THIRD EDITION

Property Improvements.
Most of the old buildings on the West Centre street property recently purchased by Mrs. Dougherty have been razed. It has been decided to erect in their place a three-story frame structure. The ground floor will be divided into storerooms, the second into offices and light business apartments, and the third will be fitted up as a hall for society meetings.

The Keller and Yost properties on North Jarrin street, which recently received considerable improvements at the hands of carpenters, are being painted.

Two-story extensions are being built at the rear of the Hartshorn property at the corner of Centre and Bowers streets.

PRINTERS GATHER AT A REINBERG.

Annual Convention of the State Typographical Union.
HARRISBURG, April 19.—The annual convention of the State Typographical Union was called to order here yesterday by President John Matthew, of Union No. 2, of Philadelphia. The task of welcoming the visiting members to the city fell upon Vice President Charles C. Steiner, of local union No. 14, which he did in the following language:

Gentlemen of the State Typographical Union: I take great pleasure in welcoming you to Harrisburg, and trust that your interests here may be a joyful and profitable one. It is fitting that you should extend the warmest of welcomes, because of our position here in the history of the country. It was here at the birth of the National Union, and it has always been to the front upon the most important of the craft. We recognize the fact that your meeting here today is the most important of the kind that has ever been held in this state. It is a meeting that not only requires skill but brains to make the perfect whole, and we trust some of you will be able to do this.

The credentials of the various delegates were then received, after which the convention took a recess of fifteen minutes to give the committee on credentials time to make a report. After the report was made and accepted the roll was called, with all delegates present. After the reading of the minutes, which were adopted, the president read his report, which was of great interest to the craft.

The auditing committee's report was read, which shows the organization to be on a solid financial footing and on the increase.

The following are the officers of the Pennsylvania Typographical Union: President, John Matthew, Philadelphia; vice president, Paul Lanstig, Pittsburg; secretary and treasurer, R. D. Lowry, Pittsburg; organizer, Eli J. Davis, Scranton.

A resolution was offered protecting the union labels from all impostors, and to ask certain aid from the state legislature on measures pertaining to labor questions. A resolution was also offered endorsing George Chance, of Philadelphia, for the position of public printer at Washington.

The local unions comprising the convention represents two-thirds of the printers in the state, and before long all unions in the state will be connected with the organization.

Last evening at 9 o'clock, Harrisburg Union No. 14, tendered the visiting delegates a right royal reception at the Hotel Columbus. Music, speechmaking and good time generally was the order of exercises.

Trouble Looked for on the Lake Shore.
TOLEDO, O., April 19.—The general advisory committee of the Brotherhood of Locomotive Engineers, embracing all lines west of Cleveland as far as Chicago, is in session here. The subject of its deliberations is the refusal of the Lake shore to re-instate the engineers who quit work on March 17, rather than haul boycotted Ana Arbor cars. The members are reticent, but the probabilities favor a general strike of engineers and firemen on the Lake Shore to compel their re-instatement.

The Union Pacific Strike.
DENVER, April 19.—Yesterday afternoon three union men gave up their positions in the shops and quit the employ of the Union Pacific Company, and eight others failed to show up for work. Foreman White says he does not know whether they are striking or are detained from work for other causes. There are about fifty union men at work and they claim to have had no official announcement of a strike.

Our Crop Outlook.
WASHINGTON, April 19.—The following is a synopsis of the crop reports received at the weather bureau for the week ending yesterday for Pennsylvania, Pennsylvania:—Cool wet weather delayed work generally; little progress in northern portion. In southern portion crops are growing finely; good stand of wheat and grass; trees budding, outlook is favorable.

Miss Cornelia Martin Married.
New York, April 19.—William George Robert, earl of Craven, and Miss Cornelia Martin, only daughter of Mr. and Mrs. Bradley Martin, were married yesterday afternoon by Bishop Potter and Rev. Dr. William Q. Huntington, in Grace church. Two thousand of the elite of New York and English society were present. The wedding was a magnificent affair.

Cleveland May Not Attend the Ball.
WASHINGTON, April 19.—The president has not decided whether he will attend the naval ball in New York on April 27, but it is probable that he will do so.

Almost a Whole Town Burned.
GREENVILLE, N. C., April 19.—The yesterday destroyed every business house in the town, including two banks and two local papers. Loss, \$200,000; total insurance is not over \$50,000. There is great suffering among the widows. Greenville is the county seat of North Carolina. The origin of the fire is unknown.

Fell Head to His Wife's Arms.
BLOOMING, Va., April 19.—Dr. J. W. Stinson, an eminent physician and wealthy citizen of Greensboro, two miles north of here, committed suicide by blowing his brains out with a pistol. He stood before the witness and fired the fatal shot. He walked across the room, fell into his wife's arms and died.

Keels Laid for the New Ships.
PHILADELPHIA, April 19.—The keels of "Hulls" No. 273 and 278 were laid yesterday at Cramp's shipyard. These are the two first domestic built ships for the new American line brought into existence by the act authorizing the registry of the New York and Paris.

Fair Warning.
It is but a few weeks since that No. 3 dam of the Shenandoah water works was stocked with fish received from the State Fisheries Commission, yet people have already been fishing at the dam. This must be stopped and any one giving information that will lead to the arrest of parties who may fish at the dam will be liberally rewarded upon applying at the Schelly House. Parents are warned that their children will be dealt with according to law and claims of tender age will not be considered.

Squeezed Between Cars.
Makies Julius, a Hungarian residing on West Apple alley, had his back hurt yesterday by being squeezed between cars at Packer No. 3 colliery.

Coming Events.
April 19.—Fair and festival, G. A. R. Widows' and Orphans' fund; Robbins' opera house.

Coughing Leads to Consumption.
Kemp's Balsam will stop the cough at once.

When Sewing Machines are mentioned the name of the STANDARD rises instinctively to the lips. Why? Because it will sew so much in four hours as others do in five. Because it is a labor-saver, and makes less noise than any machine on the market. Pay no attention to the disparaging talk of our competitors, as that only proves that it is their most dangerous rival. Call and see it for yourself.

Grand Display of FINE DRESS GOODS

DRESS GOODS is such a bewildering topic that we will not attempt a full description, but give a partial outline, which you can fill in by a personal inspection. There are the plain and changeable diagonals; plain, plaid, striped and invisible plaid serges; fancy mixtures in all sorts of odd weaves, dots, threads, cross-threads, hair-lines, lines here and there, many at a glance appearing alike, but upon examination are found entirely different. Our assortment of silks is complete—china silks, china surah, plain surah, bengaline, plain, figured and changeable silks, in all the new shot effects. Full line of fancy braids to match any color of dress goods.

....In Wraps We find the most stylish and the prevailing mode to be the Cape, in some of its variations. Some are plain, others very highly decorated, with fancy indecent braid, butterfly colors, or some full arrangement at the neck, so much approved this season by the feminine fancy. To name costs only are the correct garment. To those we would say costs are equally fashionable and stylish, many of these having capes also attached—sometimes one, two or three, as the taste or inclination of the wearer may desire.

We have this season, for the first time, added a Millinery Department, and have spared neither trouble nor expense to make it a success. The result exceeds our most sanguine expectations. This department will be under the same management and conducted on the same principles that have always characterized our entire business. We shall keep everything in trimmed and untrimmed hats, novelties of every description. Having secured a trimmer noted for her artistic and skillful work, we are enabled to suit all tastes. We invite a careful inspection of our entire store. All welcome.
