ALL AROUND THE STATE.

News from all Sections of the Commonwealth.

HAPPENINGS IN MANY LOCALITIES.

Odd Fellows Confer the Grand Lodge Degree at Harrisonburg.—The Body of John East Recovered From Pine Creek—A Burying Ground Condemned at Lebanon—Other State News.

HARRISBURG, April 25.—Last evening a special session of the grand lodge of Odd Fellows of this state was held here for the purpose of conferring the grand lodge degree upon all past masters of Danphin and adjoining counties, who had not previously received that degree. The ceremony was preparatory to the meeting of the grand lodge at Reading, beginning May 16 next. All third degree members were instructed in the unwritten work of the order at the conclusion of last evening's ceremonies. Quite a number of past masters from Lancaster were among those who took the degree, and there was a large attendance from the central part of the state. The order of Odd Fellows will, during this week, celebrate throughout the United States the seventy-fourth anniversary of the order.

The Watches Were Stolen.

CHESHAM, April 25.—Officer Vail arrested a man at Third and Broad streets about 7:30 o'clock on Saturday night, who was trying to dispose of some watches at various cheap rates. The prisoner, who was under the influence of liquor, was brought to the city hall, where he gave his name as John Mintzer. A watch and chain were found upon him. He received the watches, he said, from a man who had stolen them from a jewelry store at 334 Bond street, Baltimore, Md. On receipt of this information Chief Hagshaw wrote to the officials at Baltimore stating the case and yesterday Detective J. B. Hall arrived in Chesapeake and interviewed the prisoner. The store on Bond street had been robbed, the window having been smashed. Mintzer was held for a hearing to-morrow, by which time a requisition will arrive from Baltimore.

A Bond Transaction Being Investigated.

READING, April 26.—Upon complaint of John P. Lance, who served about three months as city treasurer, having gone out of office on April 3, select council appointed a committee of three to investigate a charge of speculating in city bonds in which the clerk, I. C. Fetter, is involved. Clerk Fetter, when the matter came up in select council did not even deny the transactions referred to by ex-treasurer Lance, but claimed that he had bought the bonds outright and subsequently sold them, and that on some of the bonds he sustained a loss. At his suggestion a motion was adopted to also investigate the alleged purchase of \$10,000 worth of the bonds of the late treasurer, Mr. Lance, and ascertain whether he still holds them, and if not, to whom he sold them and at what profit.

New Charters Granted.

HARRISBURG, April 25.—Following were chartered yesterday: Renovo Opera House Company, of Renovo, capital \$15,000; Messer Elastic Rotator Company, of Philadelphia, capital \$10,000; Harmon Page, of No. 120 Maplewood Avenue, is the treasurer. The Pittsburg, Greensburg and Latrobe Electric Railroad Company, thirty-two miles long, to cover Latrobe, Beatty's Station, George's Station, Greensburg, Jeanette, Irving Station, Willmading Manor and Stratton; capital stock \$1,000,000; J. L. Mitchell, of Tyrone, is president.

Hathaway & Co. Get the Contract.

PHILADELPHIA, April 26.—The contract for building the new quarantine station on Reedy Island has been awarded to T. H. Hathaway & Co. of this city, at their bid of \$2,650. Under the terms of the contract the work will have to be finished in thirty-one days, so that this station will probably be in readiness to begin operations by June 1.

A New Bank for Chester.

CHESTER, April 26.—It is rumored on the street that a movement is on foot to establish a new national bank. Judge Clayton, it is said, will be made the president, and the bank building will be the Cambridge hotel. The judge, according to the scheme will not accept the judgeship right to succeed himself on the bench.

THE KIND THAT CURES

You have noticed

that some houses always seem to need repainting; they look dingy, rusted, faded. Others always look bright, clean, fresh. The owner of the first "economizes" with "cheap" mixed paints, etc.; the second paints with

Strictly Pure White Lead

The first spends three times as much for paint in five years, and his buildings never look as well. Almost everybody knows that good paint can only be had by using strictly pure White Lead. The difficulty is lack of care in selecting it. The John T. Lewis & Bros. brand is strictly pure White Lead, "Old Dutch" process; it is standard and well known—established by the test of years.

For any color (other than white) tint the Strictly Pure White Lead with National Lead Company's Pure White Lead Tinting Colors, and you will have the best paint that it is possible to put on a building.

For sale by the most reliable dealers in paints everywhere.

If you are going to paint, it will pay you to send to us for a book containing information that may save you many a dollar; it will only cost you a postal card to do so.

JOHN T. LEWIS & BROS. CO., Philadelphia.

A STARTLING FACT.

SIXTEEN PER CENT. OF LIFE INSURANCE APPLICANTS REJECTED ON ACCOUNT OF DISEASED KIDNEYS.

The Trouble Comes From Lack of Care.

Dr. Lambert, the general medical director of the Equitable Life Insurance Company, N. Y., said:

"We reject sixteen per cent. of the applications made to us for insurance, and I have found the entire cause of this unusual department, not by the rejection alone of applicants who had diseased kidneys, and who died within two years after I rejected them."

This appalling statement coming as it does, from such high medical authority, should have the attention of our citizens. There is no reason to say, why people should allow kidney disease to get such a hold on them.

Nature sends her warning in the slight pain in the back, poor circulation of the blood, sediment in the urine. When any of these symptoms appear, Dr. David Kennedy's Favorite Remedy should be taken in small doses at once, and thus drive the poison out of the blood and restore the kidneys to healthy action.

To our knowledge this is the only medicine that surely and effectually cures this almost universal complaint.

We note the happy recovery of Mr. Oscar Lambert, of Jersey, Mo., whose case has been talked of in the papers the world over.

Quoting from his letter:

"I neglected the first warning until I found myself in bed with a complicated disease of the kidneys. My medical attendants had tried every remedy known to them, but I then used Dr. David Kennedy's Favorite Remedy, made at Shenandoah, Pa. In ten days I was able to get up and in two weeks I was clear of all pain, and entirely cured. I owe my present health to Dr. David Kennedy's Favorite Remedy. It is recommended by what I am compelled to write Mrs. A. J. P. Manchester, from Providence, R. I.

"I began using Dr. Kennedy's Favorite Remedy for kidney disease, when doctors failed to relieve me. It drove a hot humor out of my blood, cured my kidney trouble, and I am thankful when I say I have never my life."

Wm. Hutton, the popular West Shore R. R. engineer, came out in an open letter stating how he had suffered with kidney disease. Physicians' treatment, and the use of various preparations failed to benefit him. Dr. David Kennedy's Favorite Remedy, was procured and it cured him.

Favorite Remedy has had more friends, verified in the columns of the daily papers, than anything we know of, from the fact that it does as is promised, "cures disease."

Dr. Kennedy's Favorite Remedy possesses marvelous strength giving qualities, that render it especially valuable in the case of indigestion. For a general ailment around the world, and to cure any disease arising from an impure condition of the blood, it has no equal. Druggists are selling more of it than all others combined.

USED BY ALL ROOFERS

J. G. HETZEL'S
ELASTIC
Rubber Cement!

For Slate, Tile, Tin or Iron Roofs.
Sold in all size packages from 19 pounds up.

Painting up and repairing all cracked joints on roofs, and around chimneys, cooling towers, waterfalls, dormer windows, gutters, wood or stone work, drains and casings, or any place to be made watertight by the use of a strong adhesive. HETZEL'S RUBBER CEMENT, also cements. They will never leak or become loose. It is very adhesive, sticks to anything, forming a tough, leather-like skin over the top, will not run down from joints, or be washed out by water. This cement needs no solvents. It is sold in the best for thirty-two years, and never fails to give perfect satisfaction. It is the most perfect article a roofer can have in his shop. The cement is prepared ready for use, and is in an airtight tin, so that it will not be ruined by exposure to the weather, and will not set if left open. Brown or black. Patent No. 1,100,000. Address: J. G. HETZEL, 20 Maine St., Newark, N. J.

THE BROWN ROAD BILL

Brought up and Killed in the State Senate.

NUMEROUS AMENDMENTS OFFERED.

Senator Ross and Others Argue at Length Against the Passage of the Measure—The Bill Changing Labor Day Passed Finally—Business Being Done Through With a Rush in the House.

HARRISBURG, April 25.—The legislature are getting down to active business and routing matters in both branches through in the liveliest kind of style. In the senate yesterday more actively was noticed than has come to the surface in that chamber in a number of days. Considerable discussion was indulged in on the several important measures brought up for final action and before the session adjourned the following bills were disposed of by final passage:

Changing Labor Day from the first Monday to the first Saturday of September.

House bill empowering councils to increase the maximum license of transient retail merchants.

House bill to empower boroughs and cities to establish a police pension fund.

The bill authorizing the governor to appoint a commission, to consist of nine citizens of this commonwealth, to examine into and make report upon the causes of the pollution of rivers, streams, creeks, fountains and sources of water supply of the chief municipalities of this commonwealth, and making an appropriation therefor, was assented to incidentally all cities, boroughs and townships and then passed second reading.

The Brown road bill was discussed in all its phases. Senator Ross made the principal speech against it, and intimated that the Senate substitute giving the counties control over their own roads through county convention composed of delegates from the township, would be entirely acceptable. There were numerous amendments, among them the following: Striking out the provision that Philadelphia shall have a share of the state apportionment; the poll tax of \$1 upon every male inhabitant over four years and the section making corporations liable for the tax of their alien employees. The third section was cut down so as to read as follows:

"The county supervisors shall remove all obstructions from the public highways except those authorized by law and in any way interfere with the use thereof by the public."

Senator Meredith assailed the ancient custom of working on the road tax. He said the senate and the house were almost united to find people to work on the taxes to exempt the cash payments. Senator Green thought the whole road making question would be solved by the trolley electric railway system. General Gouin created some amusement by referring to his hard work in the Senate Chamber and Brown (Cork) had done in working out their road taxes. He said the bill might have imperfections, but there is undoubtedly a demand for road legislation. Senator Brown (Cork) read letters from different counties against the bill. He argued against the expense of county superintendency and the big appropriation of \$1,000,000.

Final consideration of the bill the senate adjourned.

At the afternoon session of the senate the Brown road bill was finally defeated after a long drawn-out debate by a vote of 17 yeas and 13 nays. This, of course, dispensed with the possibility of any further action on the bill. The senate bill now under consideration in the house, will probably be dropped as it is almost precisely similar to the Brown bill.

The house voted solidly against the bill under the leadership of Senator Ross, although they were doubtless partly impelled to vote against the Brown bill because similar bills had been introduced by Senators Lloyd, Markley and Rooney and had been negatived in committee.

PROCEEDINGS IN THE HOUSE.

The house began business on the ground floor yesterday. There was not a bill introduced, nor a report from a committee, nor did anybody get leave of absence. There was a remarkable disposition to get to work.

Mr. Bliss called up the bill supplementary to the act to establish a quarantine at the port of Philadelphia, and then Mr. Hays asked to substitute for it the bill reported by the Philadelphia authorities which permits the governor to suspend the state quarantine at Tinicum at his discretion and defer to the federal authorities whose quarantine will be located at Reedy Island, at the head of Delaware Bay. There was a great deal of controversy regarding the right of the houses to substitute and some very fine points of order sprung, but the snarl was finally unraveled and the bill passed.

The following bills passed finally:

Senate—Constituting Jefferson county as a separate judicial district, and providing for the election of a president judge thereof.

Senate—An act detaching the county of Lebanon from the Twelfth judicial district and creating the same into a separate judicial district.

Act providing that voters in this commonwealth shall vote by ballot, at polling places inside the election districts in which they are domiciled, and making it the duties of the courts of common pleas and the sheriffs of the several counties to carry out the provisions of the same.

Providing for monthly returns and payments, by county and city officers, of money received by them for the use of the commonwealth.

The senate bill authorizing applicants for liquor license to get business in any part of the county passed finally.

The house then adjourned to go and welcome the Liberty Bell.

At the afternoon session the house amended its resolution of last week providing for an adjournment over Thursday in order to give members an opportunity to visit New York and witness the naval review, by confining it to the house, the senate having already agreed to adjourn from today until Monday night. The house program now provides for a recess from to-night until Monday night, the members to go to New York without any expense to the state.

A number of bills of minor importance were passed finally.

The evening session was of short duration and was devoted exclusively to the consideration of local and special bills on third reading and final passage.

The Schommer Shaw safe.

Detroit, Mich., April 26.—A brief dispatch from Alpena, Mich., states that the schooner Shaw, reported lost Monday with all on board, is safe.
