RAILROAD RUMORS.

Reading's Summer Schedule and Change

of Route-Rumored Changes. Assistant Trainmasters J. L. Bingame and Harry A. Winn, of Reading, have co menced work on the summer schedules o the Reading company. A number of change are likely to be made in the running o trains. All express trains will be run via Bridgeport and the Germantown and Norris town branch. The main line tracks south of Bridgeport will be utilized for coal and freight traffic, and it is stated that only a few amodation trains will be run over that portion of the road. The new schedule will take effect about May 14.

It is reported that General Manager I. A Sweigard, General Superintendent C. M. Lawler and other Reading officials will tender their resignations to take effect May 1.

tendered the general managership of the Reading company to J. H. Olhausen, general superintendent of the Jersey Central. Mr Olhausen is an old Reading man and served a short time as superintendent of the main ne after the retirement of George Eltz.

The B. & O. railroad company is urging Reading to put on through trains between New York and Chicago, via Allentown Reading, Harrisburg and Gettysburg. This was the understanding previous to the appointment of the receivers, and the plan may

be carried out by the new management. The Reading Railroad company has c cluded negotiations with the Grand Trunk and Nickel Plate lines for the running of 64 years. Funeral will take place on Satur- four through trains each way daily between Phila., New York and Chicago, the arrange ment to go into effect May 14. On the date onnections will be made to and from the terminal with all the New York Blue Line trains except the five hour flyers. The route will be from N. Y. to Niagara Falls, and fine deeping cars will be run.

"O'Dowd's Neighbors,"

"O'Dowd's Neighbors" is in its third sea son now. There is good reason for its popularity, for the piece is distinctly above the ordinary run of farce comedies "O'Dowd's Neighbors" is described as an 'Irish Operatic Comedy." This just about fits. The introduction of much operation music makes a pleasantly artistic performance, and these operatic bits seem to pleas just as well as the topical song, of which there are plenty. Indeed, everything O'Dowd and his daughters did at yesterday's performances seemed to suit the audiences. New York World. "O'Dowd's Neighbors' will appear at Ferguson's theatre this even

Grand Display of

FINE DRESS GOODS

RESS GOODS is such a bewildering topic that we will not attempt a full description, but give a partial outline, which you can fill in by a personal inspection. There are the plain and changable diagonals; plain, plaid, striped and invisible plaid serges; fancy mix-tures in all sorts of odd weaves, dots, threads, cross-threads, hair-lines, lines here and there, many at a glance appearing alike, but upon examination are found entirely different. Our assortment of silks is complete-china silks, china surah, plain surah, bengaline, plain, figured and changeable silks, in all the new shot effects. Full line of fancy braids to match any color of dress goods.

We find the most stylish andIn Wraps we find the most stylish and the prevailing mode to be the Cape, in some of its variations, single, double or triple capes. Some are plain, others very highly decorated, with fancy indescent braid, butterfly colors, or some full arrangement at the neck, so much approved this season by the feminine fancy. To some, coats only are the correct garment. To those we would say coats are equally fashionable and stylish, many of these having capes also attached-sometimes one, two or three, as the taste or inclination of the wearer may desire.

We have this season, for the first time, added a Millinery Department, and have spared neither trouble nor expense to make it a success. The result exceeds our most sanguine expectations. This department will be under the same management and conducted on the same principles that have always characterized our entire business. We shall keep everything in trimmed and untrimmed hats, novelties of every description. Having secured a trimmer noted for her artistic and skillful work, we are enabled to suit all tastes. We invite a careful inspection of our entire store. All welcome.
