## GOING FOR THE BURGLARS

BUSINESS MEN HOLD A SECRET MEETING.

TO ORGANIZE FOR PROTECTION

One of Them Tells What Was Done at the Preliminary Meeting, but Gives no Assurance for the Future.

WHEN the wintry blasts lie themselves to other climes and leave us to pack our overcoats and prepare the pots for the blooming flowers of spring the citizens little dream of the danger that lurks under the garments of the annual visitors who depend upon the generosity of the public and dexterity of their fingers for sustenance and the "broad canopy of the heavens" for shelter. The people are too prone to look upon the tramps as victims of misfortune and a proper watch is not kept upon them. It is only after the stores and residences are entered and robbed that the people seem to realize the importance of keeping a surveillance over strangers, and then it is frequently too late.

The people of this part of the county are now pretty well aroused. The robbery of the post office at Mahanoy City one night and the robbery of a warehouse here the next had had their effect. A number of business men collected in a store last night and discussed the matter and some very strange remarks were made. One of the party remarked that there are at least twenty residents of this town who could probably tell who committed the robbery at the warehouse and give the details of some of the other robberies that have taken place since last fall. He said he was satisfied that right here in Shenandoah there is a gang which has been lying low for several months, but which will not doubt begin operations before long and "clean out" a number of places. When pressed to particularize the speaker said that it would be a waste of time now, but if the authorities are not on the alert and do not keep a strict watch upon some of the young men in town at night robberies will become so frequent that the people will become demoralized.

"But I will say this," the speaker continued, "if such a state of affairs as I predict should be realized I will lay most of the blame on the loose method by which saloon licenses are granted. There are two saloons in this town (no doubt there are many more) where the worst characters congregate and lay their plans for depredations. One of these places is known to be the resort of men whose patronage is refused at respectable places and who are known to be the worst kind of mean thieves and housebreakers. Another door at which I would put the blame is that of the people who entirely disregard their duty to the people and good government by shielding perpetrators of crime when they could bring them to justice with a word. I have known of cases where thieves have been pulled up months after a crime has been committed and after the thieves have been convicted some individuals have volunteered the statement that he could have caused the arrests months before. These individuals have then tried to excuse their neglect of duty on the plea that ——— (the thief is a cousin or some other relative of a good neighbor and he did not wish to bring disgrace upon the family, etc. And these are the kind of people who are the first to clamor for their rights as citizens," the merchant concluded.

Another gentleman said that the people of this town have no idea of the lawless and desperate character of some young men of this town. He said his eyes were opened a short time ago by an ex-policeman and what he learned really astounded him. One of the surprises was a statement that there are gangs in this town that stand ready at any time to do any job from the cutting of a pane of glass to the "blowing" of a safe and if the chance is offered they will do more work than the notorious Flynn gang did, and in less time.

One of the party a little nervously declared that the people should make the police do their duty, but others told him to be calm himself and be reasonable. They argued that the police force was a new one and the robbery of Wednesday night was the first to occur since they have been on duty. It is too early, it was argued, to cast any reflection on the police. They must be given time and if they should prove unable to prevent robberies or detect the perpetrators after a fair trial they must expect to be censured or removed.

The merchants who took part in it say the meeting was a chance one, but one of the party told a reporter that it was really upon agreement and may result in the formation of a protective association of some kind which will have for its object the working up of cases which the authorities may be unable to cope with.

The informant refused to give the names of those who attended the meeting and would give no assurance that the public would be informed if an organization would be effected. He believed that the combination would be a secret one of only certain business men who could be relied upon as having no sympathies whatever with any persons who are suspected or may be arrested at any time, or any of their connections. The object he said will be prompt prosecutions and no compromise.

Lane's Family Medicine Moves the Bowels Each day. In order to be healthy this is necessary.

THE WORLD'S FAIR. To see all that is to be seen at the World's Fair, or Columbian Exposition, and improve all the opportunities it offers, will be no summer day's task. One who goes to Chicago expecting to take in the wonders in a day or two will go away regretting that which he must of necessity leave unseen, and that is why the HERALD has included in its offer to the teachers in this county a ten-day stay at Chicago. As a matter of fact a stay of one month would not exhaust interest in the fair.

Perhaps it may be thought this is an overstatement. A few facts and figures will show that it is not. Jackson Park, in which the exposition will be held, has a frontage on Lake Michigan of one and one-half miles, contains 533 acres, 77 of which are water. The Midway Plaisance is a mile long and 600 feet wide, and contains 80 acres more. There are 39 Exposition buildings proper, with a floor space of 150 acres. Adding the galleries, there are 1907 acres. Grouped around them are 44 State and Territorial buildings, 18 buildings erected by foreign governments, and 40 others for the minor purposes of the management, restaurants and advertising wares and enterprises. In the Midway Plaisance are the foreign villages shops, etc. described in a previous letter.

The visitor who would merely take a passing look at each of the vast array of exhibits must prepare to walk along 124 miles of aisles. Add to this the distances from one building to another, which must of necessity be traveled many times, and the distance to be covered will reach fully 150 miles. During this little jaunt he will have seen exhibits valued at \$100,000,000, and brought from every corner of the globe. To bring them together, erect the building and run the Exposition, the World's Columbian Exposition has already expended \$15,000,000, the states and territories about \$5,000,000, and 500 foreign nations, with 37 colonies, about \$7,000,000. The cost to individual exhibitors can hardly be estimated. Those exhibitors hail from every country of North, Central and South America and of Europe, while from India, Borneo, Siam, China, Japan, Persia, the Pacific Islands, Australia, Transylvania, Egypt, Turkey and even the strange lands of dark, if not "darkest" Africa, have come people aliens to us in all that makes up our religion and civilization.

USE DANA'S SARSAPARILLA, ITS "THE KIND THAT CURES."

Fresh Morris River Cove Oysters received daily at Costell's. 3-23-M

A Business Change. I wish to inform the people of Shenandoah and vicinity that I have opened a clothing store in the room formerly occupied by myself as a dry goods department, where will be kept a full line of men's, boys' and youths' clothing, as well as a complete line of men's, boys', ladies', misses' and children's shoes. Call and examine my stock. No trouble to show goods. PHILIP COFFEY, Adm., 4 12-96 No. 101 S. Main St., Shenandoah.

Best work done at Brennan's Steam Laundry. Everything white and spotless. Lace curtains a specialty. All work guaranteed.

Change of Colliery Officials. The P. & E. C. & I. Co. has divided the St. Nicholas district and Reese Tasker has been promoted to serve as superintendent of one portion while the present superintendent, John J. Davis, will superintend the other. James McDonald, formerly of St. Nicholas colliery, will succeed Mr. Tasker as inside foreman at Maple Hill colliery and Edward Coyte, of Mahanoy City, will take charge of the inside workings at St. Nicholas.

Millions of bottles of the genuine "Anchor Pain Expeller" are sold annually, and sent to all quarters of the globe. This fact itself speaks of the magical efficacy of this important remedy. It is the best and most reliable remedy for Rheumatism, Gout and kindred complaints. Give it a trial and convince yourself. 25 and 50 cents a bottle, at C. H. Hagenbach, P. P. D. Kirlin, J. M. Hillan, and other druggists.

"Admiral" Is indispensable to every lover of a soothing smoke. This cigarette is not made by the trust. For full particulars call on or address B. Labows & Co., Mahanoy City, Pa.

## BOROUGH IMPROVEMENTS.

WORK HAS BEGUN ON THE SEWERAGE SYSTEM.

TRENCH OPENED ON MAIN STREET

Property Owners on West Cherry Street will follow the Example. They Will Meet on Wednesday Night.

THIS morning the Messrs. Grant, contractors for the street paving work, started their gang of men at work at the corner of Main and Cherry streets digging the trench of the sewerage line which is to run under the east side of Main street north to Lloyd. All the pipe required is at hand and if the weather proves favorable the work will be completed and street paving will be resumed in a short time.

Workmen also started this morning to connect the Robbins property at the corner of Main and Oak streets with the steam heating system. It is said the proprietors of the system will try to have all connections on that side of Main street made at once, so as to prevent a frequent tearing up of the street.

It was also stated this morning that a number of property owners on Cherry street are clamoring for sewerage. They have called a meeting for next Wednesday evening to prepare a petition for submission to the Borough Council at its meeting on the following night. They propose to run a pipe down Cherry street from Chestnut. The line will connect at Pear alley with a large culvert that connects with the borough sewer at Cherry street.

A property owner who was engaged in arranging the meeting of the Cherry street property said to-day that more than a majority were in favor of the project and that when the proper time would arrive the Council will find all in favor of it, as the system of drainage along that street is very poor.

The West Centre street property owners who applied for permission to run a sewerage line from Pear alley to a point near the Robinson colliery have agreed to the conditions imposed by the Borough Council and will probably award the contract for the work early next week.

One of the Councilmen stated to-day that it is the sentiment of the Borough Council that all property owners who intend laying sewer pipes or make like improvements to their properties should do so as soon as possible and have all such work done at once, so that the streets will not be torn up all summer and fall. It is maintained that to push the work right along while workmen are at hand and the people are in a mood for improvements will be more satisfactory to all concerned and cheaper for the parties who wish the work done.

## FALL OF ROCK.

Two Men Seriously Injured at the Gilbert Colliery.

Two men, a miner and laborer, were seriously injured by a fall of rock in the Gilbert colliery yesterday. The miner was Evan Bevan, of South West street. A piece of rock struck him on the head and inflicted a gash several inches in length. Bevan was removed to his home in an ambulance and was suffering so much from shock that Dr. Hamilton was obliged to put him under the influence of ether. The doctor said that while the injury was quite serious he did not fear any dangerous results and the victim would recover as soon as the shock to his nervous system would wear off. The laborer, a Pole named John Wolchok, had one of his legs broken. He was taken to the Milton Hospital.

Rheumatism is quickly cured by using Arden and Oil Liniment. 1m

A Chance Meeting. Capt. E. J. Phillips alighted from a train at the Lehigh Valley depot this morning in high glee, he had just met two men he had not seen for twenty years and who served in his regiment in the army. Capt. Phillips is well acquainted with most of the railroad conductors and is licensed, by reason of the latter, to ask many questions which might be considered impertinent, coming from ordinary passengers. While on the train Mr. Phillips saw two passengers hand the conductor peculiar looking tickets, and upon being granted leave to inspect them he discovered that the passengers were two veterans on their way from the Soldiers' Home at Erie to visit friends at Mahanoy City, and two old comrades whom he had quite forgotten.

USE DANA'S SARSAPARILLA, ITS "THE KIND THAT CURES."

Returned From Pottsville. The Patriotic Drum Corps of town, which went to Pottsville on Wednesday to attend a ball, arrived home last evening. The members had an excellent time at the ball and spent yesterday taking in the sights of the county seat and surroundings.

Coughing Leads to Consumption. Kemp's Balsam will stop the cough at once.

W. J. Morgan, the hatter, will move to No. 15 South Main street on April 1st. 25-4f

## LOCAL BOARDS OF HEALTH.

Needed Legislation for Protection of Public Health.

Representative Walton has introduced in the House a bill providing for the organization of Boards of Health in boroughs that should be passed as quickly as possible. The State Board of Health, to be effective in preventing the spread of epidemics, must have local agencies through which it can do its work. The local Boards of Health provide these agencies in cities. They are needed quite as much in boroughs and townships.

Some of the worst epidemics which have raged in the Commonwealth had their origin in townships or boroughs. Under existing conditions the State Board of Health must use all such cases at long range and with inadequate means. The organization of auxiliary boards in townships and boroughs would shorten the range and very much increase the power of the State Board to act efficiently in every emergency.

House Bill No. 110, "To Enable Borough Councils to Establish Boards of Health" has passed through the House and is now awaiting the action of the Senate. Copies of petitions asking the Senate to pass the bill may be had upon application at the HERALD office. Prompt action is necessary in view of the threatening condition of Asiatic Cholera in Europe at the present time, and its probable introduction into this country during the coming hot season.

## PERSONAL.

Miss Hattie Gullen spent to-day visiting friends at St. Clair.

Dr. Harry Brucker, of Mahanoy City, called on friends in town last evening.

J. Claude Brown, of East Creek, was one of the attendants at the theatre last evening.

Miss Hannah Reese, one of Mahanoy township's fair teachers, spent a few hours in town last night.

Mrs. F. Ross, of Steelton, who has been visiting her daughter, Mrs. F. Steiler, went to Centralia last evening.

Rev. D. L. Evans, pastor of the Welsh Baptist church, is expected to return from New York City this evening and will probably arrive at 6:55 o'clock. This announcement is made for the benefit of the congregation.

## A Justice Prosecuted.

CENTRALIA, April 13.—This usually very quiet place was stirred up on Wednesday, last, by a street row between two of its most prominent citizens. Mr. D. C. Black is a Justice of the Peace and also a director of the water company. Mr. Samuel A. Miller is the superintendent of the company and when not looking after his duties as such, turns his attention to his photographic gallery. A leak in one of the pipes puzzled the officials of the water company and in a discussion over the location of the source of trouble Messrs. Black and Miller became so warmed up that Miller was punched in the face. "Right along" was arrested and put under bail for trial at court. Both men have been exonerated citizens and the community is shocked by the case.

When you are troubled with dizziness, poor appetite all gone, and you feel bad generally, take a few doses of Dr. Henry Baxter's Mandrake Bitters, and you will be surprised at the improvement in your feelings. Every bottle warranted to give satisfaction. 1m

## Danger of Stone Throwing.

Bernard, the five-year-old son of Edward Coyte, of East Lloyd street, yesterday sustained an injury to one of his eyes that may result in a loss of the sight. Bernard and another boy of about his own age were playing on the street yesterday when a little dispute arose and the former was struck in the eye by a stone. A point of the missile penetrated the corner, or transparent covering of the eye. Dr. Hamilton is attending the injury. He said last night that there was a chance to save the sight if the eye was not too deep, but several days will be required to ascertain the full extent of the injury.

USE DANA'S SARSAPARILLA, ITS "THE KIND THAT CURES."

Graduated With Honor. Martin Grubler, the eldest son of Rev. John Grubler, pastor of the German Lutheran church, yesterday received his diploma from the College of Pharmacy, at Philadelphia.

Mr. Grubler's friends are elated over the fact that the young man graduated with high honors and was third in a class of three hundred. He is a very popular young man and it is hoped that he will prosper in his profession.

## S. of V. Attention.

A special meeting of Henry Hornetio Camp, No. 49, Sons of Veterans, will be held in Reddell's hall, Friday evening, April 14, at 7 o'clock. A full attendance requested. By order of EDWARD SPEARS, Capt. Attest—JOHN B. DOYER, O. S. 4-12-94

Raised a New Flag. Messrs. Robert Oliver and E. D. Hagenbach, a committee representing Major Jennings Council, No. 397, Jr. O. A. M., this morning raised a new United States flag over the High school building. The flag is 6x12 feet in size and replaced a smaller flag raised by the Order and which was torn.

## The Soldiers' Monument.

A regular meeting of the Soldiers' Monument Association will be held in the Council Chamber to-morrow (Friday) evening, at 8 o'clock. All representatives are requested to be present, as some very important business will be transacted.

## CARPET BEATERS.

All Kinds, at Fricke's Carpet Store, S. Jardin St
