IT WON'T DO, GIRLS.

Two-thirds of the stenographers and type writers in the country are women. They are quicker and better manipulators with the type writing machine than men and more tractable office assistants.

The reason is that the girls are not ambitious to excel or to strive for the highest place. They think more of marrying and escaping work altogether than of perfecting themselves in their trade.

Then, too, the conditions of life are growing constantly harder. With the best intentions not all married men can support their families as they wish. Ten dollars is necessary to maintain a respectable appearance.

Worst Case of Scrofula the Doctors Ever Saw

Completely Cured by HOOD'S SARSAPARILLA.

"When I was 4 or 5 years old I had a scrofulous sore on the middle finger of my left hand, which got so bad that the doctors cut the finger off, and later took off more than half my hand. Then the sore broke out on my arm, came out on my neck and face on both sides, nearly destroying the sight of one eye, also on my right arm. Doctors said it was the worst case of scrofula they ever saw. It was simply awful! Five years ago I began to take Hood's Sarsaparilla. Gradually I found that the sores were beginning to heal. I kept on till I had taken ten bottles, ten dollars' worth. Just think of what a return I got for that investment! A thousand per cent! Yes, my thousand. For the past 4 years I have had no sores. I

Work all the Time.
