FROM AROUND THE STATE

Happenings of Importance from All Sections.

GATHERED FROM HERE AND THERE.

Cumberland Democrats Elect Delegates to the State Convention—Judge Simonton Decides a Peculiar Case at Harrisburg—Arbitrators Award Little Bessie Grace \$1,000 Damages.

HARRISBURG, May 1.—Judge Simonton has decided a peculiar case here. Annie Enders instituted a suit against William Enders' executors for the recovery of \$20,000, and a jury several months ago allowed her the claim.

The plaintiff set forth that William Enders, the deceased, promised to pay her in consideration of her relinquishing to him the nature and custody of her son, William Enders, when he was 3 years old, the grandson of William Enders.

She further alleged that she was married to Emanuel Enders, the son of defendant's testator, and that in 1873 she and her husband, having had born to them a son, had separated and she, with the boy, was living with her father when the grandfather met her and the contract was made. She was to receive \$20,000 when the boy became of age.

Judge Simonton has set aside the verdict and decided that such a contract is against public policy, for the reason that the relation of parent and child creates an obligation which cannot be bartered away for the pecuniary advantage of the parent.

Democrats Elect Candidates.

CARLETON, May 1.—There was a large and harmonious meeting of the democratic standing committee in the court house here. The following delegates to the state convention were elected: Edward Manning, of Newville; R. M. Stuart, South Middleton; Jesse Hetrick, New Kingston; W. H. Dougherty, Mechanicsburg; H. B. Confort, Carlisle; J. L. Barner, Shippenburg. They are instructed to vote as a unit. The appointment of County Chairman R. E. Shearer as collector of the Ninth district was unanimously recommended. Resolutions were adopted praising the work of President Cleveland, Governor Pattison, William F. Harritt and Congressman Bellischover.

Goos Abroad to Study.

PHILADELPHIA, May 1.—Dr. Judson Daland, clinical instructor in medicine at the University of Pennsylvania, sailed Saturday for France. Dr. Daland will spend six months on the continent in the most searching investigation of blood diseases and cholera. He holds an official letter from the university which will obtain for him free admission to all the French schools and hospitals.

A Reduction on Gas?

CHESTER, May 1.—Chester is to have a very material reduction on gas. The Delaware County Company, which supplies the city, have posted notices that a reduction would be made commencing July 1. The reduction is from \$1.80 per 1,000 to \$1.50, with a sliding scale of \$1.40 and \$1.30 to large consumers. Fuel gas will be furnished at \$1 per 1,000.

Fatal Explosion in a Mine.

WILLIAMSTOWN, May 1.—Through an explosion in the mines here, Frank Rickert, a miner, was instantly killed. Two other employees were badly scalded and are in a critical condition. Coroner Hoy was notified and left for that place to hold an inquest on the body of Mr. Rickert.

The Lancaster Colliery Sold.

SHAMOKIN, May 2.—The Lancaster colliery, operated by Smith & Keiser, of this place, has been purchased by Detroit and Buffalo capitalists, who will enlarge the plant to twice its capacity, five hundred names going on the payroll.

Bessie Grace Gets \$1,000 Damages.

CHESTER, May 1.—Bessie Grace, a 3-year-old child, had her arm cut off and a leg injured by a shifter on the Philadelphia, Wilmington and Baltimore railroad two years ago. Saturday arbitrators awarded her \$1,000 damages.

In Paint

the best is the cheapest. Strictly Pure White Lead

White Lead is best; properly applied it will not scale, chip, chalk, or rub off; it firmly adheres to the wood and forms a permanent base for repainting. Paints which peel or scale have to be removed by scraping or burning before satisfactory repainting can be done. When buying it is important to obtain

Strictly Pure White Lead

properly made. Time has proven that white lead made by the "Old Dutch" process of slow corrosion possesses qualities that cannot be obtained by any other method of manufacture. This process consumes four to six months time, and produces the brand that has given White Lead its character as the standard paint.

John T. Lewis & Bros.

is the standard brand of strictly pure lead made by the "Old Dutch" process. You get the best in buying it. You can produce any desired color by tinting this brand of white lead with National Lead Co.'s Pure White Lead Tinting Colors.

Horses and Carriages to Hire. Hauling of all kinds promptly attended to. Horses taken to board at rates that are liberal.

CHILDHOOD AND OLD AGE.

The Tender Grandchild and a Well-to-do Old Gentleman of 72, Acknowledge Obligations.

The preparation that can be taken with safety and benefit by the tender infant, and that nourishes, strengthens, and cures the aged and infirm, is one that can truly be called scientific. Such a preparation was discovered by Dr. David Kennedy and named Favorite Remedy. It is prescribed and recommended the world over, by the medical profession, as the best medicine produced for the cure of all diseases arising from an impure condition of the blood.

This beautiful child whose picture is shown here, is the grandchild of Mr. J. E. Palmer, a native of New York, who has been cured of gravel in the kidneys and insomnia, (sleeplessness) finishes his letter by saying: "But this is not all Dr. Kennedy's Favorite Remedy has done for our family. My little grand daughter had eczema the worst way; she was a mass of running sores from her ears round her face to her cheeks. My wife gave her Favorite Remedy in small doses, and what was the result? To-day she is as fat and plump as a baby, her skin is smooth and clear, and she is fat and plump as a baby as bright as a silver dollar."

Mr. Solomon Davis of North Kortright, N. Y., finds himself at 72 years, suffering from neuralgia, felt tired all the time, weak, languid, poor appetite, and no ambition. Thought at his age nothing could do him any good, but like hundreds of other people in his condition tried Dr. Kennedy's Favorite Remedy and began to get better at once, and now feels as hale and hearty as he ever did.

It is particularly pleasing when sickness is as common as now, to know that there is a remedy that cures disease, builds up the weak and debilitated, strengthens the nerves, and restores health and strength, men and women who have been confined to their homes for months on beds of sickness.

A SPLENDID Business Opportunity

DRUG STORE FOR SALE

Is now doing good business, and established two years. Will be sold absolutely or on half interest, or leased to a good party. To a person acquainted with the German and Polish languages this is a first-class opportunity. For further particulars address,

A WHOLE TOWN IN RUINS

Further Particulars About the Texas Cyclone.

FULLY THIRTY PERSONS KILLED.

Every House But One in a City of 5,000 Inhabitants Swept from the Face of the Earth—Not Less Than 250 Homes Destroyed—The Wreckage Takes Fire and Many People are Cremated.

DALLAS, TEX., May 1.—Further details of the disastrous cyclone which wiped out the town of Cisco, have been received. Out of 400 residences in the town only one is uninjured, that of city marshal Epplen. A freight train waiting for orders was hurled completely off the track and totally wrecked. The engine weighing over twenty tons, was turned completely over. The brakeman was instantly killed and the conductor died yesterday afternoon from his injuries. The conservative estimates place the total property loss at \$2,000,000.

Immediately after the cyclone had passed flames were seen issuing from several of the frame buildings. It is thought some of the missing, of which there are a score, were burned to death and their bodies cremated. Several of the streets of the city are so full of debris as to prevent the passage of even foot passengers. For miles around the city the ground is covered with wrecks of brick or frame buildings, household furniture and utensils, fences, telegraph poles, freight cars, etc.

Physicians estimate that of the 200 or more injured forty, at least, will die. All the physicians from a dozen nearby towns are here and more are needed. The stock of groceries available in the town did not suffice to give even a scanty breakfast to the suffering people. Trains from Weatherford and other adjoining places, laden with supplies, arrived during the day.

Many homeless and wounded ones are resting in impoverished tents, but by far the greater portion are out in the open air with nothing to shelter them from the cutting wind that has followed the storm. Individual estimates of losses are now impossible except to say that in nearly every instance it is total, many not even saving enough clothing to protect themselves from the inclement weather.

The number killed is placed at between twenty and thirty.

MR. HAZLETON'S RESIGNATION

As Attorney for the District of Columbia Has Been Accepted.

WASHINGTON, May 1.—The attorney for the district, George C. Hazleton, has resigned, and the commissioners have accepted his resignation, to take effect May 30. In his letter of resignation Mr. Hazleton says:

"A change in the political power of the nation since my appointment as attorney for the District of Columbia under the administration of President Harrison renders it fitting and proper that I should tender to the honorable commissioners of the district government my resignation of that office in order that they may exercise freely and without embarrassment the appointing power in disposing of the political demands of those who aspire to the place."

"I therefore tender my resignation as attorney of the District of Columbia, to take effect May 30, 1893, and respectfully request leave of absence with pay from May 1 to the 30th, both inclusive, as it will be necessary to employ considerable time in that month in the preparation of a final report of the affairs of the office, and in closing up the same preparatory to the assumption of the duties of the office by my successor."

It was first understood that the resignation would be accepted to take effect the first of May, but the intervention of several prominent democrats, among them Senator Mitchell, had the desired effect, and the one month leave with pay was granted.

Mr. Hazleton's successor will be his first assistant, Mr. S. T. Thomas, and Mr. Andrew B. Duvall will fill the vacancy caused by Mr. Thomas' promotion.

Herbert Will Make a Change.

WASHINGTON, May 1.—A question of great importance to the Navy has been brought to the attention of Secretary Herbert and will undoubtedly receive prompt and careful consideration at his hands immediately after his return from Chicago.

It relates to the granting of leaves of absence to officers to enable them to go into private business. From a small beginning this practice has grown to alarming proportions, so much so that it threatens to seriously affect the service.

The evils that have arisen therefrom have begun to attract public attention, and it is asserted that some remedial action will soon be taken to protect the interests of the government. Naval officers who have no aspirations in this direction do not hesitate to say that the practice is detrimental to the service. Many of them go so far as to characterize it as an outrage. They argue that men who are educated by the government for the purpose of devoting their best efforts to its welfare should be compelled to do so as long as they are in its employ, instead of being permitted to enter the service of private corporations doing business with the government.

A number of instances are cited where officers who had been represented the government in the preparation of contracts for steel plates and ship construction have afterward entered the service of the contractors in the execution of the very same contracts, at the same time being retained on the government pay roll. It is the old question of serving two masters, and, in the instances mentioned, it was clearly to the financial interest of the officers to favor the contractors.

Gustavus Jones Dead.

WASHINGTON, May 1.—Gustavus Jones, who filled the position of "error clerk" in the office of the Western Union Telegraph Company in this city, is dead at his home on Olive avenue, West Washington. Mr. Jones has been connected with the telegraph business in Washington since the early days of the war, having entered the service of the American Telegraph Company when a boy, and served continuously ever since. He was a perfect encyclopedia of information, having all the details of the office management at his command, rarely mistaken in names, dates, etc. Mr. Jones was continually at work some two weeks ago and has grown steadily worse until death came. The cause of his death was Bright's disease. He leaves a widow and four daughters and a great number of friends, for he had no enemies.

A Will Not Made.

Newark, N. Y., May 1.—Harrison & Gault's mill near Lewis was burned yesterday. Loss, \$100,000; insurance, \$30,000.

DR. MILES' NEW HEART CURE.

HEART DISEASE!

Statistics show that one in four has a weak or diseased heart. The first symptoms are short breath, oppression, fluttering, faint and hungry spells, pain in side, then smothering, swollen ankles, dizziness (and death), for which DR. MILES' NEW HEART CURE is a marvelous remedy. It has been tried with heart disease for years, my first pulse was very weak, could at times scarcely feel it, the smallest exertion would always produce my nerves and heart and a few impending death started me in the face for hours. DR. MILES' NEW HEART CURE is the only medicine that has proved any benefit and cured me.—L. M. Dyer, Cleveland, Ohio. Dr. Miles' Liver Pills are a sure remedy for Biliousness and Feculent Liver. 50 Cents per bottle. Free book on Heart Disease, with wonderful cures free at druggists, or address DR.
