MAHANOE PLANE.

The coming delegate election promises to be the most hotly contested for years.

It is not about time to make preparations for Fourth of July celebration. Mahanoe Plane has done excellent in the past and we would be sorry to see her fall behind this year.

It becomes our sad duty to record the death of one of our oldest and most respected citizens, Peter Miller, at his home on Water street, after a protracted illness, of miners' asthma, in his 53rd year. Mr. Miller has resided in our midst for the past twenty-one years, and followed the occupation of miner at the different collieries in this vicinity until a few years ago, when the insidious disease to which miners are so prone, especially those of former years whom mine ventilation was not as rigidly enforced as at present, fastened itself upon him so firmly as to incapacitate him from further labor and finally terminated in his death on Saturday morning last. He buried his wife about three years ago, a fact that added greatly to the sorrow of his declining years. A large family of grown up children are left behind to sincerely mourn his demise, as follows: John, Frank, Henry, Mrs. Michael Wayne, Joseph and Frederick, married; and Margaret, Peter and William, single. He was a kind and affectionate father and an exemplary citizen. Regretted by a large circle of relatives and friends, his loss to this community will be deeply deplored.

It was with a profound feeling of sorrow and regret that the announcement was received on Tuesday evening that Miss Mamie Howe, daughter of Jeremiah Howe, on Water street, had departed this life at the home of her parents, of congestion of the brain, in her 22nd year. Miss Howe had been seriously ill for some weeks prior to her death, but no fatal results were apprehended. About a week ago her condition assumed a most alarming phase and the best medical skill obtainable was called to her bedside and the most devoted care bestowed upon her by a fond mother, proved unavailing in deterring the grim reaper from claiming his own. The deceased was a charming young lady and had a wide circle of acquaintances. The sympathy of the community goes out to the parents in their bereavement. The funeral took place on Thursday morning and was largely attended. Requiem High Mass was said over the remains by Rev. James Magin, after which it proceeded to Frackville where interment was made.

The commission of the postmaster of this town will expire in September next. Applicants can afford to take a rest as it is scarcely probable that an appointment will be made before that time.

W. R. Middleton has been appointed ticket agent at Mahanoe Plane office, to succeed James O'Brien, promoted to the agency at Kaighn's Point, N. J.

FRACKVILLE.

The clerks and others of the shipper's office were made happy on Tuesday by receiving their back pay. They have been changed from the railroad to the C. & I. Co. pay rolls and this threw their two pays within a week.

Miss Corn Mowrey is about again after a spell of sickness.

The Ashland water works are still drilling at their dam. They have gone down about 500 feet and have water but are in hopes of striking a flowing spring. It is worth a visit to the dam to see them drill. They have an engine and boiler house, also a high derrick erected and everything works with the precision of clock work.

Judging by the way the fish are being caught at Mud Run there can't be many more in the dam.

The plane is only working about ten hours daily now owing to the closing down of some of the collieries. Foreman Richard Morgan assumed charge last Monday morning.

On Wednesday evening a very pretty home wedding took place at the residence of Mr. Edwards on Balliet street. Their daughter, Miss Delle, being married to Richard Mall, Rev. William Schuler officiated. The bride was arrayed in handsome white satin with the customary orange blossoms. Miss Carrie Adams, of Reading, acting as bridesmaid. The groom was attired in conventional black. Webster Kehler, of town, being his best man.

Mr. Dovey, of Nice street, has sold his property in town to William Oakes and will move to Latrobe the latter part of this month. Mr. Oakes intends occupying the Nice street property as soon as Mr. Dovey leaves.

John Ekersley, after a ten years experience at farming in the Mahantongo valley, returned to Frackville last week. He has accepted the position of watchman for the Pottsville Water Company and will take up his residence at Wylan's tavern.

The Pennsylvania Railroad Company will build a long siding north of Frackville Junction to be used in making up their coal trains which will be hauled over the new branch from the William Penn colliery. They have about completed the branch to the breaker from their Shenandoah branch and will have every thing ready to ship coal by the first of June. It is rumored that the P. & R. mountain crews will haul the coal from the new siding to Morris Junction. This, with the contemplated extension of the new branch to Mt. Carmel, will bring a large addition to the trade via Frackville and probably lead to the erection of a Pennsylvania round house here.

William Green, of Frackville, hereby challenges Michael McCann, of Mahanoe Plane, to play a game of hand ball for \$25 a side. Arrangements to be made for the match at the St. Elmo hotel next Saturday evening, May 13th.

In Henry & Johnson's Arnica and Oil Liniment is combined the curative properties of the different oils, with the healing qualities of Arnica. Good for man and animal. Every bottle guaranteed. 1m

Abrahams as Cranky as Ever.

No. 4 NORTH MAIN STREET,

Grand Display of FINE DRESS GOODS

DRESS GOODS is such a bewildering topic that we will not attempt a full description, but give a partial outline, which you can fill in by a personal inspection. There are the plain and changeable diagonals; plain, plaid, striped and invisible plaid serges; fancy mixtures in all sorts of odd weaves, dots, threads, cross-threads, hair-lines, lines here and there, many at a glance appearing alike, but upon examination are found entirely different. Our assortment of silks is complete—china silks, china surah, plain surah, bengaline, plain, figured and changeable silks, in all the new shot effects. Full line of fancy braids to match any color of dress goods.

....In Wraps

We find the most stylish and the prevailing mode to be the Cape, in some of its variations, single, double or triple capes. Some are plain, others very highly decorated, with fancy lustrous braid, butterfly colors, or some full arrangement at the neck, so much approved this season by the feminine fancy. To some, coats only are the correct garment. To those who would say coats are equally fashionable and stylish, many of these having capes also attached—sometimes one, two or three, as the taste or inclination of the wearer may desire.

We have this season, for the first time, added a Millinery Department, and have spared neither trouble nor expense to make it a success. The result exceeds our most sanguine expectations. This department will be under the same management and conducted on the same principles that have always characterized our entire business. We shall keep everything in trimmed and untrimmed hats, novelties of every description. Having secured a trimmer noted for her artistic and skillful work, we are enabled to suit all tastes. We invite a careful inspection of our entire store. All welcome.
