is a good disciplinarian and one who is possessed of good, sound judgment, having the interest of the school at heart and fully competent to cope successfully with all questions pertaining to the advancement of the public schools. Another point which must be taken into consideration in the selection of a superintendent is that every educated man is not capable of taking charge of a position of this kind. He may be highly educated, still if he lacks the tact of discipline he will be a failure. We have, in my opinion, men about us in the State Normal schools who are in every respect fitted for the position, men who have had a vast amount of experience both in training and supervision who could be induced to accept the position, as the compensation is in excess of that paid them in their present positions. In conclusion, let me urge the School Board to act in harmony and unanimity, leaving prejudice, self interest and mercenary motives aside and work for the best interests of our public schools—the bulwark of our national institutions—and by so doing they will not only be acting as men and Americans, but at the same time will confer a blessing upon our children, which is of more value than the greatest riches in the possession of man. I.e., a liberal education. Hoping the School Board will think over this matter seriously and carefully, weigh everything in the balance calmly and consider in their actions only the best interest of the public school system in their selection of a superintendent, I remain, respectfully,
ANOTHER PARENT.

MUST PAY UP.
The County Commissioners After Delinquent Tax Collectors.
There are many thousands of dollars due the county for taxes and in some instances the accounts run back several years. This, in connection with the fact that the county treasury, is empty has led the County Commissioners to announce that no more time will be given delinquents and an effort will be made to collect on all outstanding duplicates. Where the collector is not responsible suit will be commenced against the bondsmen. This will require activity on the part of the collectors and to save themselves they will be obliged to take vigorous action for the collection of taxes due them. They place the failure on their part to the complaints of the people that money is very scarce.

Timely Topics.
SIGNS OF SPRING.
New book agents tramping!
Over hills and rocks!
People buying, graduating!
Lightning rods no glaces.
Little children bringin'
Pickin' home from school,
Flowers—not a string!
But cussin' of his uncle.
Girls that wouldn't dare to
Kiss a violet.
Drammin' for a fair to
Get the church in gear.
Trees that bent as wither!
Where the rivers sing;
Whole towns gone a-fishin'
Don't it look like spring?

April showers.
Trailing arbutus.
Shad-oh!
Dandelion in market.
Barefooted children about.
Housecleaning now in full blast.
Parlor stoves being taken down.
Picnics being talked of.
Whitewashing artists busy.
Carpenters and painters plenty to do.

Prevention Better Than Cure.
Many persons are afflicted with skin eruptions, boils or ulcers. Brandreth's Pills taken freely will in a short time effect a complete cure of all such troubles. Ulcers of long standing have been cured by them. Carbuncles have been checked in their incipency by them. The worst fever sores, bed sores, and the like have been driven from the skin by them. Only begin in time and a few of Brandreth's Pills will prevent many a sickness. Brandreth's Pills are purely vegetable, absolutely harmless, and safe to take at any time.

FAILED FOR THIRTY MILLIONS.
The English, Scottish and Australian Bank Driven to the Wall.

LONDON, April 13.—The English, Scottish and Australian chartered bank has failed with liabilities amounting to \$30,000,000. The bank was incorporated by royal charter in 1852 and claimed to have a paid up capital of £200,000 and a reserve fund of £310,000.

The suspended bank has main branches at Sydney, Adelaide, Brisbane and Melbourne and at various lesser points in the colonies of New South Wales, Victoria and South Australia. It transacted banking and exchanging business between Great Britain and the Australian colonies, and had large deposits. The failure has added to the anxiety and consternation which previous recent failures of financial institutions with Australian connections have caused.

And So It Goes!

When Sewing Machines are mentioned the name of the "STANDARD" rises instinctively to the lips. Why? Because it will sew so much in four hours as others do in five. Because it is a labor-saver, and makes less noise than any machine on the market. Pay no attention to the disparaging talk of our competitors, as that only proves that it is their most dangerous rival. Call and see it for yourself.

Grand Display of

FINE DRESS GOODS

DRESS GOODS is such a bewildering topic that we will not attempt a full description, but give a partial outline, which you can fill in by a personal inspection. There are the plain and changeable diagonals; plain, plaid, striped and invisible plaid serges; fancy mixtures in all sorts of odd weaves, dots, threads, cross-threads, hair-lines, lines here and there, many at a glance appearing alike, but upon examination are found entirely different. Our assortment of silks is complete—china silks, china surah, plain surah, bengaline, plain, figured and changeable silks, in all the new shot effects. Full line of fancy braids to match any color of dress goods.

....In Wraps
We find the most stylish and the prevailing mode to be the Cape, in some of its variations. Some are plain, others very highly decorated, with fancy lustrous braids, butterfly colors, or some full arrangement at the neck, so much approved this season by the feminine fancy. To some, coats only are the correct garment. To those we would say coats are equally fashionable and stylish, many of these having capes also attached—sometimes one, two or three, as the taste or inclination of the wearer may desire.

We have this season, for the first time, added a Millinery Department, and have spared neither trouble nor expense to make it a success. The result exceeds our most sanguine expectations. This department will be under the same management and conducted on the same principles that have always characterized our entire business. We shall keep everything in trimmed and untrimmed hats, novelties of every description. Having secured a trimmer noted for her artistic and skillful work, we are enabled to suit all tastes. We invite a careful inspection of our entire store. All welcome.
