THE SOUTHERN FLOODS.

Nearly Half of Arkansas City Under Water.

MANY LIVES REPORTED IN DANGER.

Over 700 Feet of the Levee Washed Away Letting the Waters of the Mississippi Overflow the Low Lands—Several Houses Completely Wrecked—No Loss of Life Thus Far Reported.

MEMPHIS, May 12.—A special dispatch from Greenville, Miss., last evening concerning the flood, was to the effect that the break in the levee had steadily increased in width during the day until a gap over 700 feet wide had been washed out through which immense volumes of water was rushing at a terrific rate, flooding to a great depth the lowlands both up and down the river on the Arkansas side.

The damage that has already resulted from the broken levee is almost beyond calculation and is by far the most extensive that has been known here in the past twenty-five years. Whole plantations are entirely submerged and the crops completely ruined. If the break in the levee continues to increase in width during the next twelve hours as it has in the past twelve, considerable loss of life must necessarily be the result, as it will be impossible for all the families living along the river to escape by removing to higher ground.

The water from the broken levee reached Arkansas City at an early hour this morning and at least half of that place is now under water to a depth of from one to two feet, and the water is still rising.

A number of small towns below here have suffered severely as a result of the flood and several houses occupied by colored families employed on a large plantation nearby opposite this city have been swept away together with all their contents. The families escaped in boats before the water became so deep as to wreck their homes.

Considerable uneasiness is felt at the present outlook and many of the occupants of houses on the bottom lands across the river have moved their families and household effects to higher ground in anticipation of more serious results than have already been experienced.

HE MADE BAD USE OF THE MAIL.

Jephariah S. Ayer Arrested on a Very Serious Charge.

NEW HAVEN, Conn., May 12.—The mystery surrounding the presence of Anthony Comstock, who has been in this city for the past two or three days, was cleared up yesterday. Jephariah S. Ayer, of Norfolk, was arrested by United States Marshal Strong in Norfolk on a complaint made by Mr. Comstock, who is now a post-office inspector.

Ayer, who is the son of a prominent New York business man, and figures prominently in the Norfolk society, was charged with sending obscene letters through the United States mails to a New York gentleman named Rose, who is connected with the New York Central railroad. Ayer was taken before United States Commissioner Wright and sent to jail in default of \$1,000 bonds. The hearing was set down for tomorrow afternoon.

THE Hibernian Convention.

NEW YORK, May 12.—National Delegate John J. Patton, of Boston, presided at the third day's session of the annual convention of the Ancient Order of Hibernians in Tammany hall yesterday. There was a large attendance. National Delegate Patton then made an address which was warmly received and made his report to the committee. From Merchant and Customer THE SAME GLAD CRY, "IT MADE ME WELL."

Dr. David Kennedy's Favorite Remedy, of Rondout, N. Y., the sale of the Country.

Mr. W. F. Johnson, the leading merchant of Gainesville, N. Y., said today: "I have taken over 500 doz. of Dr. Kennedy's Favorite Remedy, and have never had a bottle returned or a fault found with it. One of my customers paid his doctor \$25 and was then no better, took a bottle of Kennedy's Favorite Remedy and it did him more good than the physician's long treatment. He then bought six bottles of mine and was well long before they were used up."

Such words as these must impress the sick or ailing one.

Three years ago I was troubled with Bright's Disease. The best Doctors said I could not live three months. Then I commenced using Dr. Kennedy's Favorite Remedy and I am now well. C. L. REAVER, Birmingham, Conn.

I was afflicted with a tumor above my right eye. Kindness physicians said there was no help for me. I began at that time to use Dr. Kennedy's Favorite Remedy and the tumor soon entirely disappeared and my vision was restored. W. M. CARROLL, Fort Lauderdale, N. Y.

If it were not for Dr. Kennedy's Favorite Remedy I think I should die from constipation. Kennedy's Favorite Remedy gave me an appetite, produced refreshing sleep, and cured me of a nervous affection I had for years. It is a tonic, and I could not live without it.

MR. HOGE IS SATISFIED.

His Appointment as Consul to Amoy Just Suits Him.

THE VIRGINIAN MUCH SURPRISED.

To learn that he had been selected to succeed Dr. Redden—Why Mr. Hoge was given the coveted plum—the Rebels win in Nicaragua and take possession of the Government.

WASHINGTON, May 12.—Advises to the state department are to the effect that the Nicaragua revolution has been entirely successful. The old government is overthrown and the rebels are in possession. The Nicaragua minister called on Secretary Gresham yesterday and stated that he had received similar information.

The rebels, or as they may now be termed, the successful revolutionists, have possession of the capital and are in authority over the Nicaragua canal.

There is no apprehension that the new government will act adversely to the interests of the canal or its property, but, as a measure of precaution, orders have been sent to the Atlanta to hasten to Greytown with all possible expedition.

The Nicaragua minister is of the opinion that the change of government will not operate injuriously to American interests there. As yet there is no information as to the personnel of those in authority or what sort of temporary government has been erected.

It is supposed Hoge, of Virginia, who was yesterday appointed consul to Amoy to succeed Dr. Redden, of Philadelphia, was more surprised at the announcement than anybody else. Some weeks ago Mr. Hoge was introduced to the president by Congressman Buchanan. Without any circumstance Hoge asked for the China consul-generalship. He had filed papers for a consulship that had that day been bestowed upon another applicant, and Hoge suggested that the China consul-generalship would satisfy him.

The president looked at him with surprise depicted upon his countenance and inquired significantly if something of less importance would not be acceptable. This suggestion and the manner of the president offended the dignity of the Virginia gentleman, and he forthwith withdrew his papers. Subsequently the president was informed that Mr. Hoge was a man of greater ability and acquirements than he had taken him for, and upon consideration he was named for Amoy. Mr. Hoge says he is entirely satisfied.
