ANNIVERSARY SERVICES.

TWO WERE HELD IN TOWN LAST EVENING.

REFORMED CHURCH CENTENNIAL.

Sacred Music by the Schoppe Orchestra—Rev. Havice Preaches a Sermon on Washington's Inauguration.

HERE was an exceedingly large attendance at the Trinity Reformed church last evening.

Long before the hour fixed for the commencement of the services every seat in the body and gallery of the church was filled and over a hundred people were unable to gain admission.

The services were of a special character in commemoration of the centennial anniversary of the Reformed church in the United States. The pulpit and space within the chancel of the church were filled with beautiful plants and flowers and presented a magnificent appearance.

Rev. O'Boyle prefaced the delivery of his sermon with a brief recital of the Reformed church's history in the United States. The first church in this country was established on Nassau street, New York city, in 1614; and the first Synod was held at Lancaster, Pa., on April 30, 1763. The church now has 300,000 communicants and 1,500 ministers.

The sermon was on "The Prodigal Son," and was delivered in Rev. O'Boyle's usual effective spirit. A feature of the evening's services was the sacred music rendered by the Schoppe orchestra of fourteen pieces. The programme was as follows:

Opening overture "Creation".....H. Millard
"Come ye Disciples".....S. Webb
"Book of Ages".....Fr. Thomas Hastings
Overture, "Consecration".....Kaiser Biela
"Jesus Lover of my soul".....S. B. Marsh
"Stand up for Jesus".....W. Wells
In taking occasion to publicly thank the orchestra for its excellent rendition of the music Rev. O'Boyle said that it was his intention to resort to every legitimate means to bring the people into the house of God and when necessary to arrange for such attractions as may be held out with propriety. The services of the orchestra were voluntary and the congregation is deeply grateful for them. A special collection was taken up for the benefit of the new theological seminary to be erected at Lancaster and there was a liberal response.

The church will undoubtedly be crowded next Sunday evening, as Rev. O'Boyle announced before closing the services last night that on that occasion he will preach on "A 'V' Men Don't go to Church."

The Hinks Case. It is quite likely that the case of Susan Hinks, of town, who is charged with killing her illegitimate child by throwing it into an outhouse, will be presented to the Grand Jury to-morrow. M. M. Burke, Esq., has been retained to assist the Commonwealth in prosecuting the case. Last week Sol Foster and W. J. Whitehouse, Esqs., counsel for Miss Hinks, had measurements and investigations made in and about the house on West Lloyd street, where the crime is alleged to have been committed. District Attorney Ryan and Mr. Burke, in company with Chief of Police O'Hara, also made measurements and an investigation of the premises. It is said the trial will be a lengthy one.

Another Anniversary Sermon. Last evening the 104th anniversary of Washington's inauguration as President of the United States was commemorated in the English Lutheran church. There was large attendance to hear a special sermon on the event delivered to the members of Washington Camp, No. 183, P. O. S. of A., by the pastor, Rev. M. H. Havice. The sermon was an excellent one and was patriotic to a high degree.

Postponement. The benefit for Edward Mason which was to have taken place at Benj. Richard's house this evening has been postponed to Monday evening, May 15th.

THE WORLD'S FAIR.

The people who decide to go to the Columbian Exposition by the water route will have ample time to visit Niagara Falls, the grandest specimen of nature's handiwork on the American continent. Two of the winners in the HERALD's teachers' contest will go there. At all seasons, and under all circumstances, under the varying effects of sunlight, moonlight or electric illumination, the effect is always sublime. The whirling floods, the ceaseless monotone of the thunderous roar, the vast clouds of spray and mist that catch in their depths the dancing sunbeams and transform them into hues of a thousand rainbows, are sufficient to wring from the most phlegmatic spectator a tribute of homage to the mighty "Thunderer of the Waters." The waters of the five Great Lakes, with their tributaries, draining an area of 150,000 square miles, flow through Niagara river in their course to the sea. In its short length of thirty-six miles the river has a fall of 239 feet. From Lake Erie to the Falls, a distance of twenty-two miles, the fall is fifteen feet. At the verge of the cataract, Goat Island parts the channel into two courses, the larger of which, with an average width of 2,000 feet, plunges down 165 feet, and is known as Horseshoe Falls; while the other, known as the American Falls, is 800 feet wide, with a plunge of 159 feet. It is estimated that 100,000,000 tons of water pass over the Falls every hour.

USE DANA'S SARSAPARILLA, ITS "THE KIND THAT CURES." IN HARD LUCK.

Two Per Cent. Below the Basis—A Drop of 5 Per Cent. It is the old story of striking a man when he is down. No sooner was it announced that there was to be a suspension of a large number of the P. & R. C. & I. Co.'s collieries when comes the news of a big drop in the wages.

The following collieries drawn to return prices of coal sold in April, 1893, to determine the rate of wages to be paid, make the following returns:

Furnace Coal Co. (Furnace Coal Co.).....	\$2 49-01
Wm. Penn Colliery, (Wm. Penn Coal Co.).....	2 27
Echey Run colly., (Thomas Coal Co.).....	2 47-97
Eagle Hill colliery, (P. & R. C. & I. Co.).....	2 30-42
Locust Gap colly., (P. & R. C. & I. Co.).....	2 47-33
Average.....	\$12 11-23
	2 43-33

The average of these returns being \$2 42-33, the rate of wages to be paid for the last two weeks of April and the first two weeks of May, 1893, is two (2) per cent. below the \$2.50 basis.

USE DANA'S SARSAPARILLA, ITS "THE KIND THAT CURES." Don't Get the Blues on Monday Because it won't do you any good. Because its only five days more until Sunday.

Because the blues are of no use any way you take 'em. Because there are some things that had better be put off until to-morrow. Because Monday isn't, can't and shouldn't be any bluer than any other day.

Because if you spent Sunday properly, there should be no occasion for blues. Because this is a pretty good world of its kind, and the kind is the best in the market. Because you are still on this side of the Valley of the Shadow, and one live man is worth a thousand dead.

Because the birds, the bees, the flowers, the trees and all nature are a laughing. "Laugh and the world laughs with you; weep, and you weep alone." Because no matter how poor, how ill, how troubled, how distracted, how discontented, how unfortunate you may be, you might be worse off, as many others are.

Is it true? Certainly is it that every body who has used Dr. Cox's Wild Cherry and Seneca has the highest opinion of it. Price 25 and 50 cents.

NEWS ABOUT THE MINES.

ONE BRIGHT STREAK IN THE DARK CLOUD.

THE LATEST ORDER ISSUED

A Force of Twenty Extra Carpenters Were Put to Work at Indian Ridge Colliery—A Miner Wins His Suit.

HERE is one bright spot in the present dark blue picture of the mining prospects of this section, and that is an assurance on the part of some reliable parties that within the next two weeks the silver lining of the cloud will make its appearance.

A prominent mining official stated to-day that the shutting down of the Shenandoah City and West Shenandoah collieries has been actuated by necessity of repairs and that both places will be in operation again within a short time.

The same official expressed a belief on Saturday evening that Indian Ridge colliery, which employs upwards of 850 hands, would be in operation by the 15th of this month. This belief was strengthened by the addition this morning of twenty carpenters to the force of forty already employed at the breakers, in conjunction with orders that the place be ready to turn out coal within two weeks.

THE G. A. R. FAIR.

It Will Close To-morrow Night—Some of the Attractions. The attendance at the G. A. R. fair in Robbins' opera house Saturday night was very large. The receipts ran up to a good figure and there was lots of enjoyment.

Every evening since the opening of the fair many wistful glances have been cast upon the large and elaborately decorated cake presented by Wilson V. Otto. Saturday the object of admiration was awarded to Neil Dress, of Co. K, 48th Pennsylvania Volunteers, who was warmly congratulated by the many ex-members of the same company during the evening. In their enthusiasm the "vets" shouted "Hurrah for Co. K!" frequently during the evening and the winner seemed very happy.

Miss Clara Sheeler held ticket No. 4902 and was awarded the handsome eight-day clock. To-night there will be many new attractions at the fair, and the committee will commence selling the surplus articles. A handsome rocking chair will be the door prize.

To-morrow night, the last, the Grand Band will furnish the music for the cake walk and give a concert. A large cake valued at \$8 will be awarded to the couple winning in the walk. Notwithstanding the extraordinary attractions the price of admission will remain as usual—five cents.

One of the most attractive exhibits at the fair is a quilt made by Mrs. W. J. Seltzer, of Wm. Penn, and Miss Emma Frederici, of Plymouth. It is a nine-block quilt, and although of elaborate design and made in the most skillful manner, it was completed in two days. It was christened "The Grand Army Quilt" and has attracted much attention. It was presented to Watkin Waters Post, No. 144, of town, by the makers. Each patron of the fair paying ten cents has the privilege of having his or her name placed on a block, and thus far 250 names are on the quilt, netting \$25.00. This sum also goes to the widows' and orphans' fund. After all the blocks are filled the quilt will be chanced off. Mrs. Seltzer writes the names on the blocks with indelible ink. Through the generous services and liberality of Mrs. Seltzer, Miss Frederici and ex-Past Post Commander Joel D. Ladden it is expected the widows' and orphans' fund will reap about \$50 from the quilt.

Business Change. Christ and Martin Grubler, sons of Rev. John Grubler, have purchased the interest of Dr. James Stein in the drug store at the corner of Main and Centre streets, and took charge of the place to-day. The Messrs. Grubler are graduates of the Philadelphia College of Pharmacy. Both have had wide experience in practical pharmacy and have a reputation of being strict attendants to business, which will serve to launch them successfully in their joint undertaking. We wish the young men success.

Another Miner Sued. The Semon Coal Company was defendant in a civil suit before Squire Monaghan on Saturday evening brought by John Daley to recover wages due for work done in the Furnace colliery, which is operated by the company. It appears that the company kept Daley's wages under power of attorney given by Daley's father to pay a store bill. The company claimed the son was under age, but it was shown he was 24 years of age, and judgment was given to the amount of \$54.54. M. M. Burke, Esq., represented the plaintiff.

"Held in Slavery." It is an established fact and one to be regretted that even among the reputable managers, the advertisements used to herald the attractions they represent in many cases contain glaring announcements and pictorial lithographs of sensational efforts which are never produced on the stage. A nautical melodrama entitled "Held in Slavery" is an exceptional case. It is positively stated by critics and theatre-goers who have seen the play that all of the elaborate scenery and dramatic incidents shown on the advance printing and contained in the newspaper notices are presented on the stage exactly as advertised. The company is worthy patronage, and under the circumstances "Held in Slavery" will be well received in Girardville on its return date to-morrow (Tuesday) evening.
