Webster C. Michael Arrested at Reading on a Charge of Kidnaping—Judge Gordon Sentences a Batch of Criminals at Philadelphia—A Strike Threatened in a Potsville Silk Mill.

READING, May 5.—As a sequel of the return to Reading of Webster C. Michael, with his 15-year-old child bride, he has been arrested on the charges of kidnaping and carrying concealed deadly weapons.

The warrants were issued by Alderman Hall, on oath of Nams Maurer, with whose adopted daughter, Emma, Michael eloped last February. Michael and Miss Maurer, who had been a pupil in the Twelfth street grammar school, were married in Newark, N. J., on the day of their elopement, and from there they went to Brooklyn, where they have resided ever since. Immediately after the elopement Mr. Maurer threatened dire vengeance on Michael and the girl.

To return Mrs. Michael charged that her adopted father had frequently ill-treated her, and that it was as much owing to his conduct as to her affection for Michael that she eloped. Last Sunday Mr. and Mrs. Michael came to Reading on a visit and became the guests of Howard Eisenstein, who is married to Michael's sister. After their arrival Mrs. Michael sent a note to Mrs. Maurer, her adopted mother, requesting an interview. Mr. Maurer responded to the note in person and the result was an altercation between himself and Michael, which has resulted in these prosecutions. Additional warrants were sworn out yesterday.

THAT RUSSIAN TREATY.

It Has Not Yet Arrived at the National Capital. CAUSE OF ITS DELAY EXPLAINED.

President Cleveland Detained from Making the Provisions of the Treaty Public by Its Non-Arrival—What is Said of the Affairs in Hawaii—Fourth-Class Postmasters Appointed.

WASHINGTON, May 5.—No light from a source connected with the Hawaiian Islands can be thrown from here upon the news received from Honolulu Wednesday and made public yesterday. Mr. Carter, the last remaining member of the annexation commission, which reached Washington February 3, left the city last week to return home. Mr. Thurston, the head of the commission, is still in Chicago, but has been for a month past at Chicago in the discharge of his duties as commissioner to the World's Fair from Hawaii. Dr. Mox Smith, whom the dispatches say Mr. Thurston is to succeed as diplomatic representative of the provisional government to the United States, has not been in Washington for several weeks.

Whatever communications have been received at the state department from special Commissioner Blount are kept a profound secret, so that whatever news he may have to impart will probably be held by the time the communications are made public by request of congress or otherwise.

The Fourth Class Postmasters. WASHINGTON, May 5.—A statement prepared from the records of the post office department shows that during the first two months of the present administration the total number of fourth class postmasters appointed was 2,894, as against 5,104 made during the first two months of Mr. Harrison's administration. The number of appointments made during the last two months to fill vacancies caused by resignations and deaths was 2,953, as against 1,998 made during the corresponding period of the last administration.

The number of renewals made during the last two months is shown to have been only 1,300, while the number of renewals made during the first two months of the Harrison administration reached 3,490.

The census of appointments four years ago was therefore 1,210 and the excess of renewals 2,287, while the number of appointments made or resignations and deaths was 1,077 more than four years ago.

In view of the many misstatements concerning the number and cause of changes being made in fourth-class postoffices the foregoing figures are regarded as interesting.

The Treaty Has Arrived. WASHINGTON, May 5.—It is learned here that the day in the issue of the president's proclamation in regard to the extradition treaty with Russia is due to the non-arrival of the treaty prepared by the Russian government in accordance with the terms of agreement, and handed to our minister at St. Petersburg on the occasion of the exchange of ratifications at the Russian capital on the 15th ult. That ceremony established the fact that the treaty ratified by each government and then exchanged were exact duplicates so far as the text is concerned, even to the minutest detail of punctuation.

The Russian copy is now on its way to Washington, and the president's proclamation will be based upon it.

In a State of Siege. WASHINGTON, May 5.—Secretary Graham has received a letter from the United States consul general at Havana, dated April 30, forwarding a copy of the proclamation issued April 30, by the governor general of Cuba, declaring the province of Santiago de Cuba, in a state of siege.

The reason given for the declaration is that some bands of men have taken arms against the government in the hamlets of Pinaro and Yelasco, near the north coast of that province for the immediate suppression of which active military means are now being taken by the government.

Pennsylvania's Get Office. WASHINGTON, May 5.—The total number of fourth-class postmasters appointed yesterday was 108, of whom 95 were to fill vacancies caused by resignations and death.

Among the appointments are the following in Pennsylvania: H. H. Kerr, Eau Claire; A. M. Burchard, Florence; Patrick Shields, Great Belt; Daniel Foster, Elmerville.
