#### ANOTHER MEETING OF THE SCHOOL BOARD.

#### THE NEW BUILDING PLANS.

Bids to be Advertised for and the Work to be Pushed as Rapidly as Possible for Completion in September.

HERE was another adjourned meeting of the School Board last night at which Messrs. Conry, Hanna, O'Hearn, Beddall, Ogden, Lynch, Trezise, Davenport, Burke, Brennan, Gable, Muldoon, Gallagher and Bachman were present. Superintendent Freeman was also there. The meeting was called for action on the plans and specifications for the new Centre street building and also for general business.

The architect stated that he had altered the plans to conform to those of the heating and ventilation system which had been decided upon for the building. The plans were adopted by the board.

The board will now advertise for bids for the construction of the new building and the work will be pushed immediately after the other schools adjourn for the summer vacation. It is intended to have the building ready for occupancy by the first of September.

An application by Miss Kate L. Burns for a recommendation to the permanent certificate committee was granted.

The board has again changed its mind about the programme for the commencement exercises. At the last regular meeting it was decided that, in order to give the public the full benefit of the school work for the past year afternoon and evening exercises would be held. Last evening the matter was again brought up and it was decided to rescind the previous motion and have exercises only in the evening.

Mrs. J. S. Williams went to Mahanoy City this morning.

P. J. Devers was in attendance at the county court yesterday.

Miss Maggie Thomas, of New York City, is visiting her parents at Turkey Run.

J. W. Lloyd went to Shamokin to-day to cater for the Sanger Williams wedding.

William E. Brown, accompanied by his mother-in-law, Mrs. Elizabeth Bartsch, went to New York city this morning.

C. Z. Robbins, who has been attending the medical department of the University of Pennsylvania, is at home for the vacation.

William Jefferson, of South Jardin street, has sought attendance at the Miners' Hospital, the injury to his hand having developed more seriously than was expected.

B. R. Severn, the grocer, to-day received a letter informing him that his mother is seriously ill with pneumonia at her home in Chicago. Mrs. Severn is over 70 years of age.

Dr. and Mrs. Straup, Mr. and Mrs. A. T. Jones, Mrs. F. J. Portz, Miss Lizzie Evans, Warren J. Portz and William P. Delaney were among the town people who spent last evening at Girardville.

John M. Hughes, of Wm. Penn, entertained a large number of his friends last evening at his residence in celebration of the 52nd anniversary of his birth. Several people of town were among the guests.

Miss Maggie Jacoby had a birthday party last evening at the residence of her aunt, Mrs. J. M. Robbins, and delightfully entertained about thirty of her friends. The music and games made the evening a very enjoyable one.

#### Excellent Performance.

The Palace theatre, Girardville, was crowded last night by a fashionable audience that left thoroughly pleased with the production of "La Belle Marie" by Miss Agnes Herndon and her excellent company. Miss Herndon was at her best and was very effective in the emotional scenes. The company gave the star excellent support and showed much improvement since its appearance in Shenandoah. The play was faultlessly staged and the costuming elaborate. Manager Becker is making his cozy little theatre the leading place of amusement. His policy of giving the best attractions at reasonable prices is establishing a regular patronage from all the neighboring towns.

#### THE WORLD'S FAIR.

Since Saturday evening the contest editor of the HERALD has received the names of several parties who wish to join the teachers' excursion to the World's Fair in July next. The names have been recorded and the applicants will be kept informed of the arrangements for this trip. One of the applicants is a young lady residing at Minersville. She is a school teacher there. This lady says in her letter that she likes the HERALD's idea very much and she would like to go with the excursion because the number who will take part in it will be limited, and necessarily select, and there will be much pleasure in accompanying the victorious teachers of the HERALD's contest. This lady also thinks that the trip to the fair by way of the Niagara Falls will be delightful.

Nearly all who have thus far applied have stated that they will be willing to add a dollar or two more to the expense of the trip in case a slight increase will bring additional enjoyment and comfort to the party.

As it is essential that the HERALD should first have the names of all who wish to take advantage of this great opportunity before the exact cost of the trip can be given, it is hoped applications will be filed without delay.

Applications can be made at the HERALD office in person or by mail. In all cases where inquiries are made by letter a postage stamp should be enclosed for an answer.

The HERALD is now negotiating for hotel rates at Chicago and hopes to be able to give all details on that part of the excursion within a few days.

People who are holding back until the HERALD has all arrangements made for the trip are making a mistake. The list of applicants is being filed now and upon that list will depend the *pro rata* share of the respective excursionists, therefore no one will be enrolled at the eleventh hour, or after the list is completed. Therefore let all who wish to go act now.

#### Interesting Correspondence From the Lively West End Town.

#### THIS TOWN WILL HAVE A BASE BALL CLUB.

#### BUSINESS MEN TO THE FRONT

#### An Organization Was Effected Last Night With Prominent People as Officers and Directors of Management.

MEETING held last night in the Columbus Club rooms resulted in the formation of plans that now assure the lovers of the national game of base ball that Shenandoah will have a well trained and uniformed club in the field this season to try and win the championship of the lower anthracite league. The subject has been repeatedly spoken of and discussed during the past few months with no result, but the meeting of last evening seems to have clinched all issues and the formation of a local club is now a certainty.

This club will be put on foot for the national game in this town. The organization has been placed in the hands of business men and prominent citizens who will and are capable of conducting it in a business-like manner and hand it at the end of the season in something like systematic shape. Heretofore there has been no system and the clubs have been killed by having too many managers, or none at all.

The result of last night's deliberations was the formation of the following organization: President, B. K. Severn; Secretary, Jas. E. O'Hearn; Manager, Harry Bradigan; Directors, L. J. Wilkinson, M. J. Scanlan, T. M. Scanlan, F. J. Brennan, James McElhenny, George Krick, H. H. Zulick, J. M. Boyer, M. E. Doyle and F. W. McDermott.

It is hoped that the public will give the club its hearty support and enable it to put a team in the field that will cope with the clubs of Ashland, Shamokin, Pottsville, Mahanoy City, Tamaqua and other places so effectively that at the end of the season the championship of the anthracite region will settle in this town.

The players for the club have not yet been decided upon, but this will be done within the next few days and their names will be announced. They will no doubt consist of all home players, as the town has several who, with proper encouragement, can put up a game second to no other club outside the leagues.

In addition to the anthracite league games it is proposed to arrange extra attractions in the shape of occasional games with the National League, Cuban Giants and like clubs of wide repute.

#### THE HINKS CASE.

#### Susan Hinks Called to Trial at Pottsville for Infanticide.

The case of Susan Hinks which caused so much excitement in town a few weeks ago is now on trial before the Pottsville court. Briefly, the case is that the dead body of a male child was found in an outhouse on West Lloyd street. A post mortem showed that the child had been born alive and the inquest led to the arrest of Miss Susan Hinks on a charge of infanticide.

Judge Weidman is presiding at the trial. District Attorney Ryan and Deputy District Attorney Dechtel are representing the Commonwealth. The defendant is represented by W. J. Whitehouse and Charles A. Snyder, Esqs. The jury is composed of the following gentlemen: David G. Gerber, farmer, West Penn; James H. Levan, gentleman, Minersville; Henry Spayde, merchant, Ashland; George F. Dengler, postmaster, Schuylkill Haven; John K. Houser, carpenter, Tamaqua; W. H. Benschinger, merchant, Girardville; Fred. D. Shelly, civil engineer, Pottsville; Edward Christ, laborer, Crosson; Walter Scott, laborer, North Manheim; James Brower, laborer, Tremont; Jacob Laux, undertaker, Tremont; and Jacob Meyer, farmer, Hegins.

Chief of Police O'Hara was the first witness. He testified to the arrest of the accused; that when she was placed in the lockup she wept and said she was a single woman, and not the mother of the child.

Dr. Stein testified that the child was fully developed and as healthy a specimen as he had ever seen. A hydrostatic test of the lungs showed that the child was born alive.

The case is still on.

#### ASHLAND AROUSING.

#### Interesting Correspondence From the Lively West End Town.

ASHLAND, May 8.—This town was made lively on Sunday by visits from people of Shenandoah and other towns in that part of the county. Among the faces observed on Centre street were those of Dr. Bordner, O. A. Keim, Hesser Zulick, George H. Krick, and Mr. and Mrs. James Grant.

Unfortunately the Schuylkill Traction company has not yet got its lines and connections in proper shape. If the running time was a little quicker and less time was lost at the turnouts Ashland's streets would be crowded every Sunday by visitors. The Traction company will also soon realize that the trailers are not adaptable to the road. They are complete failures. They reduce the running time and are very uncomfortable.

Capt. J. F. Bailey spent all of Sunday traveling from one part of the electric road to the other and it is said that he will have a number of reforms to recommend at the next meeting of the board of directors.

That report about "Ham" Tiley becoming chief of the Traction company's police force was a clear cut fake. Tiley is satisfied with his position on the Evening Telegram staff. He is preparing an anniversary edition of the daily which he says will outdo all efforts of the city papers.

The work of remodeling the opera house will begin next week.

The hall which the P. O. S. of A. camp are erecting on Centre street is nearing completion. In addition to lounge rooms it will have a large hall for public meetings and balls.

Representative John X. Deneb has just returned from St. Marys, Pa., where he attended an alumni reunion and was presented with a valuable gold watch and chain.

Two strangers were seen alighting from the Miners' Hospital carriage on Centre street, Sunday afternoon. They were suspicious looking characters and lost no time in leaving the town. It is said they were two Pinkertons looking for some of the trout and bear catches of Dr. Riddle's fishing and hunting expeditions of which Sam Loeck says so much.

Editor T. N. Burke, of the *Mt. Carmel News*, spent Sunday afternoon here. He believes the Mt. Carmel electric line will eventually connect with the Schuylkill Traction company's road, but has little hope of seeing a line completed from Mt. Carmel to Shamokin. He does not think it would pay.

#### Imitators and Impositors.

The unequalled success of Alcock's Porous Plasters as an external remedy has induced unscrupulous parties to offer imitations, which they endeavor to sell on the reputation of Alcock's. It is an absurdity to speak of them in the same category as the genuine porous plaster. Their pretensions are unfounded, their vaunted merit unsupported by facts, their alleged superiority to or equality with Alcock's a false pretense. The ablest medical practitioners and chemists and thousands of grateful patients unite in declaring Alcock's Porous Plasters the best external remedy ever produced. Beware of imitations, and do not be deceived by misrepresentation. Ask for Alcock's, and let no solicitation or explanation induce you to accept a substitute.

#### "Queen Esther."

"Esther, the Beautiful Queen," a cantata in five acts which was produced at Mahanoy City with great success last week, will be produced at Ferguson's theatre on Thursday evening by the M. E. church choir of Mahanoy City, assisted by popular soloists and choruses under the auspices of the Shenandoah M. E. choir, for the benefit of the new Shenandoah M. E. parsonage. One hundred people in Eastern costumes will be a feature of this production. The advance sale of seats is already very large.
